In accordance with these orders a dismounted party consisting of approximately 12 officers and 230 other ranks marched to KEMMEL RIDGE where they dug themselves in. From information received British troops were supposed to be holding a line in front of our position but after patrols had been sent out it was discovered that our position was actually the front line, the troops supposed to be in front either evacuated or had been annihilated, we inflicted heavy casualties on the enemy whilst in these positions and also captured a few prisoners

27 Orders were received to withdraw to near HALLEBAST CORNER this completed and men obtained a nights rest. Sqdns were shelled out of their bivouac which necessitated digging in

Here the troops were disposed along the ARDRE river under cover of the timber S.W of CHAUMUZY. On receipt of a message from Lt Gordon to the effect that our infantry line skirted CHAUMUZY and that he encountered M.G fire from 2155, 2723, a troop under Lt Nott was immediately dispatched to advance through BOIS DE ROUVROY and approach BLIGNY from the east. At the same time Sgt. Stevenson with one troop was sent to move W of CHAUMUZY through HALLEBARDIERE - LES - LOGES - LA MONTAGNE DE BLIGNY. These patrols moved out at 5.50 pm. At this time we were operating in front of our infantry line and in touch with them. Lt Gordon reported that he was holding a line running approx from B in BOIS DE ROUVROY to final E in HALLEBARDIERE. By 6.30 pm we had gained touch with the 97th Infty Regt. (French) on the right at B in BOIS de RHEIMS (34 sheet RHEIMS) On receiving information from Corps plane

and patrols that the enemy was retiring on BLIGNY, Major McLeish with the remainder of the troops moved up to 215.2 – 272.2 (MIN de CHAUMUZY)

The left troop reported being heavily fired on by M.G. from a position on the ARDRE river. Lt Ford was sent to reconnoitre the road and crossing over the ARDRE and on his report being received one troop was dispatched to assist the left troop

Lt Apps had meanwhile been sent to work along the right bank of the ARDRE river towards BLIGNY He however finding it impossible to advance with one troops another troop under Sgt. Smith was ordered to work on his right. Lt Gordon now reported the capture of a 77 mm field gun 500 metres N of MIN DE CHAUMUZY on BLIGNY – MIN DE-CHAUMUZY road.

The right troop has reported that they were held up one Kilometre E of Y in BLIGNY. The left troop succeeded in reaching the crest of MONTAGNE-DE-BLIGNY in spite of strong opposition and found the enemy in force on the reverse slope.

Several Uhlans were seen. at 7.36pm the reserve squadron (our)

under Mjr Mitchell were ordered to join Mjr McLeish at his H Qtrs.
By 8.25 pm the line MONTAGNE-de-BLIGNY had been reached and the troops were held up by enemy M.G's. At this time we were being strongly engaged at all points. At 8.50 pm two O.M.R. troops were ordered to advance directly on BLIGNY. between the right troop at 218.8, 273.4 and Sgt. Smith and Lt Apps engaged along the right bank of the ARDRE RIVER at 9 pm the left troop reported that they had been pushed back from crest of MONTAGNE de BLIGNY but had taken up a position on the slope. About this time there was heavy fire, shelling in bursts on forward ~~slope~~ H Qtrs. Our line at 9.18 pm ran from 500 metres E. of BLIGNY, thence along roads to X roads on CHAUMUZY-SARCY road about one kilometre from CHAUMUZY thence N.W. to 216.3 - 272.4
The left partol reported enemy in force on left. At 9.30 pm all the troops were engaged except one troop of O.M.R. which was kept in reserve and Touch had been lost with our infantry in rear.

who had made no attempt to Co-operate and no communication was maintained until Major Williams went at 11 pm to explain the situation. He was able to meet the C.O. 2/4 Btn Hampshire Regt. and the latter Regt. commenced to relieve us from BLIGNY to the ARDRE river.

Frequent patrols failed to get in touch with French or Italians on the left of the sector, until contact could be gained with our own infantry on left of ARDRE RIVER. By 12-30 AM our line was relieved from right flank to the ARDRE RIVER by Duke of Wellington's Regt. & 2/4 Hamshires. At 2.15 AM owing to very heavy shelling, the men and horses were moved back to the position formerly occupied in rear of CHAUMUZY, forward H.Q. alone remaining. Touch was obtained with 51st Div on the left and by 3.45 AM they had relieved our left flank taking up positions 400 metres in rear of those occupied by the 11th Troops at daylight on 28th. Lt Delany and 28 other ranks moved forward to keep in touch with the infantry and supply patrols for AUBILLY-SARCY-CHAMBRECY. At 4.55 AM owing to increased shelling forward H.Qrs

were moved back to the position formerly occupied by the troops.

Lt Delaney reported at 5.26 am that it was impossible to make any progress northward, until BLIGNY had fallen also that there was heavy fire from the eastern slope of MONTAGNE-de-BLIGNY. At 7.15 am. a report was received to the effect that the Mounted troops had entered BLIGNY at 6.30 AM. The right patrol reported at 7.30 AM that BLIGNY had been occupied by our troops who were continuing to advance on the ridge N.E of BLIGNY. Report was now received that our infantry were falling back on MONTAGNE DE BLIGNY before a strong enemy attack, at 9.30 AM Lt Stewart who was attempting to work round W. & N.W of MONTAGNE DE BLIGNY with his troops reported that he was unable to cross the hill owing to heavy M.G. fire. At 10-15 AM a patrol report was received that one patrol had gone 500 metres due N. of BLIGNY

During morning enemy shelling of CHAUMUZY increased and patrols reported enemy attack may be expected on this sector. Touch was obtained by mounted troops between French

and 6th Black Watch. 7th Gordons who were waiting to advance at 5.30 pm 28th in accordance with instructions received troops were moved to a position South of POURCY and advanced H.Qrs. to MARFAUX. Lt Apps after patrolling sector from the ARDRE RIVER to MONTAGNE-DE-BLIGNY report at 6.55 pm that he had been informed by our infantry that all their objectives had been obtained and consolidated, he also reported BLIGNY in the hands of our infantry.

At 4 AM two patrols under Lt Nott moved off in the direction of AUBILLY and SARCY to get in touch with the enemy and report on the situation, reported at 8 AM that left patrol was in touch with enemy one Kilometre S.E of Y in SARCY that at 6.45 AM our line ran from 300 metres N. of BLIGNY to the forward slope of MONTAGNE-DE-BLIGNY and that the enemy was holding this sector with a large number of M. Guns. Lt Notts next report stated that his left patrol was held up at 10.25 AM by heavy trench mortar and M.G. fire from direction of SARCY. All patrols had now withdrawn to infantry line. The

patrol in touch with the infantry on MONTAGNE DE BLIGNY reported that at 6.20 pm an enemy counter attack was expected at any moment

At the same time about 30 enemy were seen to be retiring from N.E. side of BLIGNY in a N.W direction. Small patrols were sent to reconnoitre the small woods on both sides of the ARDRE river and reported that at 6-10 pm they were clear of the enemy. At 7.35 pm the situation was unchanged and shelling had decreased. At nightfall all patrols were withdrawn and returned to the Regiment. A state of readiness was constantly maintained but no further orders were received and on 31st July the Regt. withdrew to BOIS-DE-TALMA in the vicinity of ST IMOGES
