SIGNALS.

14. See Appendix D.

TRANSPORT.

15. O.C. R.A.F. BREIGHTON has agreed to provide the following transport:
1 Standard Van for use of Exercise Controller.
4 tractors.
1 Eagle type trailer for towropes.

16. H.Q. 1 Group will arrange similar provisiou of transport at BINBROOK.

17. O.C. 296 Sqn. and O.C. 297 Sqn. should supplement this transport with cycles and/or motor cycles as necessary.

RATIONS, MESSING AND ACCOMMODATION.

18. In order to determine what methods and equipment are most suitable for operating an air-contained glider unit, it is proposed that 296 Sqn. party and 297 Sqn. party shall be as far as possible independent of one another for rations, messing and accommodation. The efficiency of the various methods of cooking and any special equipment can then be compared, and a more standard procedure developed for the future. It is essential that all messing and accommodation for all ranks should be under Squadron arrangements, and that no demand whatever should be made on R.A.F. BREIGHTON. (Latrines, for example, should be gliderborne.)
Details are left to the initiative and ingenuity of those concerned.
H.Q. 38 Wing may be able to provide Airborne sleeping bags.

DISCUSSION.

19. A discussion on the results of the move will be held in the Conference Room, R.A.F. Netheravon, at 1400 hours on DAY 5, subject to confirmation. The following will attend:

38 Wing rep[illegible]. (including Ops. and Sigs. reps.).
