ROUTINE ORDERS PART 1

Lt-COL T C INCHES

20. COLOUR PATCHES- GENERAL PRINCIPLES

1. A member will wear the colour patch authorised for his unit, arm or service and no other, except for a minature colour patch as set out in paras 5-8 below. With winter dress, colour patches will be worn only on greatcoat; service dress; hat, khaki, fur or beret (wool), black or khaki, fur (men's) issued to female personnel. When personnel are in summer dress, unit colour patches will be worn only on hat, khaki, fur or beret (wool), black or khaki.

2. When worn on the sleeve head, unit colour patches will be attached to the jacket or greatcoat sleeve, 1 inch clear from the top, except when minature patches are worn in addition, when the top of the minature will be ½ inch from the top of the sleeve with ½ inch space between minature and unit colours. Colour patches will be worn so as to present exactly the same appearance on both arms when viewed from the front, consequently all patches divided obliquely are made in pairs.

3. A member of the AIF will wear colour patches on a 3/16 inch battleship grey background. A member of the AIF serving with the CMF will wear colour patches of the unit with which he is serving on a 3/16 inch battleship grey background of the same shape as the colour patches themselves.

4. "Attached" personnel will wear colour patches as follows:-
   (a) A member who is only attached for duty will wear the colour patch of the unit, arm or service to which he belongs and will not wear that of the formation HQ or unit to which he is only so attached.

   (b) Individual members of a service attached by WE to a unit, other than a formation HQ, will wear the colour patch of their service.

5. A minature colour patch, half the dimensions of the normal colour patch, may be worn above a member's unit colour match only accordance with the following:-
   (a) A member of the AIF may wear a minature of the colour patch of the AIF unit (if any) with which he previously served or, in the case of an AIF member who has served overseas, a minature of any colour patch which he was entitled to wear whilst so serving.

   (b) A member of the CMF who has served overseas may wear a minature, without a battleship background, of any colour patch which he was entitled to wear whilst so serving. If, however, at the time of such service, the member was in the Second AIF, the minature will be worn on a battleship grey background.

AUSTRALIAN WAR MEMORIAL AWM2019.366.2906

(c) A member who is entitled to wear a colour patch in minature of a unit of the First AIF may wear such minature. Such miniature colour patch shall not be worn on a battleship grey background.

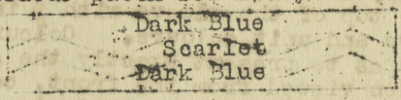
6. For the purposes of Para 5 of this order, a member will be deemed to have served overseas during the present war only if he is qualified to wear a service chevron or chevrons under the conditions prescribed by GRO A441/1944.

7. Only one miniature colour patch may be worn. Miniature colour patches will not be worn on hat, khaki, fur or beret (Wool), black or khaki.

8. Miniature colour patches will not be an item of issue nor will authorized colour patches be issued for the purposes of making miniatures.

21. COLOUR PATCHES ARTILLERY

The colour patch illustrated below is approved by GRO 61/44 as standard colour patch for heavy Batteries of the artillery arm:-



All personnel on posted strength of Port Phillip C.A (other than "attached" members of different services) will wear the above colour patch forthwith.

22. EQUIPMENT - SIMPLIFICATION OF NOMENCLATURE OF AMMUNITION, ARMAMENT ENGINEER, SIGNAL AND GENERAL STORES

1. It has been decided to simplify the method of denoting the mark of ammunition, armament, signal and general stores.

2. This simplification will be achieved as follows:-

(a) Arabic numerals. These will replace Roman numerals in designating marks e.g. "Mark XLVIII becomes "Mark 48". Before the Arabic numerals, the letters "Mk" will always be inserted.

This system will be introduced forthwith in all correspondence, new publications etc. Amendment of in existing publications etc and the re-stamping of stores is considered unnecessary and will not take place. On existing stores of future manufacture, the change will take place as and when convenient to the manufacturing authorities.

(b) Stars and letters

(i) These will no longer be employed in conjunction with a Mark. Minor modifications will be indicated by an oblique stroke and numeral following the mark e.g. "Predictor No 5 Mark I(S)" would be designated "Predictor No 5 Mark 1/1."

(ii) Words, abbreviations and letters used to indicate a particular feature of ammunition will be kept to a minimum and will be included in the descriptive part of the designation and then only when necessary to distinguish a store for operational reasons, e.g. use of "T" indicating Tracer fitted to a projectile: "Cartridge QF APC Mark 1T" would be designated "Cartridge QF APC/T Mark 1"; "Shell BL HE Mark XIVD" would be designated "Shell BL HE Mark 14" (the letter "D" denoting 8 C.R.H is not required as this is defined by the mark)

This system will not be retrospective and will be applied to stores of future design.

AUSTRALIAN WAR MEMORIAL AWM2019.366.2906

(c) Advance of Mark The mark of a store will be advanced following any change of operational charcteristic or a major change of design. A major change of design will be one which involves the use of components or sub-assemblies which are not interchangeable with those of existing mark.

23. THIRD VICTORY LOAN

7. Interest will be subject to Commonwealth taxation but not to any income tax under the law of a State. During the period of uniform taxation, a rebate of 2/- in the £ on interest will be allowed to cover freedom from State taxation.

ROUTINE ORDERS PART 1
BY
MAJOR F.E.CHAPMAN

---

29. PAY IN LIEU OF LEAVE ON DISCHARGE - SPECIAL PROVISIONS FOR MEMBERS OF PMF.

1. In this order reference to "discharge" will also be construed to mean termination of service on the Active List in the case of an Officer.

2. In the case of a member of the PMF who is being completely discharged from the AMF on account of medical unfitness :-

(a) any sick leave for which he is eligible under AMR & O 1391 (e) will be granted prior to discharge commencing as from the day immediately following the receipt by the Command or L of C Area of the confirmation by LHQ of the medical board proceedings : pay in lieu of such sick leave will not be issued . Such credits of sick leave will be accumulated in accordance with AMR & O 1391 up to and including 26 March 1942. From 27 March 1942, credits of sick leave under AMR & O 1391 ceased to accrue because of the introduction of uniform conditions of service. Periods of sick leave or hospitalization on or after 27 March 1942 or as from the date of joining the AIF whichever is earlier up to the date following the receipt from LHQ of the decision to retire the member as medically unfit, will not be deducted from accrued sick leave credits. Only the period of sick leave on full pay for which the member is eligible will be counted under sub-para (c) of para 149 of GRO A598/1943. A member will not be granted sick leave beyond the date on which he reaches the age for compulsory retirement.

(b) Subject to sub-para (c) of this paragraph pay in lieu of any other leave for which he is eligible under Part XXI of GRO A598/1943 will be granted on discharge.

(c) A member eligible to receive pay in lieu of leave may if he so desires be granted the leave itself instead when such period of war service on leave will complete a five year period of furlough entitlement, a period of service for a decoration or medal, or service for any other entitlements, provided that leave will not be granted beyond the date on which the member reaches the age for compulsory retirement.

3. If such a member is to be discharged on account of reaching the age for retirement :-

(a) Pay will be granted in lieu of any war service leave for which the member is eligible.

(b) The member will apply for and be granted prior to retirement any leave (other than war service leave) for which he is eligib eligible under Part XXI of GRO A598/1943. Leave not applied for in time to be granted will lapse. The date of retirement cannot be extended for the purpose of completing any leave. H.Q L of C Area of enlistment is responsible for issuing the necessary instructions to ensure that a member proceeds on leave in time for it to be completed by the date of compulsory retirement. This however does not relieve the member of the obligation to apply for such leave.

(c) When the exigencies of the service would appear to prevent such leave being granted, the application will be referred to this HQ, suitably endorsed by his C.O regarding the reason for such application and with a recommendation as to whether pay in lieu of the leave should be granted. A refusal to grant leave will be approved only in exceptional circumstances. If the recommendation is approved pay in lieu of leave will be granted but not otherwise.

17/3/45

AUSTRALIAN WAR MEMORIAL AWM2019.366.2906

4. War absence leave under GRO A459/1943 may be granted to members of the PMF eligible therefor, only after resumption of duty with the PMF. Reversion to the PMF for the purpose of discharge or termination of appointment is not resumption of duty with that Force within the meaning of GRO A459/1943 and accordingly members so reverted will not in any circumstances be eligible for pay in lieu of war absence leave.

5. Commanding Officers will ensure that this Routine Order is brought to the personal notice of all members of the PMF serving with or attached to the unit.
