2. RECOVERY OF TRADESMEN: It is desired to impress on all troops that the recovery of tradesmen and potential tradesmen is a matter of most urgent national imp rtance. The manpower situation is so critical that for all practical purposes the Army must provide its future requirements in tradesmen from the within its own resources. It is important therefore that no onetradesman or potential tradesman required, is lostto the Army. Many tradesmen are serving in capacities where their capabilities are not being fully utilised. Many others are not aware that the Army has specific use for their skill and that higher pay can be earned by following their calling. To overcome this a list of tradegroupings is furnished below. (AAF W3009 Part E) All ranks will [illegible] their close attention to the list. If they have any training or aptitude in any of the occupations, they will hand in their names giving particulars of trade, experience etc., to their Orderly Room for transmission to Unit HQ and subsequent submission to the Tradesmen Recovery Officers when theyvisit the Unit. The Recovery Officers will consider whether a man will be more usefully employed at his trade or in his present posting. Suitable personnel will be sent for trade testing, and successful candidates upgraded on being posted to an appropriate position. Troops should realise that it is their duty to their country to disclose their capabilities if they have received complete or partial training in any of the trades required. In this connection, NCOs need have no fear of losing pay by declaring their tradesmanship. Potential and inexperienced tradesmen may be sent to schools if their services are likely to be required.
NOTE: List of trade groupings is to be found on AAF W3009 (as revised Jan 43 Part E) and this portion of the form will be posted on notice boards using this Appx. as a heading.

ENGINEERING CADETSHIPS

The provision of engineering cadetships (both civil engineering and electrical and mechanical engineering) for a limited number of cadets which may be drawn either from serving personnel or from civilian sources is under consideration.

2. Although the scheme has not yet been finally settled or approved applications will be invited forthwith for cadetships on the following basis :

(a) Cadets will be selected only from candidates between the ages of 17 and 20 years who are medically Class 1, who are or become members of the AIF and who have reached Leaving Certificate Standard in English, Mathematics and Science or have equivalent qualifications. Parental consent to join the AIF will be required in respect of any cadet who is not already a member of the AIF.

(b) Cadets selected from civilian sources will be enlisted in the AIF and all cadets will during their cadetships remain serving soldiers in the rank of private or sapper with pay and allowances accordingly. Text books will be provided by cadets at their own expense.

(c) Engineering cadetships will cover a course of military training, courses at approved educational establishments and a final course at an OCTU over a period of approximately 3 years.
Successful candidates will receive commissions subject to vacancies existing. Pending appointment to commissioned rank, such cadets will be allotted to RAE or AEME units in the ranks.

(d) Cadetships as such will terminate on the cessation of the war but it is hoped to make arrangements for the completion of the courses which have been commenced as part of a Repatriation Scheme of vocational training.

(e) Cadets who prove unsatisfactory or become medically unfit or who are unsuccessful may have their cadetships terminated and be returned to normal army service.

3. (i) Applications will be made by serving personnel to their COs who will forward all applications direct to LHQ (E-in-C) to reach LHQ not later than 5 JUL 43. (This is essential to allow sufficient time for selection in time for assembly of selected cadets for the first course expected to commence on 1st Sept. 1943.

AUSTRALIAN WAR MEMORIAL AWM2022.5.2802

ENGINEERING (Contd.) (ii) CCs will with each application furnish a
SCHOLARSHIPS report on the candidate as to his character, ability and suitability.

(iii) Copies of applications and reports will be sent by CO. to [illegible] H.Q. (GRC G.424)

2. TENTS Tents will not be camouflaged unless such is approved or ordered by HQ 11 CA L of C Sub Area. The following points will be observed in the maintenance of tentage:

(a) Guy ropes will NOT be crossed from front to rear of tent. They will be anchored away from the tent sufficiently outward to give stability in bad weather.

(b) Tent flaps must be rolled inwards, and not thrown back over the tent. Flaps will NOT be rolled when the tent is wet or damp.

(c) Wooden blocks approximately six inches in diameter will be placed under the poles, the poles upright in each tent. During rainstorms these can be removed promptly automatically slackening the guy ropes.

(d) When tents are required to be stored the whole of the tent including ropes, must be thoroughly dry. (HQ R/O 46 P 373)

3. PRE-SELECTION OF OFFICERS Applications will be submitted by all personnel who consider themselves suitable for training as officers.
Personnel will be required to undergo aptitude tests prior to selection for further training.
Applications will be lodged with these HQ by the 25th of each month. (By authority HQIL of C Sub Area Memo 2434 of 8 JUN 43.)

3. GOCs VISIT

Extracts from Area HQ R/O Pt.1 No.51 dated 10 JUL 43
The GOC has expressed his appreciation of the many activities witnessed along the north-south road and at ALICE SPRINGS.

The inspection of Units in general and the efficiency displayed by members was favorably commented on and the most pleasing feature was the high standard of discipline encountered throughout.

[illegible] GES

The attention of all personnel responsible for originating signal messages is again drawn to the fact that place names, and the names of personnel MUST be printed in BLOCK LETTERS.

Corruptions are occurring through Signals having to guess at badly written and indistinct names and in future any messages lodged for transmission which are not clearly legible will be returned to the originator, who will be held responsible for any delay occasioned thereby.

5. TELEPHONES (392)

Considerable inconvenience and a waste of time has been occasioned by telephones being left unattended during normal office hours.
In future if a telephone is to be left unattended for any period the switchboard operator MUST be notified.

SUPPLY OFFICERS' DIARY.

DATE: Friday, 9 July 43. BASE SUPPLY DEPOT.

WEATHER: Fine, warm; temperature 76 degrees at 1500 hrs.

RATIONS ISSUED: 43 potatoes to 14 S.A.

UNITS' RATIONS:
1. 14 tons rations to R.S.D.
2. 3¾ tons potatoes to Perishable Section.
3. 3½ tons straw to R.S.D.

COMMODITIES:
1. The potatoes despatched to 14 S.A. were of excellent quality. But the bags were in poor state. All showed many signs of wear, and apparently had been used previously to carry coke or coal. Many were broken or frayed with the result that much re-bagging had to be done.
2. Potatoes issued to Perishable Section were of very good quality.

GENERAL:
1. Personnel engaged in infantry training from 0800 to 0900 hrs.
2. Signal received from H.Q., 9 A.S.D.C., to the effect that F.44's were to be submitted at the end of each accounting period, instead of when the write-off occurred as done previously.

Routine Order No.71 Part 1 Date:16JUL 43

AIRGRAPH (CONTD.) It will be placed as far to the left as practicable.

Detailed instruction covering preparations of the letters by senders are set out on the backs of the forms which will, however, in every case following censorship be passed through Unit channels by postal orderlies for onward transmission.

6. If one form be sufficient for the whole of the letter, 2 or more separate forms may be used, but in such case each form will be treated as a separate letter & a separate fee must be paid for each. Writing must be plain, and preferably in black ink to secure satisfactory photographic reproduction. Use of pencil is not recommended, but, if used, it will be a soft black lead pencil; indelible lead pencil will not be used.

7. Names and addresses of addressees will be written by hand in prominent block lettering (as large as practicable) and will be kept wholly within the panel provided on the form.
The full address of the sender and the date of writing will be written at the top of the "letter" portion of the form and at the foot of the letter the sender's full name will be written in block lettering followed by his signature.

8. The airgraph letter as delivered to the addressees overseas will be less than one quarter the size of the original lodged by the sender. Need for the block lettering as above described and clear writing generally will therefore be readily understood.

4. WEBBING EQUIPMENT O.C. Depots will furnish certificate to this HQ by 0900 hrs, Sunday 18 JUL 43 that all members in ALICE SPRINGS Area have been issued with webbing and full gas equipment.
