Reason there are fewer than three comparable properties

☒ **I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.**

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

[*Insert N/A if there were three comparable properties*]

There are currently fewer than three suitable comparable properties available due to the limited number of recent sales that closely match the subject property in terms of location, land size, property features, condition, and overall characteristics. The available sales do not provide sufficient directly comparable evidence to confidently establish a likefor-like comparison at this stage. As a result, the assessment has been based on the most relevant available market evidence, taking into consideration the subject property's individual features and current market conditions.

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
