NOTICES.

PERSONAL REPORTING SICK ON LEAVE. In future any member of this Unit who becomes ill whilst on leave, will report immediately to his Area Medical Officer, who, if the case warrants same may order treatment and sick leave for a maximum period of four days, in which case a sick report (A.46) must be forwarded to that Unit immediately.

If at the expiration of that period the soldier is still unfit he must be either evacuated to the nearest Military Hospital or return to his Unit for admission to Camp Hospital.

No excuse will be accepted for failure to comply with this instruction & those who offend will be charged with being absent without leave and will be dealt with accordingly.

SURRENDER OF IDENTITY CARDS. All personnel having Civilian Identity Cards must report immediately to Orderly Room.

DISCIPLINE & CONDUCT OF TROOPS ON LEAVE.

It is the duty of all Officers & N.C.O's to ensure that troops proceeding on leave from depots schools etc, depart properly clothed, clean and tidy. Units will arrange for an Officer to inspect all personnel prior to departure on leave to ensure that they are properly turned out, and will under no circumstances allow any individual to leave camp who is not properly turned out. The untidy and unsoldierly appearance of troops in the streets has a very adverse effect on the War generally, and action will be taken to ensure that Military Police and Town Picquets check the behaviour, dress and bearing of troops in cities and towns, and take action to return individuals offending to Camp.

NOTICES.

HATS. W.D. - MANNER OF WEARING. Hats W.D. have been worn in fanciful manner by distorting the brims so that they resemble jockey caps, skull caps etc. This detracts from the appearance of such men wearing them and in general cheapens the unit to which these men belong.

Such distortion must be discontinued immediately otherwise disciplinary action will be taken against offenders of this instruction.

ENLISTMENT IN A.I.F. Approval has been given to enlistment as A.I.F. of volunteers from C.M.F. Units.

Personnel of this Unit desiring to volunteer may obtain the necessary forms from the Regimental Orderly Room. Personnel so doing are instructed that they must not proceed to Recuiting Depots, as all arrangements are to bemade in Camp.

DISPOSAL OF RUBBISH IN CAMP AREA. All personnel are notified that the incinerator is only to be used for inflammable materials.

Bottles, tins etc. must be placed in other receptacles, provided.

CHURCH SERVICES. Protestant Church Service will be held in the Recreation Hut commencing at 0900hrs, Sunday 21st. June 1942.

WET CANTEENS. It has been brought under the notice of Camp Headquarters that the privileges of the Wet Canteen have in some isolated instances been abused. A continuation of these practices can only bring about one result :- The curtailment of privileges enjoyed by all personnel through the short comings of a comparatively few.
The alcoholic beverage dispensed therein are for the troops use of, and not for abuse.
Under no circumstances are civilians to be permitted in the Wet Canteen, and any soldier detected buying liquor for civilians will be severly dealt with.

APPENDIX. No. 5.

H.Q., B.I.P.O.D.
Gipps Street.,
RICHMOND. E.1.

A.D.S.T.
Vic. L. of C. Area.

B.I.P.O.D. F.T.D. PERSONNEL.

Approval was given in H.Q., Vic. L. of C. Area Memo. 5908, copy attached, for the allotment of 170 additional personnel to this Unit.

2. Since that date i.e. May 42, only 82 personnel have been drafted to B.I.P.O.D. leaving a balance of 88, which it has NOT been possible to obtain.

3. Accomodation is available and it would be appreciated if special arrangements could be made to provide the required personnel at an early date.

4. Since the inception of B.I.P.O.D., many duties not originally envisaged and due to changed conditions, have fallen upon B.I.P.O.D., and this Unit is frequently short of the necessary personnel, for work to be performed covering :

Checking at Wharves
Loading at Wharves
Loading & unloading at Drum Dumps & Oil Stores
Skipping 44 gall Drums to 4 gall Drums at various places throughout the State.
Repainting & rebranding Stocks.

5. On occasions it has been necessary to obtain additional personnel from other Units to assist B.I.P.O.D. to carry out certain duties, but it is definitely desirable that B.I.P.O.D. personnel should gain the experience that this work entails.

6. Training is practically neglected, as the whole of the existing personnel is frequently required for duties. Certain Sections in particular must have immediate training for their special duties, which are other than those enumerated in Para. 4.

7. With regard to the medical classification of B.I.P.O.D. personnel, it is considered that the number of Class 11 men at present on strength, could NOT be increased without affecting the working efficiency of the Unit.

8. With the proposed increase in establishment, which will undoubtedly be approved, it is necessary to be prepared to immediately increase, and train additional personnel for the Aviation Supply Section in particular, and in the very near future, application will be made for future additional personnel.

CIGARETTES AND TOBACCO - SHORTAGE.

The sale of Tobacco, Cigarettes and Cigarette Papers by Military Canteens, to civilians visiting Military Camps is prohibited.

The re-sale to civilians of supplies of Cigarettes, Tobacco, etc. taken away from Camp by members of the Forces will result in the rationing of such supplies to all camps. The attention of all ranks is directed to this fact with a view to obviating the loss of privileges in respect to unrestricted supplies.

All ranks are warned that excessive buying of Canteen supplies will in the very near future, lead to a serious shortage and a restriction of purchases.

SECURITY - MILITARY INFORMATION.

The Commander - in- Chief directs that the following matter be brought to the attention of all personnel in this Unit.

1. The attention of all ranks is invited to the necessity for the maintenance of secrecy discipline.
2. The efficiency of the enemy espionage and information service has been a conspicuous factor of his general military success, at this time.
3. There is evidence of leakage to the public of information regarding the disposition and movement of military units and materials. presumably the result of careless talk at social gatherings, in hotel lobbies and on public conveyances, The tendency to talk in an atmosphere of conviviality requires no further comment.
4. All ranks are forbidden to discuss any military matters in the presence or hearing of a stranger, either military or civilian.
   It must be understood that military subjects may become dangerous to our troops and our cause, whilst it is obvious that, in the majority of cases, the intent was not malicious, and that public curiosity is a constant temptation, it must be accepted that military subjects in an unofficial setting and to unauthorised persons indicates lack of proper sense of official responsibilty Increased caution by all ranks is therefore necessary with regard to any military information.

PLUGS - SPARKING - CARE AND PRESERVATION.

All pers. connected with tpt. are instructed that the utmost care is to be taken to prevent the breakage of spark plugs.

BREAKING IN BOOTS.

The following methods are to be used:-

(a) After careful fitting the man should stand in about 3 inches of water for about 20 minutes, or until leather becomes thoroughly wet and pliable and in a condition to stretch easily. The soldier should then be marched on a level surface if possible for an hour or until the boots have dried on his feet to the shape of which the pressure of body weight and muscular action has forced the leather, in drying to conform. Before the boots are quite dry an application of dubbin, or animal oil or fat where dubbin is not available, should be applied to the internal surface of the boot.

(b). Grease the foot or for preference the outside of the socks prior to wearing the boots, until the inside of the boot becomes soft and moulds itself to the shape of the foot. This method although effective is much slower process, and in some cases may result in the foot "breaking in" first.

WARRANTS FOR TRAVEL - PROPER COMPLETION.
It is the responsibility of Officers who are authorised holders of books of travelling warrants to ensure that the warrants are properly completed for authorised travelling before issue, and they will closely supervise any duties in their completion which they may delegate e.g., the filling in of details of the warrant.

The following instructions in particular will be observed and attention is directed to MFR.&.I 186, et seq.

(i) Each warrant will be made out in indelible pencil or ink and be signed by a commissioned officer.

(ii) When a warrant is issued for the travelling of two or more persons the names of the persons will be entered on the back of the warrant except that in the case of a large party travelling, the name of the O.C. Party will be shown on the back with particulars of the party and occasion of travelling.

(iii) The recipient of a ticket or tickets issued on the authority of a rail warrant will sign for their receipt in the place provided on the warrant.

Where the journey necessitates the use of rail and coach service seperate warrants for each service will be provided - AAF T1 for rail, and AAF T4 for coach travel.

WEARING OF WAR BADGES The "Returned from Active Service Badge" and other War badges may be worn only when the recipient is in civilian attire. The wearing of these badges by members of the Military forces when in uniform is forbidden.

DISCIPLINE AND CONDUCT OF TROOPS ON LEAVE It is the duty of all Officers and N.C.O's to ensure that troops proceeding on leave depart from depots, camps, schools, etc. properly clothed, clean and tidy. Units will arrange for an Officer to inspect all personnel prior to departure on leave to ensure that they are properly turned out, and will, under no circumstances allow any individual to leave camp who is not properly turned out.

The untidy and unsoldier appearance of troops in the streets has a very adverse effect on the war effort generally, and action will be taken to ensure that military police and town pickets check the behaviour, dress and bearing of troops in cities and towns, and take action to return individuals offending direct to camp.

ECONOMY IN THE CONSUMPTION OF RUBBER.

1. It is of the utmost importance that every effort should be made to conserve stocks of all articles manufactured from rubber.

2. Special attention is to be given by all M. T. Drivers to the maintenance of tyres of all mechanised vehicles.

3. All tyres are to be frequently inspected, inflation pressures are to be carefully checked and every possible repair is to be executed as soon as detected, in order to obtain the maximum life from each tyre. It has been noted that excessive wear of track-grip tyres has occurred in many instances due to "under inflation."

4. Tyres should be inflated to their correct pressure before the commencement of a day's run, at a time when the tyres are cool and the air temperature in the tyres corresponds to that of the atmosphere.

5. The distribution of loads should be carefully watched by M. T. Drivers; the idea being to make all tyres carry a fair share of the load.

6. The practice of keeping vehicles constantly under load has a detrimental effect on the tyres, especially when vehicles are stationary for long periods.

7. The following maximum permissable speeds must be observed by all ranks:

Motorcycles and Cars	--	45 m.p.h.
Vans 12 - 15 cwt.	--	30 "
Vans 1-ton	--	25 "
Lorries, 30 cwt. & 3-ton		25 "
Lorries (6-wheeled)	--	20 "

Disciplinary action will be taken in the case of breaches of these instructions.

RETURN OF PETROL LICENCES: The Commonwealth Liquid Fuel Control Board desires to draw attention to the obligation devolving on every person holding a Motor Spirit Consumers' Licence issued for any purpose other than for private use, Class 2 (that is a licence on buff colored paper) to surrender his licence immediately there is any change in the occupation of the holder. The Board has reason to believe that a number of persons called up for military duty have not acted in accordance with this obligation and surrendered the Motor Spirit Consumers' Licence issued to them in connection with their civil occupations.
Any person in this camp who is still in possession of such a licence, or who failed to return same before entering camp is therefore required to surrender same immediately to the Liquid Fuel Control Board in the Capital City of the State in which the licence was issued, together with a letter explaining the changed circumstances and the reason for failure to return the licence previously.
This direction is issued under the National Security (Liquid Fuel) Regulations, breaches of which are punishable by a fine of up to £100 or six months' imprisonment, or both.

FEDERAL TAXATION. DEDUCTIONS FROM DAILY RATES OF PAY OF MEMBERS OF THE FORCES TO MEET TAXES FOR THE YEAR ENDED 30th. June 1942.

1. Members of the Forces, other than recently returned A.I.F., are required to lodge income tax returns in any case where the income (as a soldier and private income), including the value of subsistence field allowance and allotments, but excluding dependants allowance derived during the year ended 30th June 1942, exceeded £156.

2. Members of the Forces so liable for the payment of income tax for the year ended 30th. June 1942, will be assisted to meet such payments by having deducted from their drawing rate of pay, daily rate approximately equilivent to that required, according to their rank and rate of pay. They will be duly advised of the rate to be deducted, and the drawing rate in paybooks will be adjusted accordingly.

3. Deductions and payments will be made by the Army and controlled by the District in which the member enlisted irrespective as to whether or not the member derived his income in that State.

4. To enable the Army and the Taxation Dept. to carry out the proposed procedure, it is necessary that all taxation returns be forwarded to the correct authority. In this connection members should submit their return for year ended 30th. June 1942, to the Commissioner of Taxes in the Capital City of the State in which they enlisted, e.g. a member who enlisted in Victoria - say with an Army No. "V" 12345 - will forward his return to the Commissioner of Taxes, Melbourne, Victoria.

MOTOR TRANSPORT: POLICING OF SPEED LIMITATIONS - NEED FOR IMPROVED DRIVING DISCIPLINE AND ECONOMY IN USE OF OIL: Vic L of C R/O's Nos. 223-235, para 230 of 15/7/42.

1. Strict supervision of the use of Motor Transport and the effective policing of speed limitations must receive the personal attention of all Commanders, who will themselves set an example in this respect.
2. The necessity for greatly improved driving discipline is obvious, training should ensure that braking and rapid acceleration receive great attention.
3. Economy in lubricating oils needs stressing, particularly in relation to salvage. Much salvaged engine oil is spoilt by mixing used gear oil with it. Segregation of gear oil and engine oil in salvage is not being achieved and results in losing very much oil.
4. The attention of all ranks is to be drawn to MBI's 063 and 068 of 8th April, 1942.

THEATRE TICKETS: Concession Tickets for His Majesty's and Comedy Theatres can be had on application to the Orderly Room.

LOSS OR DAMAGE TO GOVERNMENT PROPERTY:

As the O.C. of this Unit is held personally liable for any loss or damage to Government Property, or Stores, this liability is, therefore, delegated to Officers, N.C.O'S. AND other ranks under his command.

Should any loss or damage be proved, after impartial investigation, the person found responsible can be called upon to show cause why he should not pay for the loss, or damage sustained.

Where items such as M.T. Vehicles, tools, equipment, or any property of the Army is handed over to another rank to enable him to carry our his task, it becomes the responsibility of that particular person to see that ordinary care, attention and protection is exercised. Failure to observe these usual precautions is a disobedience of orders, and can be translated into a financial responsibility for the offender. In all cases, there is the additional possibility of disciplinary action.

Carelessness has existed, together with the failure in some instances to realize the personal responsibility of the individual, at a time when carelessness, loss or damage represents a hindrance to the war effort; the matter, therefore, assumes a serious aspect for the offender.

ALL PERSONNEL enlisted in the Forces are debarred from engaging in civil occupations in any capacity, and in this connection attention is drawn to MBI A167 of 15 Dec 41, which reads as follows:-

1. "Cases have occurred where personnel employed on full time duty have continued to be actively associated with their civil occupations, and in some instances have been in a position where it might be suggested that influences other than purely public considerations might, by reason of their civil associations, have affected them in the performance of military duty. It is necessary that members employed on full time duty shall devote their full and undivided attention to their military duties. Accordingly, the instructions in the following paragraphs will be strictly complied with.

2. Personnel called up for full time duty will not personally engage or be actively employed in any business, profession, trade, occupation, or calling, other than in connection with the duties of their office or offices under the Commonwealth.

3. Attention is directed to A.M.R. & O. 316, and in this connection, it is essential that all personnel should be seized with the necessity for scrupulously avoiding any situation which might create suspicion.

4. Military ranks, titles and appointments will not be used or referred to in non-military advertisements, or commercial communications.

5. Attention is also drawn to A.M.R. & O 317, relating to the use of the titles of military rank in connection with signature to correspondence or other documents."

DRESS ON LEAVE:

The Commander in Chief Australian Military Forces is very dissatisfied with the bearing and appearance of Aust. troops and attention is again drawn to the following instructions:

1. Members will only wear a uniform of approved pattern, except when engaged in sport.
2. Action will be taken to ensure that all members wear their hair reasonably short. This is essential for hygienic reasons. Periodical inspections will be held to ensure this instruction is observed.
3. Collars and ties will not be worn with jackets, except by Officers, and W.O's Class 1.
4. All buttons on jackets will be kept fastened.
5. Sweaters and pullovers will not be worn in lieu of jackets, except within Camp or Tng. Areas as ordered by the O.C's.
6. Hats will be worn with a crease in the centre, but will not be pinched or stitched or otherwise secured to alter them from their normal shape. Hats will not be worn on the back of the head.
7. The chin and under lip of all personnel will be shaved.
8. Troops on leave will not wear summer dress except when authorized.
