No information shall be given regarding the state of Army supplies. This includes any statement relating to the quantities or quality thereof, or the use of enemy supplies.

Any discussion of operations either by our forces or the enemy whether successful or otherwise or details or forecasts of projected operations is forbidden. This instruction includes references to ruses adopted by either side.

AUSTRALIAN WAR MEMORIAL AWM2022.5.2616

NOTE REGARDING THE PRESS:

Numerous enquiries from troops have raised the point of why certain military information released to the Press in Australia may not be discussed in personal correspondence.

In answer to this question it is obvious that H.Q. could not issue instructions daily to Franking Officers showing what news could be made public.

Secondly, Press reports are of a general nature and except where official approval is given, do not mention units, locations, etc. whereas troops on the spotwriting letters may reveal certain details which have not been officially released and which are still military secrets.

Finally, the Press and Broadcasting Stations are not subject to Army censorship. The authority for censorship of the Press and Broadcasting Stations is the Chief Publicity Censor.

5. Enclosures in Letters:
A statement of any enclosures in letters (particularly money) must be shown on the top left-hand corner of the first page. Newspaper clippings, harmless in themselves, may become censorable matter, when enclosed in an otherwise harmless letter. The address on the letter may identify the unit as being engaged in the particular operation referred to in the clipping (See note regarding Press above).

6. Diaries and Note Books:
Diaries and note books shall not be sent through the post.

7. Picture Post Cards and Books of Views:
Troops in training depots and permanently static positions in any of the Australian States south of 25 deg. S. Lat. and then only those permitted to use a location address, may send to Australian addresses only, postcards and books of views on sale in nearby towns.
Troops in field or mobile units are not permitted to send such cards or books except with the permission of Forma tion H.Q. and then only to Australian addresses.
In either of the above cases, the unit or formation, must not appear on the cards or books, but each must bear the unit censor's stamp.
Franking officers must rigidly police this instruction.

8. Communications to Neutral Countries, Enemy or Enemy Occupied Territories:
It should be remembered that letters to Neutral Countries may reach enemy hands, therefore, the utmost care should be exercised when writing such letters. Even comment of a general nature on Australian internal or political condition may have informative or propaganda value to the enemy.

When communicating with neutral countries, a soldier must not disclose the designation of his unit. He must use an "Accommodation" or civil address giving his number and name only Care/of a friend or relative at some civil address. Such letters must be handed to the Franking Officers for treatment in accordance with instructions to Franking Officers in Appendix "B". For communications to Australian Prisoners of War in enemy or enemy occupied territories, see Appendix "E"

9. Improvised Notepaper:
Where there is a scarcity of notepaper, the backs of official orders, documents, etc., must not be used as notepaper.

10. Headed Stationery:
Regimental notepaper, hotel, ship or similar stationery is forbidden. Stationery issued by philanthropic institutions must not be used if it does not conform to security requirements.

11. Codes, Ciphers and Shorthand:
It is forbidden to use codes or symbols of any form or to attempt to disguise information by inuendo or pregrranged systems whereby hidden meanings are given to apparently harmless words.

12. Advertisements, Circulars, "Pen Pals."
No endeavour must be made either by advertisement or otherwise to

AUSTRALIAN WAR MEMORIAL AWM2022.5.2616

nter into personal contact with strangers nor must letters from rangers be answered.

It is forbidden to correspond with "Pen Pals" except those sponsored by the following approved organizations:-

"Letters from Home", Box 4, King St. P.O. Sydney
"Blots Club", Town Hall, Melbourne.
"Letters from Home", Box 1513W, GPO, Brisbane.
"Correspondence Committee, Cheer Up Society, R'lway Tce. Adle.

13. Communications to the Press:

(a) Communication with the Press on military matters whether by correspondence, personal interview with Press representative, or by other means is forbidden, except that personnel up to and including the rank of Captain, who have been on active service, may give interviews on first-hand experiences in battle to uniformed accredited war correspondents, who will be responsible that such material is referred before publication to an officer of the Directorate of Public Relations.

(b) Members may write articles, stories or poems for publication in the Press provided they do NOT deal with Military matters and are submitted for censorship.

14. Newspapers:

Members of the forces are forbidden to post or send newspapers or to arrange for the despatch thereof to any person other than themselves.

PART "B" - UNIT CENSORSHIP.

15. Application of Unit Censorship:

(a) Unit Censorship applies to all ranks of the A.M.F. who are in camp or at battle stations.

(b) Personnel of Headquarters and Establishments not rationed and quartered by the Army, except where the postal address of the H.Q. or Establishment is "Australia," are not subject to Unit Censorship. G.O.C's. Formations and Comdrs. L of C Areas are empowered to declare which units shall or shall not use a location address.

(c) Troops on Leave: In areas South of Lat. 25 Deg. only and unless the privilege is withdrawn by Formation H.Q. for any special reason (which must be notified to the Chief Field Censor, L.H.Q.) troops on long leave (that is any leave period of 48 hours or more) whilst living under civil conditions are not subject to Unit Censorship.

However, all ranks are reminded that they are at all times subject to the Defence Act. If any communication, packet or parcel, wirtten or sent by a soldier, is reported by the Civil Censors, for a breach of the National Security Regulations, severe disciplinary action will be taken against him.

(d) Detached Personnel:

(i) Where no franking officer is available, postal articles, except registered letters and registered parcels, may be forwarded under cover to a Base Censor at a capital city labelled "unfranked postal articles from .....unit or detachment".

(ii) Telegrams from personnel of isolated detachments with no officer in charge should be sent through their parent, nor nearest unit.

16. Penalties for Infringement of Censorship Instructions:

Any infringement of this Instruction is an ant of disloyalty which may incalculably harm the allied cause. This fact must be impressed on ranks.

Disciplinary action will be taken against personnel subject to Unit Censorship irrespective of rank, for infringements of this instruction - particularly in regard to:-

(a) Communication or attempting to communicate censorable matter or despatching or attempting to despatch prohibited articles.

(i) The fact that a postal article or telegram is to be examined by a franking officer and is subject to field or base censorship does not absolve the sender from responsibility if censorable matter or prohibited articles are included.
