T.T. 6749.

"Died 20.10.18."

Pte. Andrews died of Influenza and was buried at Sutton Veny. He was ill only a few days here, and was so ill when admitted that there was no opportunity of learning much about him. This epidemic has been so severe and so fatal that it has been a very sad time, and we very much regret that we have been unable to get more particulars. Everything was done for him that was possible, but it was not possible for him to tell about his Home.

Letter from:- Assistant Matron,
The Military Hospital,
Sutton Veny.
