AUSTRALIAN MILITARY FORCES.

AMR & O.1587. Routine Orders Pt.1. by,

CAPT. W. E. BIGMORE, O.C. 10th Aust.A.A.Battery.

MONDAY, 18th January,1943. Serial No.14.
No's 44 [illegible]

44. DAMAGE TO WIRELESS SETS.

1. A.C.F. Representative has complained that numbers of Wireless Sets provided by A.C.F. for AA Units are being damaged through carelessness and mishandling.

2. Attention of all ranks is to be drawn to the necessity for care in use and handling of these loan sets.

3. Attention of all ranks is to be drawn to the following :-

(1) As from 1 Jan any Wireless Sets damaged in any respect by Unit personnel will NOT be replaced or repaired until the cost is paid by the personnel responsible to the A.C.F. representatives.

(2) Any evidence of continued lack of care in use and treatment of these Wireless Sets will result in the sets being permanently withdrawn.

(3) No further warning will be given.

45. UNAUTHORISED INTERFERENCE WITH EQUIPMENT.

1. Several cases have occurred recently where minor defects in technical equipments have been converted into major defects by unskilled attempts at repair by unauthorised personnel. In particular, clocks and watches which should have been repairable have had to be condemned as unserviceable because unskilled tampering has aggravated the original damage or caused further breakage of sound parts.

2. As spare parts for certain instruments, particularly watches and clocks, are almost unobtainable, such tampering results in loss of equipment.

3. Previous orders forbidding the repair of technical equipment of all kinds by unauthorised personnel will be strictly enforced.

46. PUBLICITY CONCERNING ESCAPED PRISONERS OF WAR.

1. Members of the A.M.F. will not, unless authorized by the Commander-in-Chief, publish in any form whatever, or communicate, either directly or indirectly, to the press or radio any account of the escape of any person whatsoever from enemy or enemy-occupied territory or of the experience of such person prior to repatriation.

2. Experience has shown that publicity of this character furnishes valuable information to the enemy and will jeopardize future escapes of Australian and Allied prisoners of war.

47. BROADCASTS OVER ENEMY WIRELESS BY AUSTRALIAN PRISONERS OF WAR.

A member of the Military Forces who becomes a prisoner of war will not transmit messages over enemy wireless. The enemy's design, in arranging such broadcasts, is to enhance his own propaganda.
