(ii) Where natural cover is NOT available, artificial camouflage will be employed. Units etc will obtain technical advice in this matter from First Aust Army Camflg Unit.

Internal set up of tents in order to acheive regularity and neatness will be arranged by NCOs. There is a model tent in the "A" Tpt Pl area and NCOs who have not seen same will do so as soon as possible and will make arrangements for all tents in the area to be set out accordingly.

TO ALL OFFRS, NCOs AND MEN UNDER COMD

I take this opportunity of expressing to all ASC personnel in this area, my sincere appreciation at the manner in which the task of unloading and sorting of supplies ex S.S. JAPARA was carried out.

At times the task called for the working of long hours on heavy duties, and, in some instances, personnel were required to carry out duties not normally required of them. From observations made, this was at all times carried out promptly, efficiently and willingly.

This unit has always achieved high standards in tasks allotted, but in my opinion the standard so far attained in this area exceeds any previously set.

I look forward to the continued support and cooperation of you all, in the certain knowledge that it will be forthcoming.

(Reprinted from Force HQ R/Os Part I Serial No. 7 dated 15 Jun 43)

A considerable number of abuses of the privilege of the green envelope are occurring at the present time and a number of personnel do NOT appear to be aware of their primary use - that is, to permit correspondence on personal and private matters only, in accordance with a declaration that the writer has to sign.

Any discussion on matters which cannot be classified as personal and private (guarded hints as to Unit's location cannot be classified as such) is considered a breach of censorship regulations.

Cases where the writer has deliberately abused the privilege conferred by the green envelope will be cause for severe disciplinary action.

SECURITY INSTRUCTION No 7

(To be read to all ranks on morning parade, 3 May 43 and to be placed on Pl Notice Boards).

HQ Pl
Tpt Pl
S.D. Pl
FILE

Knowing that shortly we are to move into action, NO MAN can a fford to treat the matter of security with any degree of carlessness.

The old peace time training atmosphere has gone, and its place must now be taken by stern battle reality, when all must exercise every precaution for the sake of our cause, our fellows, and ourselves.

In view of the above, attention is directed to the following instructions:-

1. Be careful in your conversation, particularly in public places, make no reference to moves. Keep a still tongue in cafes, pictures, boats, buses and the like. Avoid private discussions on military matters and remember that a soldier's uniform may not always contain a soldier.

   Don't spread rumours, but rather squash them. Don't guess when, where or how we are moving. If you have any ideas keep them under your hat. Don't talk indiscriminately over the telephone.

2. Be careful in your correspondence. This applies to all letters, green envelopes, telegrams, etc. However slight, make no veiled reference to possibility of movement.

   On no account will private codes be used in letters. This practice is not only dangerous, but despicable.

3. Be careful of equipment markings. The only markings which will appear on equipment or personal gear such as pads, etc., will be Regtl No., Rank and Name. The unit designation will NOT be shown.

   All correspondence received will be destroyed or defaced so that the unit name does not appear. This is likely to provide the enemy with valuable information regarding our Order of Battle.

4. DIARIES. - No private diaries will be carried from Cairns and any in use up to date of departure MUST BE HANDED TO ADJT HQ ORDERLY ROOM on or before departure. Such diaries will be marked as shown hereunder:-

   "Private Diary of ....."
   Rank, Name, Unit Date

   and will be forwarded to Records for safe custody.

   To avoid possibility of enemy interception you WILL NOT say goodbye to your friends on eve of departure. This may seem hard but it is necessary.

   IF YOU SAY GOODBYE YOU MAY BE SIGNING YOUR OWN DEATH WARRANT!!!

2. Q.327. BUNGS AND WASHERS FOR 6-GALL. AND 44-GALL. DRUMS

Severe shortages of rubber used in washers and of die-caste metal used in bungs make it essential that these items be conserved. Units using drums will replace bungs and washers and tighten them with a bung spanner. Care will be taken not to damage bungs by using a hammer or other unauthorised method of opening.

(Extract from GROs dated 23 Apr 43).

3. G.341. BREAKING DOWN OF SERVICE OR ENEMY AMMUNITION

1. The breaking-down of service or enemy ammunition in any way, other than that authorised by training publications, hand books, regulations in existence or instructions issued from L.H.Q., is strictly forbidden.

2. The breaking-down of any service or enemy ammunition by unauthorised persons is prohibited.

3. If information is required on the internal construction of any type of service ammunition, reference can be made to inspecting Ordnance Officers posted to H.Q. of Corps or L. of C. Areas.

4. Enemy ammunition will normally be broken down or demolished by R.A.E. units (preferably bomb disposal units) under instructions from formation etc. headquarters.

ROUTINE ORDERS

PART I ---------- (CONTINUED)

4. G.342. IGNITER SETS - GRENADES No. 36M - SUSCEPTIBILITY TO MOISTURE.

1. The .22 R.F. cartridge cap, as used in the igniter sets for grenades No. 36M, is highly susceptible to moisture.

2. Personnel handling igniter set containers will observe strictly the following procedure:-

(a) Igniter sets are always issued in soldered cylinders. Should a cylinder be opened and the whole of the contents not expended, the cylinder will be resealed by effective adhesive tape or shellac binding.

(b) Detonators which show visible signs of corrosion or verdigris on the caps will be treated as uspect, as these are liable to produce blinds. Units will refer such detonators to an inspecting Ordnance Officer for determination of condition.

3. Units will keep the number of "ready use" grenades to a minimum, consistent with operational needs, and in tropical areas this number will not exceed four days requirements in advance.

(Extract from GROs dated 30 Apr 43)

3. ENGINEERING CADETSHIPS. (Extract from G.R.O. 3424)

AUSTRALIAN WAR MEMORIAL AWM2021.62.1084

3. ENGINEERING CADETSHIPS.(Contd)

2. Although the scheme has not yet been finally settled or approved, applications will be invited forthwith for cadetships on the following basis;-

(a) Cadets will be selected only from candidates between the ages of 17 years and 20 years, who are medically Class A1. who are or become members of the A.I.F. and who have reached Leaving Certificate standard in English, Mathematics and Science or have equivalent qualifications. Parental consent to join the A.I.F. will be required in respect of any cadet who is not already a member of the A.I.F.

(b) Cadets selected from civilian sources will be enlisted in the A.I.F. and all cadets will, during their cadetships, remain serving soldiers in the rank of private or sapper, with the pay and allowances accordingly. Text books will be provided by cadets at their own expense.

(c) Engineering cadetships will cover a course of military training, courses at approved educational establishments and a final course at an OCTU, over a period of approximately 3 years. Successful cadets will receive commissions subject to vacancies existing. Pending appointment to commissioned rank, such cadets will be allotted to RAE or AIME units in the ranks.

(d) Cadetships as such will terminate on the cessation of the war, but it is hoped to make arrangements for the completion of the courses which have been commenced, as part of a Repatriation scheme of vocational training.

(e) Cadets who prove unsatisfactory or become medically unfit or who are unsuccessful may have their cadetship terminated and be returned to normal army service.

3. (1) Applications will be made by serving personnel to their C.O's, who will forward all applications direct to LHQ (S-in-C) to reach LHQ not later than 5 July 1943.

2. In no circumstances will a soldier divulge in open court the location of his Unit, unless the bench rules that a full answer is essential to the case, in which event he will offer to write the information on a slip of paper to be handed to the bench.
