Serial No. 1/44 — 4 Jan. 1944 — Paras. 1 - 3

---

1. ESCAPES OF AUSTRALIAN PRISONERS OF WAR FROM ENEMY HANDS.

It is the duty of any soldier, if captured by the enemy, to effect his escape at the earliest possible moment.

It is also his duty - any breach of which is a serious offence - not to communicate to unauthorized persons any information about the means employed by him or his companions to escape from enemy hands.

The disclosure of such information :-

(a) prejudices the chances of other escapees;
(b) prevents other members of Australian or Allied forces from using the same or similar means of escape;
(c) endangers the lives of those who may have assisted the escapees at any stage of their escape;

therefore, except as provided in paras. 4 and 5 below, an escaped prisoner of war is forbidden to disclose particulars of his escape directly or indirectly to any person whatever, either by word of mouth or in writing.

An escaped prisoner of war will disclose full particulars of his escape only to officers authorized by the Director of Military Intelligence to interrogate such an escapee. No officers, except those authorized by the DMI, are permitted to interrogate any escapee on the circumstances of his escape.

Should it be considered desirable for an escaped prisoner of war to lecture on his experiences, the script of the proposed lecture will be submitted to the DMI for approval. No lecture will be arranged until approval of the DMI has been obtained.

GRO G.192/43 is cancelled.

2. UNIT CENSORSHIP.

Unit censorship will, in future, be applied only to communications from a member of the AMF who is :-

(a) outside the mainland of Australia.

(b) within an area of the mainland of Australia which has been "declared" under National Security (Emergency) Regulations.

(c) in that part of Western Australia north of 20° south latitude, other than that part of Western Australia included in (b) above.

(d) in that area of Queensland north of the northern boundaries of the shires of Barkly Tableland, Cloncurry, McKinley, Wyangarie, Flinders, Dalrymple and Thuringowa.

(e) writing to an addressee outside Australia.

(f) irrespective of his station, under order to move to an operational area from the time of receipt of the warning order or movement order.

A member who is rationed and quartered by the Army, irrespective of whether he will be subject to unit censorship or not, will continue to

AUSTRALIAN WAR MEMORIAL AWM2022.5.2620

post his letters through Army channels in order that :-

(a) unit censorship may be applied to letters, if required;

(b) the member may obtain the Army concession postage rate.

A member who is rationed and quartered by the Army, but is not subject to unit censorship, will hand his letters in to unit orderly rooms :-

(a) unsealed, in the case of letters addressed overseas, to facilitate franking.

(b) sealed, in all other cases, for unit censor stamping, as this entitles the letter to the concessional postage rate.

Green envelopes will be withdrawn from all troops released from unit censorship.

Until a revised field censorship instruction is issued, LHQ Field Censorship Instruction No.4 will continue to be observed except to the extent that it is inconsistent with this order.

Members are under an obligation to observe strict security principles in their correspondence.

For the purpose of this order, the area of the mainland of Australia which has been "declared" under National Security (Emergency) Regulations shall be deemed to be :-

SEASONAL MESSAGES.

The following messages have been received by General Sir Thomas Blamey, Commander, Allied Land Forces, and Commander-in-Chief, AMF :-

From the Hon. F.M. Forde, M.P., Deputy Prime Minister and Minister for the Army:

"On this fifth Christmas of the war it is my pleasure to extend to yourself, and all officers and personnel of the Australian Military Forces under your command, the best seasonal wishes of the Australian Government and the Australian people.

During the past year we have followed with pride and gratitude the achievements of our troops under your command in a campaign in which terrible difficulties have been encountered and overcome. Your officers and men, in conjunction with the forces of our Allies, have further secured the safety of Australia from attack by the enemy. For this, the nation is indeed deeply grateful. Your troops have added further to the

			OUTWARD SHIPPING SECTION:	
			TO WHARF: 306, 431 Pkgs 11, 822 Cub Tons	
			NUMBER OF COMPLETED LOADINGS: 11 SHIPS	
			These figures are approximately half of those for Jan 44; the last 3 weeks of Feb being very light.

			Wharf to Rail: Heaviest since Oct 43	
			Wharf to Stores: Lightest on Record (This indicates shortage of space in Metropolitan Stores, with the consequent necessity of railing to country)	
			Transhipments also were lightest on record and this is related to the comparatively small shipping figures.
