Unit 26 AUST MOT REGT Date and Time.—From 0001/1 AUG 42 To 5 AUG 42.

Place	Date	Hour	Summary of Events and Information	Remarks and references to Appendices, Diaries, &c.
ROWVILLE Vic.	1 Aug 1942	0830	Strength 483 all ranks.	
		1000	Lieut. F.T.H.O'Grady and Lieut. A.S.Williams marched out to Junior Leaders Course, SEYMOUR.	
"	2 "	0830	Strength 479 all ranks.	
		0930	Church parade, followed by a parade to R.A.P. for needles. 72% of the members of this Regt have now enlisted in A.I.F. ~~and percentage required to transfer to A.I.F. as a unit is~~ now almost realised. A talk given by the C.O. Major Darling on current affairs and the Japanese situation helped to clarify the issue in the minds of many members of the Regt.	
"	3 "	0830	Strength 481 all ranks. Weather fine and cool.	
			C Sqn personnel attended a demonstration of the construction and use of kapok bridging and recce boats by Fd Engineers.	
			~~B Sqn personnel were moved by M T to DANDENONG Railway~~ Station, where they were entrained for WILLIAMSTOWN Rifle Range. The Sqn bivouaced on the range for the night.	
"	4 "	0830	Strength 360 all ranks.	
			A Sqn attended the same demonstration by Field Engineers which C Sqn attended yesterday, as part of a bivouac, ~~during which A Sqn of this Regt will co-operate with 105~~ A Tk Regt.	
"	5 "	0830	Strength 263 all ranks. Weather wet and cold.	
			All 13 carriers received from B.O.D. on 29 Jul have been grounded by T.O., since it was found that serious wear has ~~taken place on phosphorous-bronze bearings substituted for~~ steel bearings on these carriers. The carriers had covered ~~only 70 miles.~~ It is thought that incorrect lubrication is at the root of the trouble, through no fault of the drivers of this unit who brought the vehicles from B.O.D.

4. OFFENCE REPORTS (ARMY FORM B.2069) A W L

1. There have been many instances of Offence Reports submitted by C Os in which incorrect entries have appeared. In the case of charges of A W L, the punishment inflicted should be entered in the column headed "Punishment Awarded".
2. The automatic forfeiture of pay involved in a conviction on that charge must not be entered in this column but should appear in the column headed "Remarks" (informed of forfeiture of .... days pay).
3. Attention is drawn to AMR & O 427 and 1247.

5. WAVERLEY FOOTBALL GROUND

All personnel are instructed that, in future, no Military M/T will be permitted to enter Waverley Football Ground.

6. RIFLE NO 15808

All Sqns will make an immediate search for the above rifle and render a report to R H Q by 1700 hrs 2 AUG 42.

4. HOME LEAVE PASSES

All personnel are informed again that Home Leave Passes must be returned to R H Q or full fare will be charged against offenders.

5. SECURITY OF INFORMATION

Security Documents

Cases have been reported of units leaving Secret and Security documents lying about after vacating a Camp site. Types of dicuments left undestroyed include copies of Routine Orders, stock sheets, & nominal rolls of draft as well as old letters, envelopes, and similar documents.

All ranks are warned of the urgent necessity for strict observance of security measures at all times. In particular, the attention of all Orderly Room staffs is directed to security measures for documents.

Censorship

Cases are occurring of attempted evasion of Field Censorship Regulations. Troops are reminded that every uncensored letter, posted through hostels or through the agency of friends, is a potential danger to every man in the Unit. It is the duty of every N C O to assist in policing security measures within the unit.

3. SALUTING
(MEMO FROM COMD 3 AUST MOT CDE GP)

The tng of all pers to comply with the provisions of GRO 198/42 should be a feature in the daily routine of all units.

2. As part of this tng, individuals, parties, or subunits failing to comply should be stopped, questioned, and have explained to them the correct action which should have been taken.

3. Lecturettes and demonstrations should be given to pers on the correct action to be taken under varying circumstances such as:-

A. Saluting with the hand.
B. Standing to attention if stationary without head-dress, or when unable to salute with the hand.
C. Eyes right or left when moving without head dress or when unable to salute with hand.
D. Calling parties standing about, not on parade, to attention.
E. Calling parties, squads etc under instruction to "stand fast".
F. Sitting to attention (Lectures etc)
G. Saluting with rifle.

4. There has been a marked improvement lately in saluting with the hand, but it is obvious that pers do not know the correct procedure in other circumstances.

5. C Os should concentrate on this question until the general standard is raised to the stage when saluting becomes a natural routine practice. Offrs and N C Os should be instructed to check constantly pers who fail to salute.

6. After a reasonable period of training, checking and explanation, disciplinary action should be taken against individuals who fail to comply with the general Routine Orders.

4. CARE OF CLOTHING

The attention of all ranks is especially drown to the care of clothing. At the present time clothing is a big item in the production of the countyy and replacements will be harder to get. It is the duty of all to see that the issues and their own private clothing are made to last as long as passible by careful mending, darning etc. Slight tears are to be taken to the regtl tailor at once.

5. LEAVE

Squadrons will check all applications for leave thoroughly before submitting applications to A H Q for emergent leave, as cases have come to notice where gross misstatements of facts have been discovered on investigation. Offenders are guilty of a serious offence under military law.

6. CAMP FIRE ORDERS

The attention of all troops is directed to Camp Fire Orders. All personnel MUST be conversant with necessary action to be taken in the case of a fire alarm. Camp Fire Orders will be read on Sqn parades and posted on Sqn notice boards.

4. WATER ON CARRIER SHELTERS

The water guttering on the tent flys on the carrier shelters must be emptied daily.

5. READING OF ROUTINE ORDERS

Again it has been brought to the notice of R H Q that personnel are not made conversant with R/Os on returning from leave. It is the duty of all concerned to see that R/Os are made available and read by all ranks.

6. EXTRACT FROM G.R.Os. A 291
SPORTS GOODS AND MATERIALS.

There will probably be an acute shortage of sports goods and materials. All formations must carefully conserve such goods already in possession or hereafter supplied, and arrange for adequate storage and properly controlled issue and return. Attention must be given to the avoidance of loss or waste and to arrangements for repair and salvage of all parts of worn out goods which can be reconditioned or reused.

7. Q.304. USE OF INDELIBLE PENCILS

1. Indelible pencils contain a dye which, if allowed to penetrate under the skin, can in certain instances produce dangerous results. The danger is caused mainly by the pencils piercing the skin or fragments of the lead working under the skin.

2. Where it is necessary that indelible pencils be used, all concerned will be instructed that every precaution is to be exercised.

(Over)

AUSTRALIAN WAR MEMORIAL AWM2020.71.672

8. BLOOD DONORS

Farther volunteers as blood donors are still required. Personnel should give this matter serious attention. There will probably be a time when the blood will be extremely valuable and may save many lives.

Squadrons will draw the attention of all troops to the above matter and submit a nominal roll of volunteers who have not previously donated their blood to R H Q before 2000 hrs 11 AUG 42.

9. CONSERVATION OF RUBBER

The shortage of rubber is now very acute and is a national problem. It is essential that all ranks take care constantly to prolong the life of items which have any rubber in them and so reduce to a minimum replacement requirements.

Some factors which tend to reduce the life of rubber & rubberized articles such as motor tyres, rubber boots, shoes respirators anti-gas, ground sheets, electrical insulations, Belts, hosing etc. are:-

(a) Careless use.
(b) Exposure to heat, light, oil and grease.
(c) Delay in effecting minor repairs.
(d) Use of articles for purposes than those for which they were issued.
(e) Bad Storage.

All items of Army stores and equipment having a rubber content will not be destroyed but will be dealt with by the Salvage Organization. Such items will be left at the Transport office until dealt with.

All officers and N C Os will make it their personal responsibility to see that no excess use of M/T occurs in this regiment. Poor driving and careless handling must be checked in the early stages and any officer or N C O not taking immediate action is not carrying out his duty.

4. CARE OF CLOTHING

Squadrons will make weekly checks of men's clothing and any small tears will be immediately taken to the regimental tailor. The habit of letting clothing go until it is beyond repair must cease.

5. M/T

Drivers of vehicles are reminded that evening maintenance must be carried, regardless of the hour their vehicle may be returned to lines. NOT enough attention is paid to completion of Work Ticket G2. This form must be carefully and accurately completed each day vehicle has been in use. Sqn transport corporals are responsible for the checking of G2s and will when doing so initial the G2 in place provided.

Through careless driving, Covers body waterproof are being damaged by limbs of trees. Any driver who causes damage to these covers will in future pay for the repairs to be effected.

6. SECURITY OF MILITARY INFORMATION

A DR in this formation was recently discovered posting uncensored mail at a local P.O. He was charged, convicted and fined £5 and was also reduced to general duties from Td Gp III.

A case has been reported of a country newspaper publishing in its Social column particulars concerning the camp location and unit of local military personnel, (one of whom was an officer) home on leave. No service particulars of any kind should be given to anyone on leave, particularly to newspapers.

7. AIRCRAFT IDENTIFICATION -
THREE & FOUR ENGINED MONOPLANES

Excluding flying boats there are only four aircraft of this type likely to be seen on the AUSTRALIA station. Identification is therefore relatively simple:

Consolidated Liberator B24

There is a slight possibility of confusing the Liberator with the Coronade, the latter being a flying boat. The Coronade is however far more deep bellied and has floats in the wing tips. It will be included in a later series. The Liberator is the only four engined land bomber with twin fins in use. It has very long slender wings and oval fins.

Boering Flying Fortress B17D and B17E

These are the only four engined singled fin bombers in use. The B17D has gun blisters on the side of the fuselage whereas the B17E has none and its fuselage sweeps up to the fin. B17E also has a turret above the cabin.

Junkers Ju52

The only three engined land plane in use. It is easy to recognise from its square cut tail and wing tips, spatted wheels, non-retractable undercarriage, and its box like fuselage. Used almost exclusively for transport and troop carrying.

L. DUTIES

Mounting at 1700 hrs 2 Sep 42:

DUTY SQUADRON "C" SQUADRON

Orderly Officer, Sergeant and Corporal to be arranged.

2. NEXT FOR DUTY

Mounting at 1700 hrs 3 SEP 42:

DUTY SQUADRON "C" SQUADRON

Orderly Officer, Sergeant and Corporal to be arranged.

3. TECHNICAL TOOLS

All personnel who have tools in their possession from Technical Stores except permanent Kit issues are requested to return same by 5 Sep 42 in order that stocks may be checked.

It has also been noted that tools issued to personnel for use have in many cases been misused and returned to store in a bad condition. Due to shortage of equipment this practice must cease and more care must be exercised, otherwise personnel misusing tools will pay for damages.

4. TEXT BOOKS

A moderately complete series of Small Arms Training and Infantry Training books are available. All N C Os are required to check books on issue to them, and obtain others available as soon as possible.

5. LEAVE PARADE

Squadrons will see that all leave personnel are marched to the buses. Buses are ordered by R H Q in accordance with figures provided by squadrons, and will carry only personnel arriving in a formed body.

6. A.I.F.TO A.I.F.

The undermentioned personnel having volunteered for service in the A I F, been classified medically fit (class 1) and completed AAF A200 are transferred to A I F and allotted army numbers as shown: 20/8/42:

5. SECURITY OF MILITARY INFORMATION
PEN FRIENDS.

The District Censor for 2 M D reports a considerable increase in correspondence addressed to pen friends from members of the forces.

The necessity to refrain from corresponding with an unknown person should be stressed in all units since the Pen Friend system is a familiar device of enemy agents.

6. SUBVERSIVE PAMPHLET

The distribution of a periodical pamphlet entitled "CITI ZEN SOLDIER" has been reported. The authors while advocating a wholehearted war effort incite the members of the forces to take COLLECTIVE ACTION to redress wrongs. Any further distribution of this publication should be reported immediately to LHQ.

7. SECURITY OF OPS

Many reports of flares, rockets, light signals, and guiding beacons have been made.

Investigation has shown that many such reports resulted from false observation; e.g. some have come from the sighting of a shooting star, and some from the unorthodox use of tracer ammunition.

At the same time it is important that any use of flares or signals by the enemy or his agents should be reported immediately.

Both service personnel and civilians obviously need careful instruction in the various natures of flares and light signals and their uses.

8. ENEMY METHODS - GERMAN

The following information from LIBYA is of interest, and such methods may well be applied by the Japanese in land operations:

-(OVER)-

AUSTRALIAN WAR MEMORIAL AWM2020.71.672

8. (i) Breech Block-Guns
contd Breech blocks removed from captured German guns, have been found in "fictitious" graves marked with white crosses; mine detectors were successfully used to locate these blocks.

(ii) A captured note book of a German officer, found at BARDIA stated that a German Pioneer Unit (Coy) could detect and neutralise 200 land mines per hour on roads and 500 such in open country. (Note: Our field units in recent operations compared very favourably with this enemy claim.)

9. CANTEEN GOODS - PURCHASE OF CIGARETTES AND TOBACCO

Attention is directed to the necessity for conserving stocks of tobacco and cigarettes in Canteens.

Difficulty is being experienced in obtaining sufficient quantities of various lines to meet the requirements of the Services. - G R O Q365

- - -

There is reason to believe that some personnel are buying cigarettes and tobacco on behalf of civilians. A continuance of this practice will inevitably lead to the introduction of strict rationing of the above commodities. Disciplinary action will be taken against personnel so offending.

10. CARE OF BICYCLES

There is a general shortage of spare parts, tyres and accessories for bicycles and the existing limited stocks of these items must be conserved. G R O 0372

- - - - -

All personnel will ensure that proper care and maintenance is given to bicycles with the object of prolonging their life. e.g. Careful handling and proper inflation of tyres.

TO ALL RANKS

For the past 3 months I have administered the Command pending the arrival of the successor to LT-COL LANAGAN. During the 3 months I have administered Command I have been helped by all ranks and with your co-operation we have been able to carry on the numerous exercises the Squadrons have done and I am pleased to say that the Regiment has now reached a fair standard of training and the keenness shown is most heartening.

To LT-COL BIRCH, I know you will give the same loyalty that you have given me, and I know this Regiment one day will do big things and it is my hope and wish that I will be with you.

ADM 361 APPEAL BY THE PRIME MINISTER TO THE DEPARTMENT OF THE ARMY IN REGARD TO THE £100,000,00 LOAN.

1. Subjoined is a copy of a recent letter addressed by the Prime Minister of Australia to the Minister for the Army.

3. Suggestions regarding the best practicable means of implementing the Prime Minister's wishes as contained in paras 5, 6 7 and 8 of his letter are invited from all personnel and should be transmitted through normal channels to L H Q as expeditiously as possible.

"My dear Minister;

In view of the heavy requirements of the Treasury in relation to Loan money for the current financial year, I have approved of an intensive three months campaign for the purposes of restricting public spending to the minimum, of diverting, all available money into bonds and war savings certificates, and of stimulating production and creating a more realistic war consciousness among the public.
It is desired to raise by public subscription £100,000,000 before Christmas. A Loan for this amount will be issued on September 3, but the intensive publicity drive will aim even to exceed this amount if possible.
The basis of the appeal will be the need for a much more austere method of living by the public generally, and the publicity will be directed towards securing the co-operation of the public in eliminating many of the avenues of surplus spending that today are resulting in a wastage of manpower, raw material, and time and effort that could be directed to war purposes.
The campaign will be conducted by the Department of Information and the general organization of the campaign has bee placed in the hands of the Controller of Government Advertising (Mr Hutcheson) (OVER)

Information and the general organization of the campaign has

AUSTRALIAN WAR MEMORIAL AWM2020.71.672

During the period of this special appeal I would appreciate the complete co-operation of yourself and your department in facilitating access to all facts and material necessary for the requisite propaganda and in giving active assistance that will be sought in different aspects of the campaign. In this connection I specially desire that Publicity Officers of all departments should give to the Department of Information and the Campaign Organiser (Mr Hutcheson) their complete coeoperation.

Simultaneously it is desired that all departmental publicity during the period in question should be stepped in with the general line of campaign propaganda, and directed towards securing a greater public appreciation of the need for the restriction of all forms of unnecessary spending. To ensure a uniform approach to the public it is necessary that all such departmental publicity should be prepared in consultation with the Committee controlling the campaign.

To emphasise to the public the need for austerity standards, I desire all action taken immediately in departments not only to eliminate waste, but to eliminate all activities that are not essential to the conduct of the war.

It is necessary that Service personnel should set an example in spartan living, and that all privileges that involve unnecessary use of facilities and commodities of which the public is being deprived should be strictly reviewed. I desire not only the issue of instructions to this effect, but also that, from time to time, the Service personnel should be addressed upon their responsibility to the civilian community in relation to waste of material and efforts.

It is not desired that any publicity be given to this campaign until an official announcement is made towards the end of August.

Yours sincerely,
JOHN CURTIN
PRIME MINISTER "
