2. DISCIPLINE AT CAMP RECREATIONAL HALL.

The practice of personnel leaving the hall within a few minutes of the conclusion of a programme is viewed with concern. Not only is this an act of discourtesy but prevents those remaining from hearing or seeing the remainder of the programme.

This practice will cease forthwith. Troops will remain in their places until after the playing of the National Anthem at the conclusion of which they will file out in an orderly manner.

N.C.Os. on duty will be instructed to take disciplinary action against personnel who fail to observe this instruction.

2. DRESS

It has been noted that there is a growing tendency among personnel to wear pullovers and sweaters in lieu of jackets on all occasions.

Pullovers and sweaters are only to be worn in camps or training areas and then only when ordered. They are on no occasion to be worn when the wearer comes into contact with or under the notice of the public, and the practice of these garments being worn when in towns or cities or when away from camp or other duty on leave is forbidden. Units are to issue instructions to ensure that this order is given effect to.

Personnel doing duty at Anglesea Barracks are not considered to be in a camp or training area.

3. (G.R.O. A.25) PUBLICITY CONCERNING ESCAPED PRISONERS OF WAR.

1. Members of the A.M.F. will not, unless authorized by the Commander-in-Chief, publish in any form whatever, or communicate, either directly or indirectly, to the press or radio any account of the escape of any person whatsoever from enemy or enemy-occupied territory or of the experiences of such person prior to repatriation.

2. Experience has shown that publicity of this character furnishes valuable information to the enemy and will jeopardize future escapes of Australian and Allied prisoners of war.

AUSTRALIAN WAR MEMORIAL AWM2020.71.2580

ROUTINE ORDERS (Continued)

4. (G.R.O. A.26) BROADCASTS OVER ENEMY WIRELESS BY AUSTRALIAN PRISONERS OF WAR

A member of the Military Forces who becomes a prisoner of war will not transmit messages over enemy wireless. The enemy's design, in arranging such broadcasts, is to enhance his own propaganda.

5. (G.R.O. A.27) CASUALTIES AFFECTING PAY.

No action will be taken to amend pay book rates consequent upon promotions, remissions of fines or remissions of forfeitures until receipt of the relevant Routine Part II Order from Records. Office.

6. (G.R.O. O.36) CARE OF HAND TOOLS.

1. Demands for replacement of hand tools indicate that wastage is unduly high.

2. An acute shortage of these tools exists. Many types are not manufactured locally and have to be imported from overseas. It is essential, therefore, that all ranks be impressed with the necessity of ensuring that wastage is reduced to a minimum.

3. Care is to be taken that tools are used only for the purpose for which they are supplied.

4. Unit commanders and officers or other ranks in charge of workshops, etc., are to take all action necessary to ensure that these instructions are observed by personnel under their control, and that appropriate steps are taken to ensure the safe keeping of hand tools on issue.

7. (G.R.O. O.30) MAXIMUM PERMISSIBLE SPEED OF VEHICLES

1. Training:-

(a) The following are the maximum speeds permitted on any surface for the vehicles mentioned. These speeds are not to be exceeded unless absolutely necessary for the purpose of field training, or as ordered by a responsible commissioned officer. In such cases, the work ticket is to be endorsed accordingly.

Type of Vehicle	Max. speed in m.p.h.
Cars, motor cycles and combinations	45
Trucks, 4 x 4, 5-cwt. (Jeep)	45
Vans and trucks, 12 to 15-cwt.	35
Vans, 1-ton, lorries and trucks up to 3-ton, except 6-wheeler	30
Lorries and trucks, stores, 3-ton loaded	25
Lorries, 6-wheeler and semi-trailers	20
Lorries or trucks, S.B.G.	20
Lorries or trucks, F.B.E.	20
Lorries or trucks, water tank	25
Trailers -	
Cooker	15
Water tank	20
Two-wheeled, air compressor	20

(b) Army drivers are subject to the traffic regulations of the State authorities, and must observe all the rules of the road and obey orders and signals from traffic police and members of the Provost Corps.

2. Operational:-

It is emphasised that the above speeds do not apply in operations against the enemy. When in or near contact with the enemy, vehicles will move at a speed dictated by the tactical situation.

3. Convoys:-

Particular attention is directed to the calculation of time tables when preparing operation orders. It must be remembered that the average road speed is necessarily below the maximum permissible. (Reference F.S.R. and Military Training Pamphlet No.47)

AUSTRALIAN WAR MEMORIAL AWM2020.71.2580

4. General:-

Armies, Corps and H.Q. L. of C. Areas are responsible to ensure that traffic is properly policed in their areas and will instruct the Provost Corps to see that traffic laws, both Army and Civil, are observed.

The necessity for prompt disciplinary action in the case of breaches of this instruction is stressed.

5. Cancellation:-

This order cancels -

(a) Standing Orders for the Operation and Maintenace of Mechanical Vehicles (Australia) 1940 - para. 42.

(b) M.B.I. O.39/1941.

(c) M.T. Circular No.88 of 28th October, 1940.

(d) G.R.O. Q.23/1942,

and is to be periodically brought to the attention of all ranks concerned in the operation and maintenance of mechanical vehicles.

NOTES:-
The reason for the reduction in the figure of estimated completeness of training is due to the drafting of approximately 70 personnel to this unit from other units prior to departure from Tasmania. These men came from all arms of the service and have had a reasonable grounding in general military training, but have had no sapper training as yet.

TRAINING REPORT

Month of December - 1942.

1. The syllabus as laid down for December was closely adhered to.

2. (a) The first week was devoted to general maintenance and repair of equipment.

(b) The second week covered a bivouac combined with bridging and well boring.

(c) The third week was devoted to maintenance of gear and well sinking at Pontville.

(d) The fourth week covered revision of tebhnical subjects (see later).

3. Detailed Analysis.

(a) 1st Week. All section gear was overhauled, maintained and repaired. The bridging gear held by 8 Army Troops, at Pontville, was repaired and painted.

(b) 2nd Week. Each section, in turn, carried out the following:-

(i) A two-day bridging camp at Richmond in which 200' of Mk IV pontoon bridge was thrown across at night. Average time 2 hours.

(ii) Two days in Brighton on regimental work and fatigues.

(iii) A two day bivouac at Cambridge to train in the use of spear point pumps, and involving night work.

(c) Third week. Maintenance continued on bridging equipment and sinking a well at Pontville. Rock was struck at 3' 0" jack hammers and explosives being used to 20' Yield was only 12 gallons per hour and this was only seepage from river. Training was gained, however, in the technique of well sinking.

(d) Fourth Week. Revision of subjects which most needed repetition, namely:-

Water Supply	3 hrs
Anti Gas	1 hr
Weapon Training	4 hrs
Map Reading	3 hrs
A/Tank Mines	3 hrs
Demolitions	3 hrs

4. Owing to the necessity for painting the bridging equipment, only about 25% of the month was spent in technical training.

5. However, interest in the practical work was keen.

QUESTION AND WARNING TO THE ACCUSED.

Do you wish to make any statement or give evidence upon oath? You are not obliged to say anything or give evidence unless you wish to do so, but whatever you say or any evidence you will give will be taken down in writing and may be given in evidence.

ANSWER. - " I wish to give evidence on oath."

EVIDENCE OF THE ACCUSED.

The accused T 27950 Spr. FURLEY, Arnold Herbert, being duly sworn gives the following evidence:-

I was granted Home Leave until 18 October 1942. On 17th October 1942, as I was going to the station to return to camp, my wife who was accompanying me, and who was an expectant mother, suddenly took ill. I rushed her to hospital at Latrobe. A little while after I learned that hemorrhage had set in. I got Sgt. Seagers of the V.D.C. to telegraph the O.C. of the 12th. Aust. Fd. Coy. R.A.E. asking for an extension of leave because of my wife's illness. I was granted three days extra, but my wife's condition was worse than when I took her in. I stayed at Latrobe, and visited the hospital daily often not being able to see her.

I was suffering at the time from internal hemorrhage, and on 19th. Nov. 1942, I saw Capt. Stevens in the Latrobe Hospital, who prescribed treatment, and sent a sick report to my Unit. I called occasionally to get fresh supplies of linament. I wrote to Major Davey on 11 Nov. 1942, and described the position about my wife and myself, and asked for an extension of leave.

On 25. Nov. 1942, the child was born - I produce Birth Certificate (Marked "B1"). My wife was suffering from shock. She was released on the 21 Dec. 1942, and I took her home. In the afternoon the Provosts picked me up, and I returned to the Unit. I produce Discharge Certificate from the Devon Hospital Marked " B2", also the Hospital Account marked "B3".

The evidence is read over to the Accused.

2. DESERTION

1. It is notified for general information that DCM's convened by G.O.C. 1 Aust Div have within recent weeks dealt with a considerable number of cases of Desertion.

Among the sentences imposed are awards of DETENTION FOR ONE YEAR on each of the following:-

Pte G.T.FROST, 1 Aust Div Conc Gp. (4 days' absence).
Pte W. PETERS, 1 Aust Div Conc Gp. (41 days' absence).
Pte H.T.IRWIN, 34 Aust Inf Bn. (289 days' absence).
Pte. C.O.ARCHER, 1 Aust Div Conc.Gp. (23 days' absence).

2. The offence of desertion is far too frequent within the Div., especially in cases where personnel go AWL after being warned for draft for operational areas. If the position does not improve consideration will be given to convening GENERAL COURTS MARTIAL to deal with these cases so that more severe sentences may be imposed.
