CONSERVATION & RETURN OF STEEL DRUMS

1) To meet the urgent demand of operational and training requirments, action will be taken forthwith by all unit Commanders to ensure the return of all available empty petrol containers - both 4 gall & 44 gall - through normal channels to established depots for cleaning, repairing, refilling and re-issue

2) Particular care will be taken to prevent misuse or mal-treatment of containers. Empty containers will be stacked on bilge 2 to 3 tiers high. Bungs & washers will be replaced securely as soon as containers are empty, thus avoiding losses of bungs and washers and reducing interior contamination and deterioration of containers.

3) All unserviceable rubber washers will be collected and passed to the Salvage organisation (vide GRO 0294/1942)

4) Attention is directed to GRO 0530/1942.

NOTICES

Besides the Concert Party on Tuesday already published, there will be Talkies Screened on Wednesday 7th, and Thursday 8th, under the auspices of the Army Education and YMCA respectively. Particulars of these will be published as soon as received.

CONSERVATION OF PAPER

Preparation of Correspondence:

The following points will be observed -

1) (a) In typing memoranda, preparation and subsequent cyclostyling of wax sheets, both sides of the paper will be used where quality of paper is suitable.
(b) Size of the paper corresponds with the length of the memorandum, e.g, foolscap paper will NOT be used when quarto will fill the requirements.

2) In respect of para 1, it is to be understood that these instructions are to be followed in such a manner as to render the correspondence easily read. No more copies of a circular than are necessary are to be prepared.

3) Waste Paper.-

Examination of waste reveals that much paper is being collected for treatment as salvage which could, in many cases, be stapled and used as scribbling blocks.

3. Forms upon which airgraph letters may be written by senders are available from Army postal orderlies serving with units, from whom further details of the service can be secured by personnel.

4. Normal unit censorship arrangements will apply to airgraph letters lodged by personnel. The franking officer's signature will appear in the lower left hand corner of the form (above the direction 'This space should not be used'). Censorable matter will be obliterated and not excised. The unit censor stamp will be affixed in the space between the address panel and the single printed line directly thereunder; it will be placed as far to the left as practicable.

5. Detailed instructions covering preparation of the letters by senders are set out on the backs of the forms, which will, however, in every case following censorship be passed through unit channels by postal orderlies for onward transmission.

6. If one form be insufficient for the whole of a letter, two or more separate forms may be used, but in such case each form will be treated as a separate letter and a separate fee must be paid for each. Writing must be plain and preferably in black ink, to secure satisfactory photographic reproduction. Use of pencil is not recommended but, if used, it will be a soft black lead pencil; indelible pencil will not be used.

7. Names and addressees of airgraph letters will be written by hand in prominent block lettering (as large as practicable) and will be kept wholly within the panel provided on the form. The full address of the sender and the date of writing will be written at the top of the 'Letter' portion of the form and at the foot of the letter the sender's full name will be written in block lettering followed by the signature.

8. The airgraph letter as delivered to the addressee overseas will be less than one quarter the size of the original lodged by the sender. The need for block lettering as above described and clear writing generally will therefore be readily understood.

V80812 Pte Johnson C.H. By A.W.L. from 1401 hrs 19.8.43

LOSS OF OR DAMAGE TO GOVERNMENT PROPERTY BY FIRE. (GRO Q.586 -13.8.43)

1. The number of fires occurring, particularly in tented camps has res--ulted in serious losses of equipment and is impeding war effort. Many of these fires could have been prevented.
2. O.Cs units will take immediate steps to overhaul fire precautions within their own establishments on the lines laid down in Standing Orders for Army Fire Services (Australia).
3. Particular attention will be paid to the following:-

(a) In buildings, etc., in which smoking is prohibited, notices to that effect will be displayed prominently and the prohibition will be rigidly enforced.
(b) In no circumstances will authority be given for smoking in garages, forage barns or dumps, stables, magazines, in the vicinity of petrol or oil stores, or in any other building in which inflamable materials are stored.
(c) Grass will be kept short in barrack areas, hutments and camps.
(d) Special arrangements will always be made for the storage of petrol, oil and grease. Tins of sand will be kept available in such places, in addition to tins for oily waste.
(e) Naked lights in tents will be kept carefully shielded; candles will be placed in approved holders.
(f) Great care will be exercised when the tanks of vehicles are being replenished. Engines will be stopped and any petrol spilled will be immediately wiped up or liberally sprinkled with sand.
(g) Naked lights or hurricane type lamps will on no account be taken into or used in the vicinity of an inflamable liquid or material store or in power houses, nor will the use of such lamps be permitted when filling petrol tanks or vehicles at night or where there are loose inflamable liquids.

(To be continued) - See Bn R/O. 1406.

Continued from Bn. R/O.1405 of 22.8.43.

(h) Existing and future heating facilities will comply with Standing Orders for Army Fire Services, Sections iv and xi. Particular attention will be paid to the proximity of all heating facilities to such materials as sisal-kraft, fibreen, etc.

(i) The co-operation of all ranks will be obtained to prevent the careless throwing away of cigarette ends, pipe ashes or glowing matches from moving vehicles or in the vicinity of tents or in any place where there is a danger of fire.

(j) Fires will not be lit for any purpose whatsoever in proximity of tents or huts except with the authority of a commissioned officer. That officer will ensure that such fires are subsequently extin-guished. The possibility of change of wind and wind borne sparks will not be overlooked.

(k) Proper maintenance of all fire appliances, vide paras. 19 and 137 to 160, inclusive, of Standing Orders for Army Fire Services (Aust)

(l) AMR & Os.1480, 1481 and 1482 are cancelled. In lieu thereof Standing Orders for Army Fire Services (Australia), notified in GO 51/1942, and such amendments as are issued from time to time will be observed.

DISCIPLINE -LOOTING AND DAMAGE TO PROPERTY. (GRO A.605-20.8.43)

1. The unauthorised damage to, or removal of property, which is commonly known as 'looting', is a serious offence, particularly when committed by members in areas which have been the subject of enemy attack, and the commission of this offence by members is a reflection upon the discipline of their units.

2. C.Os will ensure that any cases coming to their notice of looting by members of their units are promptly investigated and, when the evidence establishes a prima facia case, that either application is made to superior authority for trial of the members concerned by Court martial or those members are prosecuted before a civil court.

3. Attention is also directed to regulation 40a of the National Security (General) Regulations:-

"40a.-(i) In any area which has been subjected to attack by the enemy, whether by means of aircraft or otherwise, or in any area to which this regulation has been applied by order of the Minister of State for the Army, a person shall not -

(a) steal any article from premises which have been damaged by war operations or vacated by reason of attack by the enemy or in consequence of any authorised directions given for the purpose of meeting or hindering any actual or apprehended attack by the enemy or of protecting persons and property from the dangers involved in any such attack;

(b) steal any article which has been left exposed or unprotected as a consequence of war operations;

(c) without lawful authority (proof whereof shall lie upon him) enter any premises; or

(d) damage any property, assault any person, or be found with any offensive weapon or housebreaking instrument, with intent to commit any offence punishable by imprisonment.

(1a) Any person who, without lawful authority, receives or has in his possession any article referred to in sub-regulation (1) of this regulation, knowing the same to have been stolen, shall be guilty of an offence.
