Reason there are fewer than three comparable properties

☒ **I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.**

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

[*Insert N/A if there were three comparable properties*]

No comparable sales have been selected because no suitable sales were available. A thorough search of sales over the past six months found no two-storey homes on a land size of approximately 1,078m² with water views of the bay. The only recent sale on a similar land size was 5 Avalon Road. However, this was a brand-new build and does not offer views and is not a fair comparison, as buyers value a newly constructed home very differently from an established property. Including it would not accurately reflect the property's market value.
Properties of this size, style and bay-view position are rare in the area and appeal to a specific buyer. The indicative selling price has therefore been determined based on the property's land size, home, features and water views, with reference to broader market activity and current buyer demand.

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
