Many instances have occured,of soldiers transferred from other units,not having in their possession clothing and equipment shown on the transfer voucher. SALVAGE OF ARMY TIN-PLATE CON-TAINERS. 4. Extracts from A.M.F. Salvage Instructions Vic L of C Area Dated 5 Aug'44, - Nos. 90 to 95.

I.Owing to the urgent necessity to conserve tinplate a plan has been put into operation,whereby the maximum re-use of tins,which otherwise would be discarded,will be effected.

2.To implement this plan,a special pedestal type cannister opener has been provided for camp kitchens enabling tins to be opened in such a manner as to permit of their being re-lided for certain industrial purposes and/or reducing to tinplate.

5.It should be the responsibility of Camp Commandants to ensure:-

(a) Open tins in accordnance with directions which are to set out in instruction card issued with each opener. This instruction card will remain displayed in a promiment position adjacent to the opener as set up for operation.

(b) Thoroughly wash,drain and dry the tins immediately after opening.

(c) Repack the washed tins,open and downwards,into cases. For this purpose the cases,including lids, in which the tins were originally packed will be used whereever practicable. Where this is not possible suitable cases will be made available by the Salvage Service representative who will also arrange to take dilivery of the tins.

LIFE ASSURANCE POLICIES TAKEN OUT BY MEMBERS OF THE FORCES

I. Life assurance policies taken out by members of the forces on their own lives after September,I939,usually contain a war clause which imposes upon the member assured,if he wishes to remain covered under his policy for the full sum assured while serving outside the Commonwealth,the obligation of:-

(a) informing the Life Assurance Office concernedof his departure from Australia and the date thereof; and
(b) payment to that office of an extra war loading premium.

2. Certain life assurance offices regard the Territories of Papua and New Guinea as being,for this purpose,outside the Commonwealth,and there are variations in the rate of war loading premiums charged by different offices,while,in some circumstances,an office may not be prepared to cover the additional risk and may,therefore,refuse to quote any extra premium.
A member who desires to remain covered while serving outside the Commonwealth should ascertain from the office concerned to what areas the existing cover extends and what rates of war loading premiums are required should he serve outside those areas.

3. If the member subsequently embarks for service outside the Commonwealth,he may arrange through army channels-
(a) for payment of the amount of extra war loading premium (as previously ascertained by him) to the office concerned,by means of a remittance of undrawn pay;and
(b) for notice of the date of embarkation to be given to that office by the DFO when paying the remittance.

The member will attach to the remittance form a letter requesting the giving of the notice mentioned in sub-para (b) of this paragraph.
