335. INCLUSION OF UNAUTHORISED ITEMS IN KITS DEPOSITED IN KIT STORES.

A serious fire which recently occurred in an Aust Kit Store, resulted in the total destruction of many thousands of kitbags and their contents, and partial loss of the contents of many others.

During the fire violent explosions occurred which indicate that ammunition had been deposited in kits. These explosions interfered with the fire fighting and added to the spread of the conflagration.

This flagrant disregard of instructions has led to the destruction not only of a large quantity of Govt Property but also the personal possessions of troops which were left in their kits for safe keeping. The loss to the individual soldier is to be deplored and is viewed with grave concern.

Attention is directed to para 2 (c) of GRO Q178/42 which reads :-

> "No inflamables, explosives or loot of any description will be deposited in any Kit Store."

Severe disciplinary action will be taken against all ranks where this instruction is not complied with.
