SECTION VEHICLES.

(a) O.C. platoon will arrange sections so that each shall be a unit comprised of one class vehicles, made up of either G'S, covered, open or Flat Tops. Where a mixture of each is made necessary after exhaustion of one type, same is to be allotted to No.5 Section.

(b) Sub-allotment of Platoon tasks will be arranged so that a complete section may carry out the task as a unit with the Corporal in charge.

(c) Where three or less vehicles of a section carries out the task, the vehicles will not be in charge of section Corporal. In such cases the Corporal will remain in the lines and supervise maintenance of remaining vehicles of his section.

(d) Where four or more vehicles of section carries out the task, then the section Corporal must take charge of vehicles during the task.

(e) Tool kits issued to drivers must be checked weekly against V.O.L., and all deficiencies reported to this H.Q. for preparation of stoppage sheet against driver. O.C. Platoons are to be held personally responsible for deficiencies not reported.

(f) The delegation of responsibility to section N.C.O's is imperative for Platoon efficiency ---- Hand it to them.

2. VEHICLE KEYS.

(a) Drivers are warned that they will not under any circumstances leave a vehicle without first removing the keys.

(b) Instances have occurred during the last few days of drivers leaving vehicles for a brief period without first removing keys and in consequence have returned to find that the vehicle has been quickly snatched up and driven away by the Provost to their H.Q.

(c) The import of such action is that if the Provost can snatch your vehicle so easily, so also could the enemy or Fifth Columnist or even a soldier or civilian for their own use.

(d) To prevent disciplinary action, get into the practice of removing keys before leaving your vehicle no matter for what period, because if you don't the Provost will surely snatch it in your absence.

2. CONDUCT OF TROOPS ON BUSES.

A complaint has been lodged by the Tramways Board relating to the misconduct of troops proceeding to the City on Fishermans Bend Buses.

The Board state that they will refuse to carry troops if their conduct does not improve.

Also troops refuse to pay the penny fare. Figures taken by the Board show that only one in ten pay their fare.

Disciplinary action will be taken against offenders.

Behaviour of troops away from Camp is always a reflection upon the Units efficiency.

APPEAL BY THE PRIME MINISTER TO THE DEPARTMENT OF THE ARMY IN REGARD TO THE £100,000,000 LOAN.

281.

In view of the heavy requirements of the Treasury in relation to Loan money for the current financial year, I have approved of an intensive three months' campaign for the purposes of restricting public spending to the minimum, of diverting all available money into bonds and war savings certificates, and of stimulating production and creating a more realistic war consciousness among the public.

It is desired to raise by public subscription £100,000,000 before Christmas. A loan for this amount will be issued on Sept 3, but the intensive publicity drive will aim even to exceed this amount if possible.

The basis of the appeal will be the need for a much more austere method of living by the public generally, and the publicity will be directed towards securing the co-operation of the public in eliminating many of the avenues of surplus spending that today are resulting in a wastage of manpower, raw material, and time and effort that could be directed to war purposes.

The campaign will be conducted by the Department of Information and the general organization of the campaign has been placed in the hands of the Controller of Government Advertising (Mr. Hutcheson).

During the period of this special appeal, I would appreciate the complete co-operation of yourself and your department in facilitating access to all facts and material necessary for the requisite propaganda and in giving active assistance that will be sought in different aspects of the campaign. In this connection I specially desire that Publicity Officers of all Departments should give to the Department of Information and the Campaign Organizor (Mr. Hutcheson) their complete co-operation.

Simultaneously it is desired that all departmental publicity during the period in question should be stepped in with the general line of campaign propaganda, and directed towards securing a greater public appreciation of the need for the restriction ofall forms of unnecessary spending. To ensure a uniform approach to the public it is necessary that all such departmental publicity should be prepared in consultation with the Committee controlling the campaign.

282. CLOAK ROOM.

For the convenience of personnel on leave in MELBOURNE LofC Sub-Area, it is also advised that a Cloak Room has been opened at 664 Bourke St (near Spencer St Railway Station) where personnel may, upon production of leave passes, leave their kits, equipment and any other parcels or articles free of charge whilst on leave. The Cloak Room personnel will also supply information of use to soldiers on leave concerning concessions available in regard to places of entertainment, information concerning hostels and accommodation, and if possible any other information required.
