APPENDIX "B".

N.C.O's CADRE NO. 1.

This Cadre of three (3) weeks duration 18 May - 8 June 43, was designed to bring selected N.C.O's and gunners to a more proficient standard in this particular posting in the regiment and to improve their instructional capacity.

There were Four (4) Wings, Staff, Gunner, M.T., Signalling, each Wing being under the supervision of an Officer of the Regiment assisted by a Serjeant.

AUSTRALIAN WAR MEMORIAL AWM2019.366.856

APPENDIX "C".

Ref. Map COOLOOLAH 1" to 1 mile.

On 24th May, 43, the 28th Battery moved out to harbourage at Sq. 1656 /1555 - GYMPIE 1" to 1 mile.

Personnel and equipment were lent from the remaining batteries to make the composite battery complete in every detail so far as equipment in the Regiment would allow. This was the first time a complete battery has functioned on manoeuvre in this Regiment.

A team of motor Regiment Officers from the Division attended the manoeuvre and actually painted the tactical picture exclusively. The Officers of the Regiment were allotted different posts on each day of the manoeuvre.

The Officers in the OP's were allowed to engage targets at will indicated by Motor Regiment Officers and to treat them just as if they were under actual conditions. On one night a gun was moved up in front of an OP. dug in and at first light engaged a hostile gun emplacement over open sights, then putting up an extricating smoke screen to cover its withdrawal.

On 25 May EAST of track in Sqs. 2165, 2265 (COOLOOLAH) zeroing of sights for engagement of tanks was undertaken, then actual practice in the engagement of moving targets.

On 26 May the Battery was in action NORTH of Track in Sq. 2061 (COOLOOLAH); on 27 May the OPs advanced and the Battery was stepped up to Sq. 2163 (COOLOOLAH); on 28 May the OPs advanced and at the conclusion of the day's shooting, the Battery was withdrawn to GYMPIE Camp Area.

APPENDIX "B".

N.E.D's CADRE NO. 1.

This Cadre of three (3) weeks duration 18 May - 8 June 43, was designed to bring selected N.C.O's and gunners to a more proficient standard in this particular posting in the regiment and to improve their instructional capacity.

There were Four (4) Wings, Staff, Gunner, M.T., Signalling, each Wing being under the supervision of an Officer of the Regiment assisted by a Serjeant.

AUSTRALIAN WAR MEMORIAL AWM2019.366.856

APPENDIX "C".

Ref. Map COOLOOLAH 1" to 1 mile.

On 24th May, 43, the 28th Battery moved out to harbourage at Sq. 1656 /1555 - GYMPIE 1" to 1 mile.

Personnel and equipment were lent from the remaining batteries to make the composite battery complete in every detail so far as equipment in the Regiment would allow. This was the first time a complete battery has functioned on manoeuvre in this Regiment.

A team of motor Regiment Officers from the Division attended the manoeuvre and actually painted the tactical picture exclusively.

The Officers of the Regiment were allotted different posts on each day of the manoeuvre.

The Officers in the OP's were allowed to engage targets at will indicated by Motor Regiment Officers and to treat them just as if they were under actual conditions. On one night a gun was moved up in front of an OP. dug in and at first light engaged a hostile gun emplacement over open sights, then putting up an extricating smoke screen to cover its withdrawal.

On 25 May EAST of track in Sqs. 2165, 2265 (COOLOOLAH) zeroing of sights for engagement of tanks was undertaken, then actual practice in the engagement of moving targets.

On 26 May the Battery was in action NORTH of Track in Sq. 2061 (COOLOOLAH); on 27 May the OPs advanced and the Battery was stepped up to Sq. 2163 (COOLOOLAH); on 28 May the OPs advanced and at the conclusion of the day's shooting, the Battery was withdrawn to GYMPIE Camp Area.
