226 RELIGION IN THE ARMY GRO A353/44

1. The Commander-in-Chief directs the attention of all ranks to the importance of religion in the Army and the right of every soldier to the free practice of his religion.

Freedom of worship is a right guaranteed by the Consitution of the Commonwealth. This right is in no way limited by the fact that a member becomes subject to military law, but, on the contrary, is specifically preserved by the provisions of the Australian Military Regulations and Orders.

2. Chaplains appointed to units or to the headquarters of formations are the logical consultants of commanders in all matters relating to religion in the command and in matters involving morale, morality and public religious observances.

3. Chaplains are trained specialists and commanders of all grades will give them every practical assistance in the more efficient performance of their duties. This responsibility of commanders is a very real one and must be exercised with a care at least equal to that accorded to other activities.

4. Unless, in the opinion of the commanding officer, conditions preclude it, every unit will hold a general parade on Sundays. At this parade all ranks will be given the opportunity of exercising their free will in the matter of their attendance or non-attendance at a religious service. Those wishing to attend will be marched off to the area in which their service is to be conducted, the remainder of the parade being left at the disposal of the commanding officer.

5. Freedom of conscience will be safeguarded at all times and no soldier will be compelled under any circumstances to attend a religious service which violates his religious convictions. Conscientious objectors will not be compelled to attend any service at all. The Commander-in-Chief directs that this freedom will be untrammelled and that the execution of this order will have the personal attention of all commanders.

229 CONSERVATION OF RUBBER - SYNTHETIC TYRES GRO O 302/44

1. This order will be read in conjunction with GRO O 167/44.

2. The critical rubber situation and the necessity for obtaining the maximum service from tyres has been stressed from time to time. The further deterioration of the situation, necessitating the introduction of tyres of synthetic construction, renders it imperative that greater care than ever be exercised in the use and maintenance of all tyres, whether synthetic or of natural rubber construction.

3. Synthetic tyres are far more susceptible to failure through abuse than tyres constructed from natural rubber. All concerned will, therefor -

(b) check wheek alignment frequently and correct irregularities promptly;

99. AUSTRALIAN ARMY PSYCHOLOGY SERVICE. (Ref GRO A.356/44)

Vacancies for appointment as testing and interviewing sergeants.-

3. (a) Vacancies exist in the Australian Army Psychology Service for testing and interviewing sergeants, who should possess the following qualifications :-

(i) education to leaving certificate standard or equivalent;
(ii) good bearing and manner;
(iii) some formal university or teaching college training in psychology - desirable but not essential.

(b) In filling these vacancies, preference will be given to personnel with operational experience in the present war, especially those who are medically class B1 or B2 or who are over 30 years of age.

(c) Any member possession the qualifications outlined above may submit to his CO or CO an application for appointment to one of the vacancies.

(d) The application will be in writing and will include the following particulars :-

Army number, rank (substantive and acting), name in full, unit, age, medical classification, date of enlistment, service outside Australia, educational particulars, civil occupation, formal training in psychology.

100. RELIGION IN THE ARMY (GRO A.353/44)

1. The Commander-in-Chief directs the attention of all ranks to the importance of religion in the Army and the right of every soldier to the free practice of his religion.

Freedom of worship is a right guaranteed by the Constitution of the Commonwealth. This right is in no way limited by the fact that a member becomes subject to military law, but, on the contrary, is specifically preserved by the provisions of the Australian Military Regulations and Orders.

2. Chaplains are trained specialists and commanders of all grades will give them every practical assistance in the more efficient performance of their duties. This responsibility of commanders is a very real one and must be exercised with a care at least equal to that accorded to other activities.

3. Chaplains appointed to units or to the headquarters of formations are the logical consultants of commanders in all matters relating to religion in the command and in matters involving morale, morality and public religious observances.

4. Unless, in the opinion of the commanding officer, conditions preclude it, every unit will hold a general parade on Sundays. At this parade all ranks will be given the opportunity of exercising their free will in the matter of their attendance or non-attendance at a religious service. Those wishing to attend will be marched off to the area in which their service is to be conducted, the remainder of the parade being left at the disposal of the commanding officer.

AUSTRALIAN WAR MEMORIAL AWM2022.5.2896

5. Freedom of conscience will be safeguarded at all times and no soldier will be compelled under any circumstances to attend a religious service which violates his religious convictions. Conscientious objectors will not be compelled to attend any service at all. The Commander-in-Chief directs that this freedom will be unfettered and that the execution of this order will have the personal attention of all commanders.

101. SALUTING (Ref MA 1 of 0 Area R O 635/43)

1. Increasing slackness in saluting by all ranks is becoming more and more noticeable. This is possibly due in no small measure to a misunderstanding of the meaning of GRO A 198/42.

2. The following instructions are issued in clarification of GRO A 198/42:-

(a) It has been frequently noticed that only the senior of a group of soldiers salutes an officer or group of officers. This is incorrect, every one of a group of soldiers must salute. The only exception to this rule is when the group is on parade under the immediate control of a superior. This is equally applicable when a group of officers meets a Senior officer.

(b) The exception provided in GRO A 198/42 para 1 (i) is often interpreted as being any thoroughfare or assembly. A thoroughfare or assembly will be considered crowded, only when the crowd makes the salute difficult to carry out, or when doing so would cause inconvenience to other persons near the soldier.

3. The necessity for saluting will be brought to the notice of all members of all Units continuously. Slackness in saluting indicates a slackness in discipline and reflects discredit on the Units concerned.

Discipline is just as essential in administrative or maintenance Units as it is in combatant Units.

102. DISCIPLINE : PREVALENCE OF THEFT OF MILITARY STORES AND SUPPLIES (Ref GRO A.734/43)

1. The offence of stealing and fraudulent misapplication of stores and supplies from military depots, installations, transportations services and even from fellow soldiers have increased to an extent which renders immediate and effective remedial action necessary.

2. The use of terms such as "pilfering", "scrounging" etc., to describe such offences tends to obscure their gravity and may cause them to be somewhat lightly regarded. On the contrary, such offences must be view very seriously and offenders will render themselves liable to severe punishment.

3. The impression may exist that an isolated instance of theft of military stores and supplies, though a mean and despicable act, does not involve any appreciable weakening of the war effort. Such an impression, if it exists, is completely erroneous. The cumulative effect of such thefts affects seriously the maintenance of the troops in the field, dislocates the supply organisation at all points, involves grave waste of man hours, and is, in fact, equivalent in result to that of directly treasonable activity.

4. These considerations impose an obligation of honour upon all members to do their utmost to prevent theft and to assist in every way in the bringing to justice of offenders.

5. As a general rule, no suspension or remission is to be made in respect of any award or sentence imposed upon a member for any offence mentioned in this order.

103. ABSENCE WITHOUT LEAVE (Ref GRO A.46/43)

1. Attention is directed to the fact that the seriousness of the offence of absence without leave is not properly appreciated and that the commission of this offence has become very prevalent.

2. All officers will ensure that the members under their command

AUSTRALIAN WAR MEMORIAL AWM2022.5.2896

are instructed in the reason for the offence being regarded seriously and will bring to particular notice the facts that absence without leave reflects adversely on the offender's unit, that it throws a heavier burden on his comrades and disrupts leave rosters and that it is not a sign of "toughness" on the offender's part but a betrayal of the national cause by its resulting wastage of transport, manpower and money and impairment of the efficiency and fighting strength of the offender's unit.

3. It is appears to a commanding officer investigating a charge of absence withoutleave that the accused has been absent without leave for a period in excess of 28 days, he should direct a summary of evidence to be taken and should apply to superior authority for a court-martial. The superior authority should convene a court-martial for the trail of the accused unless it appears to him that special extenuating circumstances exist, in which event he may direct the commanding officer to deal summarily with the charge.

4. Whenever possible, a court of inquiry under AMR & O 445 will be held on an illegal absentee on the twenty-second day of his absence If a member is declared by such court to be absent without leave or other sufficient cause, a notification of the court's declarations will be sent forthwith to the nearest District Finance Officer.

104. PREVALENCE OF THE OFFENCE OF ESCAPING (Ref GRO A.230/44)

1. Attention is directed to the prevalence of the offence of escaping from detention barracks, and field punishment centres.

MML (Just Edition) page 64, para 82.-

"Military offences must sometimes be considered in reference to circumstances other than those connected with the individual offender. When there is a general prevalence of offences or of offences of some particular kind, an example may be necessary, and on that account a severe punishment may properly be awarded for an offence which would otherwise receive a more lenient punishment. In such cases the punishment must be regarded more from the point of view of the effect which it will produce on the force to which the offender belongs than from that of the offender himself.

2. A sentence of imprisonment with or without hard labour may properly be imposed for the abovementioned offence.

1. The offence of stealing and fraudulent misapplication of stores and supplies from military depots, installations, transportations ervices and even form fellow soldiers have increased to an extent which renders immediate and effective remedial a tion necessary.

Such an impression, if it exists, is completely erroneous. The cumulative effect of such thefts affects seriously the maintenance of the troops in the field dislocates the supply organisation at all points, involves grave waste of man hours and is , in fact e eqivalent in result to that of directly treasonable activity.

4. These considerations impose an obligation of honour upon all members to do their utmost to prevent theft and to assist in every way in the bring to justice of offenders.

5. As a general rule, no suspension or remission is to be made in respect of any award or sentence imposed upon a member for any offence mentioned in this order.

ROUTINE ORDERS PART I

by

CAPT REG JS YOUNG CC 84 AUST SUP DEPOT PL ASC.

19 Oct 44

163. TRAINING - LECTURES (SU 18. 15)

Training night will be transferred from Thursday to Friday for this week only. Friday 20 Oct 44 will therefore be a closed camp. Parade will be at 1830 hours. Service dress will be worn.

164. SALUTING (SU 18. 11)

The saluting of all ranks has deteriorated to such an extent that it is necessary once again to bring to the notice of all ranks the necessity of saluting.

The salute is a military method of greeting a superior, not a servile act. It is an outward sign of the inward spirit of discipline and respect of superiors. The general tone and feeling in a regiment corps, or unit is indicated by the manner in which the men salute, and the officers return the salute, as by any other method.

It has been frequently noticed that only the senior of a group of soldiers salutes an officer or group of officers. This is incorrect. Every one of a group of soldiers or officers must salute. The only exception to this rule is when the group is on parade under the immediate control of a superior.

The exception provided in CRO A 196/42 (a) (i) is often interpreted as being any thoroughfare or assembly. A thoroughfare or assembly will be considered crowded only when the crowd makes the salute difficult to carry out, or when doing so would cause inconvenience to other persons near the soldier.

165. PREVALENCE OF OFFENCES (SU 4. 15)

Attention is directed to the seriousness of the offence of AWL. This offence throws reflection on the offender's unit and throws a heavier burden on a man's comrades, disrupts leave rosters, and is a betrayal of the national cause by its resulting wastage of transport, manpower and money, and the impairement of the efficiency and fighting strength of the offender's unit.

The offence of escaping from detention barracks and field punishment centres has also become prevalent.

The offence of stealing and fraudulent misapprehension of stores and supplies from military depots, installations and transportation services and even from fellow soldiers, has increased to an extent which renders immediate and effective remedial action necessary. The impression may exist that an isolated instance of theft of military stores and supplies, though a mean and despicable act, does not involve any appreciable weakening of the war effort. Such an impression, if it does exist, is completely erroneous. The cumulative effect of such thefts seriously affects the maintenance of the troops in the field, dislocates the supply organisation at all points, involves grave waste of man hours, and is in fact equivalent in result to that of directly treasonable activity. These conditions impose an additional obligation of honour upon all members to do their utmost to prevent theft and to assist in every way in the bringing to justice of offenders.

When there is a general prevalence of offenders of some particular kind, an example may be necessary, and on that account a severe punishment may be awarded for an offence which would otherwise receive a more lenient punishment. Charges in respect of AWL in excess of

AUSTRALIAN WAR MEMORIAL AWM2022.5.2896

28 days, escaping, stealing, fraudulent misapprehension and improper possession of Government property, should normally be tried by Court Martial, and the attention of the Court will be drawn to the orders dealing with the prevalence of these offences.

166. BOOT REPAIRS (SU 12. 30)

A vast quantity of footwear is being passed to Salvage as unserviceable due to the delay in repairs being effected. Boots are to be returned for repair when the first sole is worn through, and heels are to be rebuilt after two lifts have been worn.

Personnel are instructed to hand their boots to the Platoon QM for repairs immediately the first sole becomes worn through, and not to wait until instructed accordingly on a Boot Inspection Parade.

167. INCOME TAX - MEMBERS WITH DEPENDANTS RESIDENT OVERSEAS (SU 10 -7)

The Income Tax Assessment Act provides for the rebate of tax to a taxpayer in respect of his wife and children resident in Aust.

A member of the AMF who married in a country other than Australia and whose wife or children are not resident in Australia is not entitled to such rebate. As the non-allowance might cause hardship, any member affected is requested to apply, through his pay representative, for such a remission of tax.

A member applying for such remission will furnish -

(a) his name in full and all regimental particulars; and
(b) the names and addresses of his dependants.

and will advise whether -

(i) his wife and children are wholly maintained by him;
(ii) his wife's separate income exceeds £50 per annum (Australian); and
(iii) it is his intention, as soon as war conditions permit and transport is available, to bring his wife and children to reside in Australia.

The application will be forwarded by the pay representative to the Director of Finance Administration LHQ, who will refer the case to the Taxation Department for consideration.

168. REGIMENTAL TRUST ACCOUNT - REGIMENTAL FUNDS (SU 13. 10)

170. CONSERVATION OF RUBBER - SYNTHETIC TYRES (SU 12. 24)

The critical rubber situation and the necessity for obtaining the maximum service from tyres has been stressed from time to time. The further deterioration of the situation, necessitating the introduction of tyres of synthetic construction, renders it imperative that greater care than ever be exercised in the use and maintenance of all tyres, whether of synthetic or natural rubber construction.

OVER

AUSTRALIAN WAR MEMORIAL AWM2022.5.2896

The synthetic tyres are far more susceptible to failure through abuse than tyres constructed from natural rubber. All concerned will, therefore:-

(a) exercise the utmost care to avoid - overloading, under inflation, hard braking, and fierce acceleration, high speeds, bumps and other causes of severe impact;

(b) check wheel alignment frequently and correct irregularities promptly;

(c) rotate tyres regularly;

(d) remove stones and flint from tyres during unit maintenance;

(e) submit tyres for replacement at the correct stages for recapping; and

(f) submit damaged tyres for repair without delay.

Formations and units will ensure that prompt disciplinary action is taken where breaches of this order occur.

85. PREVENTION OF VENEREAL DISEASE (REF CR 97/1/49)

The following extracts from DAAG (1) Memo 33483 of 16 Oct 44 are promulgated for information :-

" Analysis of the attendances at the 6 PAC's established in the Metropolitan area reveal that over a period of one month the average daily attendance was 22 persons of whom 12.3 were Army personnel.

These figures give the impression that insufficient use is made of the PAC's by Army personnel and indicate that the locations of PAC's require further promulgation to troops."

List showing addresses of all PAC's in L OF C Areas and Sub-Areas is displayed on Unit Notice Board, and members should particularly note addresses of PAC's in S Aust L of C Area.
