Reason there are fewer than three comparable properties

X **I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.**

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

No comparable sales have been selected because there have been no recent sales close to the property's land size. At almost double the size of other recent land sales nearby, 1 Hayes Avenue isn't a fair match for any of them. Some of those sales also came with approved plans or permits, which adds value and changes how buyers price a block. 1 Hayes Avenue is being sold without plans, so comparing it to those properties wouldn't give an accurate picture of its value. The indicative selling price has therefore been based on the property's land size, position and potential, with reference to wider land values and current buyer demand in the area.

Sale Outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
