TATURA INTERNMENT GROUP

ROUTINE ORDERS NO. 134. PART I.

BY LIEUT. COLONEL J. W. MEDDEN, COMMANDANT TATURA INTERNMENT GROUP

13th MAY, 1945.

ROUTINE. 1. As per Group Standing Orders.

Extracts from General Routine Orders dated 11 May '45.

2. 134. ALLOTMENT & DEPENDANTS ALLOWANCE PAYABLE OUTSIDE AUSTRALIA.

1. With the approval of the prescribed authority under War Financial (Military Forces) Regulations, a member may make an allotment to a person resident in any country outside Australia. Where the allottee resides in an enemy or enemy occupied country, the allotment may be dated back to 28th August, 1944, provided that this does not place the member's pay account in debit.

2. Where a member has made an allotment of not less than that standard rate, dependants allowance will be payable, in accordance with War Financial Regulations -

(a) where the allotment is payable in a country forming part of the sterling area - to any person dependant on the member; or

(b) where the allottee resides in a country other than a country included in the sterling area - to the wife or children of the member and not to any other dependant.

3. If the allottee resides in a country where it is not possible to effect payment of allotment and dependants allowance, either because of the conditions set out in National Security (Exchange Control) Regulations or for any other reason, the amount of such allotment and dependants allowance will be held in trust until payment becomes practicable. Any member may cancel such an allotment at any time before payment is actually made to his allottee and, in that case, the accumulated amount of the allotment will be credited to his pay account. In such circumstances, no dependants allowance will be payable.

4. In this order, the words "sterling area" have the same meaning as in National Security (Exchange Control) Regulations, namely :-

"All parts of His Majesty's dominions (except Canada and Newfoundland), and includes all territories in respect of which a mandate on behalf of the League of Nations has been accepted by His Majesty and is being exercised by His Majesty's Government in the United Kingdom or in any dominion, all British protectorates and protected States, Egypt, the Anglo-Egyptian Sudan and every other country or area declared by the Treasurer, by order published in the Gazette, to be included in the sterling area, but does not include any country or area so declared not to be included in the sterling area.".

5. The following areas have been included in the sterling Area :-

Iceland
Faroe Islands
Iraq.

4. ORDER OF THE DAY by Gen. Sir THOMAS BLAMEY, C in C, A.M.F.

The War in EUROPE ended this morning.

The people of the allied nations lift their voices in gladness and thanksgiving wherever they may be.

Our armies have won complete victory over GERMAN tyranny.

Our allied effort will be concentrated now on the last enemy of civilisation - the JAPANESE. He has been defeated time and time again and now our hosts are already assembling to his complete destruction.

I send greetings and congratulations first to all those of the AIF who fought in EUROPE and the MIDDLE EAST. They took a full share of the strain in the hardest early days and helped to lay the foundation of victory.

Second, I send greetings and congratulations to all ranks of the AUSTRALIAN ARMY. Again they took a full share of the early strain against the JAPANESE, and again their efforts are bearing them on to final victory.

We tender a tribute of comradeship to those who will never return and we vow ourselves anew in their name to compass the final destruction of civilisation's last enemy the JAPANESE.

AUSTRALIAN WAR MEMORIAL AWM2020.71.7838

APPENDIX TO Gp. R.O.'s No. 171 dated 20 Jun '45

Extracts from General Routine Orders dated 15th June, 1945

157. AMF PRISONERS OF WAR AND INTERNEES, ETC.

1. For the purpose of the order, a "recovered prisoner of war' means any member of the AMF who has been captured, detained or interned by the enemy and has subsequently been repatriated, exchanged or in any other way released, and includes escapees.

Duty to avoid capture:-

2. Every member of the AMF will, at all costs, endeavour to avoid falling into enemy hands. If, however, a member is taken prisoner, he will obey the directions given in this order which are applicable to all ranks at all times and under all circumstances.

Duty during interrogation by the enemy:-

3. During interrogation, a member will supply his number, rank and name only. He will remain courteous and maintain a military bearing, indicating that the obligations of any soldier precludes his answering any other questions.

Indirect methods of obtaining information.-

4. Every prisoner of war will, at all times, be on guard against carelessness, over-confidence and enemy trickery. Such ruses as the use of agents as nurses or of other agents as bogus Red Cross Officials or prisoners of war will always be expected. Even in conversation with known and trusted friends extreme caution will be shown, as the conversation may be overheard by eavesdroppers or concealed listening devices.

Broadcasts over enemy wireless and enemy propaganda.-

5. A member of the AMF who becomes a prisoner of war will not transmit messages over enemy wireless, except simple messages of the type permitted in correspondence: for example, messages relating to the health of the prisoner of war himself and greetings to family and friends. He will not in any way lend himself to enemy propaganda by taking part in wireless broadcasts (other than for the purpose of transmitting a message of the type described above) or in any other way whatsoever.

Parole.-

6. (a) A member of the AMF when taken prisoner of war or interned by an enemy or neutral power will not give his parole, except a parole of the limited nature described in para 7 of this order.
(b) The term "parole" means an undertaking not to escape given in any form whatever or however described.

7. (a) Parole may properly be given to obtain temporary release from confinement for a few hours on odd occasions for specific purposes: e.g. exercises, recreation or medical treatment. Parole so given will be clearly limited to the period of temporary release.
(b) Parole in respect of a warrant officer, non-commissioned officer or other rank can be given only through a commissioned officer.
(c) The terms of any parole given will be observed with the greatest strictness for the period for which it is given.

Escape:-

8. It is the duty of every Australian prisoner of war and internee to escape at the first opportunity, regardless of any instructions to the contrary issued by or in any prisoner of war or internment camp or by the detaining power and regardless of any reprisals which might be taken against the remaining prisoners of war and internees.

9 (a) Except as provided in paras 10, 11 and 12 of this order, a recovered PW will not give any information in conversation, correspondence, or in any other way whatever to any person regarding the escape of himself or any other person from detention or internment, or about the means whereby he or any other person avoided capture by the enemy.
(b) Such information would be useful to the enemy, would prejudice the chances of others in similar circumstances to escape and would endanger the lives of those who have given help at any stage.
(c) As soon as possible after recovery, every recovered PW will sign an undertaking in the form set out in para 13 of this order. The officer responsible for the interrogation mentioned in para 10(a) of this order will ensure that this is done and will forward the signed undertaking to the nearest 2nd Echelon component for despatch

/2.

AUSTRALIAN WAR MEMORIAL AWM2020.71.7838

to the home Records Office of the member where it will be filed in that member's personal dossier.

Interrogation.-

10 (a) A recovered PW will disclose all details of his escape, evasion of capture, release or recovery to interrogating officers authorised by the Director of Military Intelligence (DMI).

(b) The officers authorised by the DMI are-

(i) Any GSO, Grade I, on army or higher formation HQ.
(ii) Any GSO not below Grade II on corps or div HQ.
(iii) GSO, Grade III (Intelligence), on div H.Q.
(iv) Any officers designated by the abovementioned general staff officers.

(c) Subsequent to interrogation pursuant to para 10 (a) of this order, the Director of Prisoners of War and Internees or, in his absence, the senior "A" Branch officer on the spot acting on his behalf, is authorised to interrogate on any matter other than those referred to in para 10(a) of this order.

(d) No member other than one of the officers listed in para 10(b) of this order will question any recovered PW on any matter referred to in para 10(a) of this order. Nothing in this paragraph will, however, preclude any officer who is required in the course of his duty so to do from interrogating a recovered PW for information relating to missing and prisoner of war personnel and to the locations of any known burials.

(e) The interrogation procedure will conform to LHQ Intelligence Instruction No.22 dated 15 June, 1945.

Lectures.-

11. (a) If a recovered PW desires to lecture on his experiences, he will not disclose any information about his own escape, evasion of capture, release or recovery, or that of any other person, unless the script of the proposdd lecture is first approved by the DMI or his representative.

(b) A recovered PW may, however, lecture on personal matters connected with his detention or internment to War Relatives' Associations and the like, but must exercise the greatest care to ensure that his lecture does not disclose any information which could be useful to the enemy, would prejudice the chances of other prisoners of war escaping or would endanger the lives of those who helped the lecturer at any stage during his escape.

(c) If it is considered desirable for service reasons that a recovered PW should lecture on the means employed by him in his escape, the decision as to the desirability will be made by the Director of Military Training or his representative and the text of the proposed lecture will be delivered to the DMI or his representative for approval and censorship.

Interviews with the Press.-

12 A recovered PW will not give an interview to any broadcasting station or newspaper, or broadcasting or newspaper correspondent or representative, until such time as the interrogations provided under para 10 of this order are completed and unless such interview is conducted in the presence of a representative of the Director-General of Public Relations. Similarly, a recovered PW will not submit for publication or broadcasting any article, letter or account dealing with his experiences unless it is first approved by a representative of the Director-General of Public Relations.

Form of undertaking:-

13 The form referred to in para 9(c) of this order is as follows;-

"I have read and understand the provisions of GRO 157/1945 and I undertake to obey the instructions contained therein in all respect I understand that any breach will render me liable to disciplinary action.

INCOME TAX
D.H.Q. 184/45. 1. This order will operate on and from 1st July, 1945. On and from that date D.H.Q's P.233/44, P.431/44, P.452/44 and 90/45 will cease to apply.

Members required to lodge tax returns.

2. A member on full-time military duty, the total of whose military and private income exceeds £250 during the year ending 30th June, 1945, must lodge an income tax return with the Deputy Commissioner for Taxation in the State in which the member enlisted. Such return need not be lodged by a member serving outside Australia unless his private income earned in Australia exceeds £250.

3. Military income for the year ending 30th June, 1945, means the total of a member's -

(a) active pay (excluding deferred pay) calculated at the rate shown on page 2 of the member's paybook. This will include field, command, responsibility and special allowances and any allowance under A.F.R.O;

(b) subsistence allowance; and

(c) value of rations and quarters at the rate of 2/6d. per day for the period he was rationed and quartered by the Army.

4. A member on whose behalf contributions are being paid by the Commonwealth to the Commonwealth Superannuation Fund will show the amount of such payments as income and should claim in his return for a concession rebate in respect thereof.

Preparation of Returns.

5. Income tax return forms, together with printed instructions may be obtained from pay representatives. The forms should be completed to show full details of private income, military income and particulars of dependants and other items for which rebates are allowable. Particulars of items for which rebates are allowable are indicated on the form.

6. Unless the member lodges a return and shows his military income in fullest detail, the taxation authorities may not be able to grant the exemptions to which he is entitled. He should, therefore, include with his return a separate statement setting out the following information :-

(a) date of embarkation for service outside Australia;

(b) date of return to Australia;

(c) whether the reason for return was injury or illness;

(d) if the member has served outside Australia, his military income for the year ended 30th June, 1945, should be shown under the following headings :-

(i) military income up to a date 90 days after his resumption of duty in Australia; and

(ii) military income after that date.

/2

AUSTRALIAN WAR MEMORIAL AWM2020.71.7838

of his resumption [illegible]

[illegible]

7. The completed return is to be forwarded to the Deputy Commissioner of Taxation in the capital city of the member's State of enlistment. It should be posted so as to reach that address by 31st July, 1945. If the member is in doubt on any point, a letter setting out the full facts should accompany his return.

Income exempt from taxation.

8. The provisions for exemption of military income of a member who embarks for service outside Australia are briefly set out hereunder :-

(a) If a member embarks for service outside Australia and within the 12 months following the date of embarkation, serves outside Australia for a continuous period of 90 days or periods which aggregate not less than 180 days, then, subject to the provisions of sub-para. (d) of this paragraph, income earned by him in Australia as a member of the forces is exempt from tax -

(i) for the income year prior to the income year during which he embarks;

(ii) from the commencement of the income year of embarkation to the date of embarkation; and

(iii) during the period of 90 days following the date of his resumption of duty in Australia on his return;

(b) all military income earned outside Australia is exempt from tax;

(c) a member who dies abroad or who is returned to Australia on account of injury or illness will be entitled to the same exemptions as indicated in sub-para (a) of this paragraph although he has not completed a qualifying period of service therein mentioned; and

(d) a member who serves outside Australia on duty of a special nature or short duration, such as voyage only, inspectional duties, etc., will be exempt from taxation in respect only of such military income as is actually earned outside Australia and will not be entitled to the exemptions mentioned in sub-para (a) of this paragraph.

Embarkation outside Australia.

9. Where, by reason of embarkation for service outside Australia, a member becomes entitled to a refund of deductions made during the period 1st July 1944 to 30th June 1945, it will be necessary for him to make application for such refund to the Deputy Commissioner of Taxation for the State of his enlistment. In such a case the member should state clearly the date of embarkation and disembarkation.

Taxation assessment to discharge.

10. In addition to the information set out in para 6 of this order, a member, after his discharge, should show separately in the statement accompanying his return the amount received by him in lieu of leave and the amount of deferred pay and interest thereon.

11. Where a member, upon final discharge in Australia, is granted pay in lieu of leave, the payment will be treated as a retiring allowance and the member will be liable to taxation only on 5% of the amount so paid.

12. Deferred pay and interest thereon received by a member on his discharge is not subject to taxation.
