Reason there are fewer than three comparable properties

☒ **I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.**

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

[*Insert N/A if there were three comparable properties*]

In preparing the Property Price Statement for the above-mentioned property, I was unable to identify three comparable properties that met the relevant criteria within the required timeframe. The subject property forms part of an uncompleted apartment complex, which limits the availability of directly comparable sales. As the development has not yet been completed, there are no sufficiently comparable sales available that accurately reflect the subject property's characteristics, configuration and current market position. As a result, the Property Price Statement includes 0 recent comparable sale(s), if available, that were considered the most relevant comparisons based on the available sales data and the characteristics of the subject property. This approach complies with the intention of providing a fair and

accurate market context based on the most relevant available data while taking into consideration the uncompleted status of the apartment complex and the limited availability of comparable sales.

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
