197. M.T. MAINTENANCE

C. Infm (1) Trucks 1/4-ton(JEEP)

Failure to lubricate the brake pedal bushing is causing seizure on the shaft, with the result that when foot brake is applied, the clutch becomes partially disengaged.

It is considered that this might be a contributing factor to clutch failures. Sub-units are warned to carefully check this point during maintenance.

C. Infm (8) All vehicles fitted with power type pump.

It is important that thetyre pump be run for half a minute before attaching the air hose to the pump connection. This will blow out any oil which may have accumulated on top of the oil pump piston while pump was unoperative. After the air hose is attached to the pump connection, the hose should then be blown out to remove any dirt before it is attached to the valve.

NOTICES.

EDUCATIONAL AND AMENITIES PLAN FOR TROOPS IN BOUGAINVILLE PRIOR TO RETURN TO MAINLAND.

A general Educational and Amenities Scheme will be brought into operation in the near future.

1. The basis of the scheme will be as follows:-

(a) Refresher trg for personnel who were engaged in a civilian trade prior to the war and who wish to continue such trade on demobilisation.

(b) Handicraft courses to provide personnel with a knowledge of tools, minor repairs to vehicles etc, such as the average man meets in every day life about the home.

(c) Preliminary courses in such trades as the handling of mechanical equipment for constructional purposes, farming etc.

(d) Tutorial classes to provide basic refresher training personnel desirous of continuing their Academic courses, book-keeping, correspondence courses etc.

2. It must be realised that no effort can be made to train unskilled personnel for future trades. General discussion with such personnel can, however, be given to stimulate interest and help the individual to formulate a definite plan for his rehabilitation into civilian life.

3. To assist in the planning for such a scheme, units will carry out an immediate survey to ascertain the following information.

(a) Number of skilled tradesmen requiring refresher courses, showing number in each trade.

(b) Number of personnel requiring refresher training for Academic Courses vide para 1 (d), showing number in each course.

(c) Number of personnel interested in handicraft classes.

(d) Number of personnel interested in preliminary courses vide para 1 (c) above.

(e) Number of personnel in unit considered suitable to act as instructors in trades, or teachers in any subjects naming the trade or subject.

4. Each unit will immediately detail a suitable offr to act as unit Educational Offr and another offr to act as Amenities and Sports Offr.

AUSTRALIAN WAR MEMORIAL AWM2019.366.2535

SPORTING.

5. Arrangements are being made to conduct competitions and contests in all branches of sporting activity. Preliminary work should be carried out in units to form teams or competitions for the sport desired. Units will be requested to nominate teams and competitors at a later date.

6. These will include concert parties, broadcast entertainments and cinema shows. Unit concerts will be formed, and trained entertainment personnel will be made available to assist in training and production. It is requested that advice be forwarded of any personnel who are trained cinema projectionists, or who are suitable for training as such.

Broadcast announcers and programme arrangers are also rewuired.

6. It is desired to stress the importance of this project, and Base Comd requests that unit comds give this matter their personal attention.
