My Dear Byrel –

Still another pretty card from Castle Bromwich – How I should like to be walking in such a pretty lane as the one on this card, with mother & my two little girls – Dont you think it is a very pretty spot – In England, during Spring & Summer, scenes such as this are plentifull, but in the winter it is a very dreary place just at present every thing is covered up with snow, & it is awfully cold – I hope this finds all well & contented at home sweet home – Au Revoir with heaps of love & kisses from your ever loving
