1. CESSATION OF WAR - SURRENDER OF JAPANESE

The following message received from the C in C AMF is promulgated -

ADV LHQ BORNEO 15 AUG 45. Order of the Day by General Sir Thomas Albert Blamey C in C Australian Military Forces . The JAPS have surrendered . Our long and arduous struggle has ended in complete victory. The climax has come at the time when all six AUST Divs are fighting strenuously each on its own area in far-flung battle lines . No divisions amongst the ALLIES have contributed more to the downfall of our enemies than ours. Our generals, officers and our commanders of all grades, our regimental officers, our warrant and NCOs have led you unfalteringly to victory. Under their guidance the troops have been formed into a magnificent army to the pride and glory of AUSTRALIA. We have fought through the burning days and the freezing nights of the desert, we have fought through the ooze and sweat of tropical jungles. We have defeated the ITALIANS and the GERMANS and we would soon have destroyed the JAPS before us. We are now planning to go to our homes having done our part in ensuring freedom for all peoples. We will NOT forget this freedom/ which we have fought so long and successfully and so let us stand together in future years to ensure it remains the crowning heritage of AUSTRALIAN people and above all we give thanks to the ALMIGHTY for HIS greatest and crowning mercy that marks for all people the total downfall of tyranny.

1. CESSATION OF WAR - SURRENDER OF JAPANESE

The following message received from the C in C AMF is promulgated -

ADV LHQ BORNEO 15 AUG 45. Order of the Day by General Sir Thomas Albert Blamey C in C Australian Military Forces . The JAPS have surrendered . Our long and arduous struggle has ended in complete victory. The climax has come at the time when all six AUST Divs are fighting strenuously each on its own area in far-flung battle lines . No divisions amongst the ALLIES have contributed more to the downfall of our enemies than ours. Our generals, officers and our commanders of all grades, our regimental officers, our warrant and NCOs have led you unfalteringly to victory. Under their guidance the troops have been formed into a magnificent army to the pride and glory of AUSTRALIA. We have fought through the burning days and the freezing nights of the desert, we have fought through the ooze and sweat of tropical jungles. We have defeated the ITALIANS and the GERMANS and we would soon have destroyed the JAPS before us. We are now planning to go to our homes having done our part in ensuring freedom for all peoples. We will NOT forget this freedom which we have fought so long and successfully and so let us stand together in future years to ensure it remains the crowning heritage of AUSTRALIAN people and above all we give thanks to the ALMIGHTY for HIS greatest and crowning mercy that marks for all people the total downfall of tyranny.

357 OUT OF BOUNDS - AMMUNITION DUMPS - LBSA RO A240.

1. Instances have recently occurred of pilfering from Ammunition dumps, and tampering with bombs and explosives.

2. Apart from the fact that pilfering and "scrounging" from dumps is theft, and will be dealt with as such, the danger both to personnel involved in such illegal acts, and to other personnel in the area, is extremely grave. Explosion of a bomb through tampering with it may set off the whole dump.

3. All ammunition dumps are strictly out of bounds. Any member found trespassing on an ammunition dump or in any way attempting to interfere with or remove any bombs, explosives parachute flares, ammunition or any other article whatever from an ammunition dump will be immediately placed under close arrest and the matter reported to LAE BASE SUB AREA.

358 GRANT OF RECREATIONAL LEAVE - VP DAY - LBSA A7/11/4139.

1. Approval has been given for the two days announced by the Commonwealth Government as public holidays in celebration of VP day to be treated as a grant of two days additional recreation leave to all personnel.

2. As it is considered that service considerations render it undesirable in this Area that the two days leave should be taken forthwith, it will be credited to members in AAB 83 and AAF A63. Landforces AG63548 will be quoted as the authority for the entry.

3. If any member prefers to take his twodays leave in this Area, he may be permitted to do so, provided that his CO considers that the efficiency of the unit will not be adversely affected. In such case, however, the mem ber will be debited in his AAB 83 and AAF A63 with the two days taken.

411 BRIGADIER VEALE'S MESSAGE - FAA CEA 4578 of 171100K

The following message has been received from the E in C. "With the termination of hostilities I wish to congratulate all sappers on their duty well done through six years of war. In the field their work in support of or in advance of the infantry has been gallant and efficient. It has hastened battles and reduced casualties. All works and installations in bases and on lines of communication have been carried out expeditiously and well. All Engineer Stores Units have done an excellent job in getting material to the troops despite many difficulties. Much of the above is due to the high standard of training and discipline inculcated at SME and RAE Training Centre. From a small beginning we have built up a Corps 28000 strong of which we all are proud and to which the army owes much. This is due to the loyalty zeal and skill of all ranks for which I will always be grateful. In the years to come our country will need all the loyal assistance she can get and I know that sappers will carry out their civic duties with the same high standards. Good luck to you all".

412 ACKNOWLEDGEMENT OF MESSAGE TO E IN C

"Your inspiration and leadership as Head of the Corps of RAE throughout the entire war period has permeated every sapper resulting in achievements which we share your pride. Your good wishes and appreciation of services rendered by the sappers will inspire us to complete our war job in a manner befitting the traditions of our Corps and later to discharge our civic obligations with the knowledge that as old sappers we have earned our place in the community and with the confidence that we have been properly trained to meet any exigencies of peace".

427 ENGINES, SPARK IGNITION - FIRE HAZARD (GRO 222/45)

1. Attention of all ranks is drawn to the danger of priming engines by pouring liquid petrol into induction manifolds. In addition to this practice being harmful to cylinder bores, piston rings and valve guides, etc, grave fire risk is involved which has in the past been responsible for loss of life, loss of valuable equipment and painful injuries to personnel.

2. The introduction of petrol into the inlet manifold of a petrol engine by removing the air cleaner and pouring the petrol through the carburettor air intake will only be resorted to as an emergency.

3. Not more than approximately one tablespoon of petrol will be introduced by this method.

4. Under no circumstances will any attempt be made to start the engine until the air-cleaner has been replaced.

443 CONSERVATION OF RUBBER - CRUDE AND SYNTHETIC TYRES (GRO 227/45).

1. Tyres in use in the field are now both of crude and synthetic construction and, as tyres of synthetic construction are far more susceptible to failure through abuse than tyres constructed from natural rubber, their introduction into the service has made it more imperative than ever that all instructions for care and maintenance of pneumatic tyres be strictly observed.

/n

2. All concerned will, therefore -

(i) exercise the utmost care to avoid all forms of tyre abuse, the principal of which are -

overloading
under inflation
incorrect fitting of tyres
harsh braking
fierce acceleration
speeds exceeding those laid down in GRO Q.340/44
driving over obstructions and other causes of severe impact;

AUSTRALIAN WAR MEMORIAL AWM2020.71.2794

2 Aust. Army Troops Coy. R.A.E. A.I.F.

(ii) check wheel alignment frequently and correct irregularities promptly;

(iii) ensure that tyres are "changed around" periodically in accordance with current instructions;

(iv) remove stones and flint from tyres during unit maintenance;

(v) submit tyres for replacement at the correct stage for recapping; and

(vi) submit damaged tyres for repair without delay.

4. Formations and units will ensure that prompt disciplinary action is taken where breaches of this order occur.

5. Clauses (v) and (vi) of para 3 above may be waived on the special authority of formation commanders in the assault and early developmental stages in new operational areas, during the period in which replacement or repair is not practicable nor expedient or in which replacement tyres and repair facilities are not immediately available. In such cases, worn or damaged tyres may, if considered necessary, be run to destruction.

6. GRO 55/1945 is cancelled.

466 UNIT ORDERS

1. Kitchen out of bounds: Numerous personnel are still gathering and remaining in and around the kitchen at meals and "smoke" periods. Futher, unauthorized personnel are presenting themselves for meals before meal parade.
This practice will cease.

2. TEA and Sugar: Morning and afternoon tea are not allowed in rations and to make these possible care has to be taken to prevent extravagence.
No personnel will help themselves to tea and sugar from the kitchen to take out on working parties etc. Cpl KONDILIOS will issue all tea and sugar if available, and personnel requiring it will report to him.

3. Washing - up: Mess duties are not carrying out their job and frequently leave utensils half washed, thereby leaving an opening for sickness complaints resulting from dirty utensils. Orderly NCO will inspect all utensils after each wash-up.

AUSTRALIAN WAR MEMORIAL AWM2020.71.2794

It is important that kitchen routine be carried out efficiently for the good of all, and personnel are asked to co-operate in this matter.

4. BRUSHES AND BROOMS: Brushes and brooms are being secured from kitchen and used for washing clothes, webbing, and sweeping huts etc.

No brushes or brooms, or any other equipment will be secured from kitchen.

479 LETTER FROM AIF ENGINEERS AND TECHNICAL UNITS' WELFARE COMMITTEE

Addressed to the OC 2 Army Tps Coy (AIF), Australia:-

Dear Sir,

Now that the war is over and the troops are being steadily repatriated the operations of this branch of the AIF Engineers and Technical Units' Welfare Committee are being wound-up, and the branch will be disbanded on 31st October.

In saying goodbye to all the AIF Engineers' Units we desire to express our best wishes to all officers and men who have served Australia, and with whom we have been in touch during the past 4½ years. It has been a great pleasure for us to feel that we were doing something for our men.

Any communication from any of the Units which may be received after the end of October will be attended to by Colonel McCallion, "Weeroona", Fiona Road, Beecroft.

Yours faithfully,
Signed: TERESA REED
(Mrs T.M. REED)

524 MEDICAL BOARDS (REF DO 150(b) - LBSA RO PART 1 SERIAL NO.42 PARA A299

(a) It has been reported that many members are applying for medical boards on inadequate grounds in the belief that failure to record a repatriation claim now will jeopardise a future claim.

(b) The Repatriation Department states that there is no time limit within which application for claim must be made for a pension or treatment. Such application for claim may be made any time after discharge.

(c) The excessive number of such applications tends to delay demob procedure.
