DINGO K9-3 / K9-4

FEATURES AND BENEFITS OVERVIEW

- **Narrow frame for ease of access**
- **Soft touch operator controls for greater control**
- **Solid operating platform for greater stability**
- **Low engine noise for greater operator comfort**
- Versatility with compact size and high performance levels
- Adaptable to suit your individual needs
- Quick hitch system for less down time
- Versatile on both large and small projects
- All Wheel Drive – power to each wheel for greater manoeuverability
- Impressive lift height that allows for loading most small trucks

Attachments

- **BUCKET 4 IN 1** - It's a Bucket, a Blade, a Grab and a Leveller!
- **Post Hole Digger** - Able to dig holes up to a 450mm diameter and a depth of at least 1.5 meters
- **Trencher** - hydraulic system ensures power is transferred to the digging chain
- **Brooms** - used in a variety of environments including car parks, cattle sales yards, shopping malls, mine workshops, parks and gardens
- **Rotary Hoe** - The attachment has a full 1 metre cut and digs approximately 150mm.
- **Leveller** - The Dingo Leveller does exactly what its name implies.. Makes levelling easy.
- **Standard Bucket** - The Dingo Standard Bucket is a great tool for shifting and loading loose material
