Stockdale & Leggo Essendon
Attention: Mr. Brent Hartigan

After using two other agents, we engaged Brent to sell out apartment in Maribyrnong.

We were unsure as to how successful he would be given two other agents had attempted, but not managed to sell the property. However, right from the start we could see Brent was different. He engaged with us well, he worked tirelessly every week with opens and also organized private inspections. He followed up queries and he always provided us with opportunities for input in the sales process.

At all times we felt like Brent was working for us with our best interests at heart. In the end, Brent achieved what the previous agents could not - a sale at a price that made us very happy.

I would not hesitate to recommend Brent to other property owners who are looking to sell.
