118. FIRE PRECAUTIONS

i. Platoon Comds will ensure that a sufficient number of ropes are allowed to hang from the windows of the mens' sleeping quarters as will provide adequate fire escapes. This action will be taken by 1200 hrs 15 March 46

ii. Platoons will submit a list of their fire piquets detailed each night, to this HQ by 1800 hrs daily. Such list will set out the locality of each members sleeping quarters.

iii. Fire drill will be carried out by each Pl with any available personnel at 1330 hrs 15 March 46.

iv. Orderly room staffs will carry out fire drill at 1400 hrs 15 March 46.

119/ HYGIENE & RISK OF DISEASE

i. The risk of disease is very great in JAPAN and at present there are several epidemics raging throughout JAPAN, Principally TYPHUS and SMALLPOX.

ii. The greatest enemy of disease is cleanliness and all ranks will ensure that they bathe regularly and that their clothes are laundered frequently.

120. ATEBRINE

All ranks will continue to take one tablet per day for 30 days after arrival in KURE.

121. TRAFFICKING IN CIGARETTES, LIQUOR, SOAP & OTHER CANTEEN GOODS

It is an offence for personnel, except in the course of duty, to buy sell, exchange, part with the possession of, or attempt to buy sell, exchange, or part with the possession of any cigarettes, tobacco, cigarette papers, alcoholic liquors, soap or other canteen goods, for money, goods, or other consideration whatsoever. Disciplinary action will be taken against all offenders.

122. OUT OF BOUNDS

The Palace Dance Hall, and all Jap restaurants, eating houese, Geisha houses and brothels are out of bounds to all AUST personnel. These places are frequently raided and personnel are warned against offending in this regard.

123. TRAVELLING ON TRAINS

113. VENEREAL DISEASE

i. All personnel are again warned against exposing themselves to the risk of contracting venereal disease. This type of disease is prevalent in KURE
ii. Any personnel who disregard this warning and do expose themselves to the risk of infection will report within an hour to either this unit's RAP for prophylactic treatment, or to the RAP at BCOF HQ.
iii. The complications of the disease are NOT worth the risk.

114. PREVALENCE OF THE THEFT OF MILITARY STORES

i. The offences of stealing and fraudulent misapplication of stores and supplies from military depots, installations, transportation services and even from fellow soldiers are still causing concern and the necessity for immediate and effective remedial action still exists.
ii. The use of terms such as "pilfering", "scrounging" etc, to describe such offences, tends to obscure their gravity and may cause them to be somewhat lightly regarded. On the contrary, such offences must be viewed very seriously and offenders will render themselves liable to severe punishment.
iii. Offences of this nature will incur court martial and as a general rule, NO suspension or remission should be made in respect of any award or sentence imposed upon a member for any offence mentioned in this order.

115. UNLAWFUL POSSESSION OF PISTOLS, REVOLVERS, AND OTHER WEAPONS

i. Personnel of this Coy are again warned that they are NOT permitted to possess pistols, revolvers or any other weapon capable of causing bodily harm. Except when authorised.
ii. Any member found in possession of a pistol or a revolver after the publication of this order will be courtmartialled.
iii. Personnel will NOT have in their possession or in any hidden place a pistol, revolver or any other weapon of lethal nature.

116. STEEL CYLINDERS

i. Steel cylinders resembling oxygen cylinders have been found to contain poisonous gases.
ii. Personnel of this Coy will NOT handle any cylinders found in the KURE area under any circumstances.

117. VENEREAL DISEASES

i. All personnel of this Coy will be warned against exposing themselves to the risk of infection with VD. This warning will be given to all personnel before proceeding on leave.

(a) Members reporting sick will first report to their Pl Orderly Room where the AAF A46 will be made out. Sick Parade is at 0830 hrs.

(b) Sick parade is at 0830 hrs and those members attending must report to the RAP by that time.

110. LATRINES

(a) During the past week the latrines have repeatedly become blocked and all members have been inconvenienced and Hygiene personnel have been put to considerably more work than is necessary.

(b) These blockages have been caused by the thoughtlessness of personnel using the latrine. The sewer pipes easily become blocked if large or insoluble matter is put down them.

(c) During the past week there have been extracted from the sewer - 2 tins of peaches, 1 pair of under pants, several feet of flannel nett and numerous rolls of toilet paper and many strips of toilet paper several yards in length.

(d) Further inconvenience of this matter can be avoided by all personnel using a little common sense and preventing all but soluble matter from entering the sewer.

111. BADGES AND BUTTONS

(a) It has been noticed that several members of this Coy have polished their buttons and badges.

(b) All members who have done so will immediately have their buttons and badges replaced with copper oxidized badges and buttons or dull their present issue.

112. BOOTS

(a) All personnel will exercise care when drying boots.

(b) Do not put boots close to stoves or fires as this rapidly destroys the leather and renders the boots U.S.

(c) As soon as boots show signs of wear hand them in to the bootmaker for repairs. It is impossible to repair them if they are worn too far.

SALE OF CANTEEN ORDERS - AUSTRALIAN ARMY CANTEENS SERVICE

The sale of Canteen orders through post offices will be discontinued after 31st March 1946.

Methods which will still be available to relatives and friends for the transmission of moneys to troops will be by postal notes or credits in pay books.

Postal notes may be cashed by the recipients at any field post offices. They are available in values from 1s to £1 and should be used only for the transfer of moderate amounts of money. For the transfer of larger sums, application should be made to the District Accounts Office in any capital city for the amounts to be forwarded for the credit of troops through their pay books.

I. ADMINISTRATIVE INSTRUCTIONS

i. The following administrative instructions are cancelled and may be destroed by the Pl Comd, if so desired:-
NOS. I,5,6,7,8,9,I0,I3,I4,I5,I6,I7,XY, I8,I9,20,2I,22,23, 25,29,30,3I,33,35,38,39,4I,
ii. HQ will retain these administrative instructions in their file for reference purposes.

2. AAFG2s

All personnel are reminded, particularly NCOs that AAFG2s must be filled in correctly and signed off for the task when completed. Although an AAFG2 is issued here to enable a vehicle to proceed to a destination on a task, if he performs an additional run in the performance of that task, then the driver must enter the details in his AAFG2 as the authority.

3. BILLETING

i. II9 Platoon will move from present location to the building occupied by workshop platoon and will be accommodated on the same floor and on the same side as workshop personnel.
ii. II9 & Workshop Pl Comds will liaise and arrange a date for movement. This HQ will be advised on completion of the task.
iii. II9 Pl will draw on labour for the necessary alterations.

4. CANTEEN

i. On the evacuation by II9 Pl Comd of his platoon from present building, the canteen will be installed there under the supervision of the CSM.
ii. All fittings in present canteen will be brought down and installed therein.
iii. This canteen will be controlled by I68 with present NCO in charge, pending the installation of a modern canteen by the Aust Army Canteens Service.
iv. It is desired that tables and canvas chairs be made for the purpose of comfort.
v. This canteen will eventuallyb be for the use of AASC.

5. WAR DIARIES

i. More attention will be paid to the historical side of war diaries by Pl Comds. At presnt the war diaries are more like casualty returns with a powr and completely inadequate description of the scenery, events and work that is being performed by the platoon. There is nothing to prevent a little humour being introduced.

I SLEEPING QUARTERS

i. The condition of the mens sleeping quarters this morning was disgraceful anda reflection on the control of the NCOs in charge of the sections.

ii. It is realised that certain difficulties of control exist but the general untidiness and rubbish under beds was NO excuse.

iii. Pl Comds will take steps to ensure that sleeping quarters are considerably improved both in regard to cleanliness and tidiness.

2. GATE CHECK

iv. The gate check carried out by members of the guard is a waste of time and a farce.

v. The appearance of the checker in some instances has been most untidy and unregimental.

vi. In future and until further notice W.O.II CROUCH will spend two hours afternnon and morning each at the main gate and will supervise the dress, regimentality and the MT check carried out by members of the guard.

3. MT CHECK AT PLATOON'S MT PARKS

viii Last night the orderly officer complains that the MT check and general alertness of the guards was very bad.
The proof of his contention is to be found that a veh was stolen and NO guard stopped the veh for a check, or if it was stopped, the check was useless.

viii. Pl Comds are reminded that they are responsible for the quality of the guards that they mount for duty and they are also bound, in addition to the Orderly officer to check their guards so that they do NOT reflect adversely on the Platoon.

4. DRESS

ix. Dress generally is deteriorating and is to be improved.

5. DISCIPLINE

x. Personnel will be informed that all personnel spoken to for breaches of discipline whether in respect to dress, MT or any other matter will have their names recorded and they will automatically be placed at the bottom of any leave roster.

xi. Pls with the highest number of such cases reported to this HQ will also go to the bottom of the list in respect to any leave or detachments. This will apply also to 119 as the first Platoon to go to TOKIO.

xii. A very considerable improvement is expected in this COY'S discipline, particularly the control by officers and NCOs on the nights that beer is being consumed.

6. BREACHES OF DISCIPLINE

xiii. Pls concerned will submit a report to this HQ on the following;
(a) Did NOT return leave pass..... Dvr CURRAN 119 Pl
(b) Personnel on leave but NOT listed by the Pl.

ii. Pls will immediately survey their notice boards and remove any matters that are NOT current.

iii. One or two notice boards are bearing information and matters long out of date.

2. "Q" STORE

iv. Pls will return to the CQMS by 25180 all clothing and personnel equipment held in their "Q" stores. The CQMS will give a receipt for same.

v. Thereafter all issues of clothing and personnel equipment will be made by the CQMS who will publish times and dates for each Pl according to his convenience.

vi. After receipt of this order Pls will NOT hold any clothing and personnel equipment in their "Q" stores.

3. CANTEEN

vii. In future individual issues of beer will NOT be made to personnel of this Coy. This is brought about by the many breaches breaches of discipline occurring and the state of the barracks this morning.

viii. All beer will be sold over the canteen bar and will be consumed in the canteen.

ix. It will be an offence for beer to be either consumed or retained in the men's quarters.

x. The system of issue will be that based on the allowance per man, eg. if the issue is three per man, then each man will be issued with 8 tickets entitling him to 8 glasses of beer; if the issue id four bottles per man, then he will receive II tickets.

xi. The tickets will be sold by the canteen Cpl against a nominal roll of the Coy. The tickets will be dated and will only be current for one week.

xii. Each man will produce his own container, and the quantity of beer for each man will be issued from a standard container in possession of the canteen Cpl.

xiii. Times for drinking beer will be based on the nature of the work being performed by the Coy. Provision will be made for both day and night shifts according to the conveince of drivers.

xiv. During the times that the Canteen is open for beer drinking, The orderly officer or his deputy will be in attendance.

xv. It is hoped to provide comfortable quarters whwre the men can relax and have their refreshments under ideal conditions but this may NOT be possible immediately.

ADMINISTRATIVE INSTRUCTION 42

GENERAL It is an elementary principle in AASC that each NCO & officer must fit himself for the tasks performed by the next senior rank.
It is also elementary in AASC that each NCO & Officer must be able to perform all duties and tasks forming part of the AASC functions.
There appears to be a tendency to overlook these principles in this Coy and this instruction is produced as a result.

1. DUTIES All NCOS of this Coy, whatever their normal duties are available for Guard duties and it is incumbent upon them to fit themselves for this particular duty by study and practice. Likewise Tpt NCOS are available for Adm duties and should be trained in such.

No department of this Coy should be filled by any NCO without the necessary understudy being provided. Adm must go on efficiently as must "A" & "Q" & "G" and the only way to ensure this is by training suitable NCO s to fill places and N T to wait until they become vacant.

FSR also lays it down that personnel occupying sedentary jobs such as Adm staff must receive adequate relaxation outside, relaxation as well as recreation.

When leave becomes available Adm staff will participate as well as any one else, in fact their claims are even greater by virtue of long hours and lack of opportunity for seeing things outside, therefore the necessity for training replacements becomes all the more imperative.

Pl Comds will notify this HQ by 1000 the personnel selected to fill the following appointments in the event of leave or sickness making the positions vacant.

(a) "Q" store
(b) Adm Sgt.
(c) Adm Cpl
(d) Clerk
(e) P.P. NCO
(f) Tpt Sgt

The most efficient orderly room is that which can close down for two hours each afternoon so that the staff can get outside. This is N T possible at the present junction but should be the aim of all orderly rooms.

Orderly room staff that have been confined to their offices since arriving here will be provided with tpt on one afternoon of next week so that they may visit HIROSHIMA if so desired. Pl Comds will ensure that adequate staff remain to carry on the Adm & Tpt work. Each Pl will make their own arrangements and if necessary two or three afternoons will be used until all such personnel have had one afternoon for the purpose of sightseeing.

MECHANICAL VEHICLE INSTRUCTION NO 3

continued from page 1 of M.V. Instruction No 2 dated 9 March 46

3. Passengers (continued)

iii. Drivers will NOT give lifts to any personnel whilst their vehicles are loaded.

4. DISTANCES There rae several reasons why the army lays it down that vehicles will maintain certain distances between vehicles whilst in convoy or whilst proceeding normally in traffic. The chief reason is that a driver must at all times be ready for any eventualtity such as the driver in front suddenly stopping, if he is too close to the driver in front and that driver suddenly stops then he has very little chance of avoiding an accident
Also if several vehicles are travelling to-gether without adequate distance between them, they constitute a danger to all other traffic and impede the regular flow of traffic in either directions.

i. Drivers will NOT travel in convoy at a lesser distance than 50 yards, (unless ordered to do so)between vehs.

ii. Drivers will at all times maintain a safe distance between their vehicle and all other vehicles being driven in front of them.

5. SIGNALS Signals are given with all sorts of traffic NOT only in the army but in civil life and when using different sorts of transpertation, and the reasons are perfectly obvious. Some of the signals given when driving certain types of army vehicles are very hard to see and therefore the onus is on the army driver at all times to drive in such a manner that he does NOT constitute a menace to his own vehicle or to any vehicle approaching or overtaking him.

i. Drivers will at all times give correct signals whther they can be seen or NOT.

6. REVERSING When reversing a vehicle the driver must appoint his offsider to assist him or failing his offsider, enlist the aid of any person who hapoens to be nearby. Reversing a heavy army vehicle requires skill and it should never be done blindly. All drivers should make quite certain the coast is clear before attempting to reverse. Although this is an elementary principle, yet how many times do you see some fence or building that has suffered as a result of a dvr reversing without watching or taking sufficeint yresautions.

i. Drivers, when reversing will always make sure that No danger will result to their veh or to any person or other veh or to any other object.

ii. Drivers will always seek the assistance of another person before attempting to reverse.

7. DRIVING Driving a vehicle does NOT merely constitute changing gears and steering a certain course, it involves a high degree of skill and common sense and the number of accidents reveals that sometimes this skill becomes stale and the commonsense a little frayed around the edges.

MECHANICAL VEHICLE INSTRUCTION 2

I. GENERAL. In issuing this instrcution, it is realised that many members of this Coy have NOT previously been members of a General Transport Company and possibly, therefore do NOT realise that they must obey rigidly all orders in respect to transport that are issued, particularly in respect to "Standing Orders for drivers of Mechanical Vehicles 1945.
Transport Companies are used as a basis for comparison with all other units using transport and the Coys must always set a high example in every phase of our activities.
Controlling and operating transport is the function of the AASC and in particular that is our task here in JURE.
Certain breaches of good motormastership and certain breaches of orders that have been observed must NOT be allowed to continue if this Coy is to preserve its reputation as a good transport Coy and to hold first place with any competition that may arise with the other transport coys when they arrive.
Drivers, and NCOs in charge of vehicles are asked to observe all instructions issued in the interests of the Coy and themselves in particular.

2. LOADS The driver is responsible for his load at all times and he is charged with the responsibility of seeing that his vehicles is correctly loaded at all times. He is unable to do this if he leaves his vehicle whilst it is being loaded. Several instances of badly loaded vehicles have been observed. Perhaps the worst example was 43 cots that were found between here and 34 Bde the other day after our vehs had transported them. This is a very bad reflection on the drivers and the Coy and could NOT happen if the driver insisted on his load being secure at all times. Other vehs have come into this area with boxes just about falling off the vehs concerned.

1. THEREFORE ALL DRIVERS WILL WATCH THEIR VEHICLES WHILST BEING LOADED AND THEY WILL ENSURE THAT THE LOAD IS CORRECTLY SECURED BEFORE MOVING OFF. ON LONG TRIPS OF IO MILES OR MORE THEY WILL CHECK THEIR LOADS AT LEAST TWICE UP TO 20 MILES OR MORE OFTEN IF NECESSARY.

3. PASSENGERS
Only one passenger is allowed in an army vehicle unless it happens to have a gear shift located on the steering column. The reason for this order that only one besides the driver may occupy the front seat is to enable the driver plenty of room to handle his gears and brakes and other controls. He can NOT do this if he is crowded and his attention distracted by passengers. This instruction is frequently disobeyed on the grounds that it is cold or raining.

1. NOTWITHSTANDING ANY EXCUSES THE DRIVERS OF THIS COY WILL NOT, UNDER ANY CIRCUMSTANCES PERMIT MORE THAN ONE PASSENGER TO RIDE IN THE FRONT SEAT OF ANY VEH ON CHARGE TO PLS OR THIS HQ.

11. DRIVERS WILL NOT STOP TO PICK UP PASSENGERS WHILST ENGAGED ON TRANSPORT WORK UNDER ANY CIRCUMSTANCES UNLESS THE PERSON HAPPENS TO BE A AN OFFICER OR NCO OF THIS COY ENGAGED ON THIS COY'S BUSINESS.

MECHANICAL VEHICLES INSTRUCTION NO 1

GENERAL — This Coy is now engaged in operational work and fulfilling the task for which it was formed, namely the preparation of the base for the British Commonwealth Occupation Forces. It was originally intended to do this under command of 34 Inf Bde but for the time being at any rate it is doing the work for the BRITISH Commonwealth Base.
This HQ therefore will from now on issue a series of Mechanical vehicle instructions to be followed by the appropriate personnel.

1. GEARS — Despite the frequent warnings on this subject, drivers are still offending every day in the matter of changing down to slow down. This practice is throwing extra strain on the whole vehicle from gears to rubber on the tyres and is a sign of bad driving. Action will be taken against offenders in the future

2. RETURNS — 168 Workshop Platoon require from each tpt platoon by 0830 hrs each monday a return showing veh mileage and vehs by War Dept numbers (or veh names) due for 3,000 and 6,000 mile inspection. The return to also include vehs grounded, reasons for same, such as lack of spare parts and whether undergoing first line repairs.

3. OEIO OIL — Pls are invited to consider the advisability of taking provision indenting action in respect to OEIO oil in the event of cold weather making the use of this oil necessary.

4. ENGINES — Some drivers are revving engines excessively when going through the intermediate gears which is quite unnecessary and causes undue wear particularly when the engine is cold and started for the first time in the morning.

It must be remembered by all drivers that the greatest wear takes place in the first five minutes of running the engine particularly in these temperatures and drivers should give their motors the consideration they deserve if they are to give efficient performance

Engines should be run at a comparatively fast running speed when first started to enable the oil to become heated and circulating efficiently.. Ask your driver mechanic to demonstrate the ideal speed.

5. REPAIRS — No normal work on mechanical vehs or any work performed by the workshop Platoon will be done unless the work to be done is accompanied by an FBA in durlicate signed by a responsible person. This is the only means workshops have of checking the amount of work and of exercising control over tradesmen whose services can NOT be wasted.

6. ROUGH ROADS — The manner in which drivers are taking their vehs over train lines and pot holes is NO recommendation for their manner of driving in many instances and drivers are asked to consider the strain on all components of the veh, chassis, driving mechanism and so on when they take heavily loaded vehs over rough roads and crossings.

7. SPEED — Speed is dangerous anywhere. In KURE it is more than dangerous as the Jap traffic and pedestrians have NO conception of traffic sense, at all and there will be serious accidents unless all drivers exercise great care and drive intelligently. CUT OUT SPEED AND RECKLESS DRIVING....YOU CAN BE RECKLESS AT 20 MPH as YOU CAN AT 30 or 50 MPH

During November & December of 1945 various applications were made by this HQ to HQ 34 Inf Bde requesting additions & alterations to the War Establishments of this Coy and Tst Platoons under command. These additions appeared to be the minimum required to enable maximum efficiency to be obtained and experience in KURE up to date confirm the original estimate.

Some got theirs this morning others to be done tomorrow.	
	6/4/46		Vehicles operating normally, some Drivers punished for carrying Jap women on army vehicles (Romance may withstand such setbacks). Platoon paraded to Coy Q. Store for issues. Inspite of the fact that this force is on Field Accounting the Coy Q.M. is still a hard man. One new soldier asked him if he paid for the stuff he issuedfrom his own pocket. More men received Typhus needles. Men selected to visit British Naval Amenities ship "MENETHEUS" in near future. This ship at present is in KURE Harbor. It cost a million to build and equip and provides pictures, concerts, beer Etc. During day Pl. Vehs. operated on Wharf, but in evening Vehs. withdrawn as part of typhoon precautions. Ship's hatches had to be battened down and all work ceased Pl. mounted a good guard in evening.	
	7/4/46		Typhoon missed Area. All precautions lifted and Pl. carrying on normally. The fact that it is Sunday does not worry us. We work 7 days a week. Some of the men not working went on leave. Camp improvements slowed up due to shortage of Jap Labor. Local English newspapers reach Pl. daily and keep us up to date, with world doings. No Church Parades held in unit.

Place.	Date.	Hour.	Summary of Events and Information.	Remarks and references to Appendices, Diaries, &c.
KURE	8/4/46.		Transport activities still numerous but not as urgent as when Platoon first reached JAPAN. BRITISH and NEW ZEALAND FORCES have their own vehicles operating. Need for more Returns on various activities increase paper war. Platoon O.C. tested prospective N.C.O.s. Party of men invited to go aboard British Naval Amenities Ship Menetheus and had a good time.	
	9/4/46.		Transport work on Wharf. Platoon vehicles used in Convoy which moved troops from "DUNTROON" to their new units in JAPAN. Platoon hopes to get reinforcements from these new arrivals. Leave party spent day at MIYAJIMA, Japanese sacred island near HIROSHIMA. Had a pleasant time viewing full bloom cherry blossoms. Many Japs carry out pilgrimage to this beautiful isle. Company has permitted Japs to open souvenir shop and artists studio in Recreation Room.	
	10/4/46.		Transport work normal. Men now settled in new Quarters. Free weekly cigarette issue made. This issue is part of new ration scale and is a boon to smokers. Some members of Platoon in training for ANZAC Day march. Much keenness shown in training as BRITISH, INDIAN, and NZ Forces will participate in ceremony. Painting and improvements to Orderly Room going. Weather warming up and troops request summer dress.	
	11/4/46		Transport Duties still pressing, Platoon assist in speeding up turn round of ships. Morale high among men as Camp Area, Amenities and prospects of Leave improve. Platoon Workshops busy repairing punctures. Tyre trouble is prevalent in JAPAN due to debris and wreckage on road. Many Japs working in Area cleaning up. Troops make use of regimental laundry pressing room and tailor shop. New A.A.C.S. Canteen in Area nearing completion. This should prove a popular institution. (continued)

KURE	12/4/46.		All trucks operating normally and Platoon members enjoying life in JAPAN. KURE in spite of its war damage has much beauty in its vista of mountain and sea. People celebrating the arrival of Spring by giving flowers to their friends among troops. Tonight this Platoon put a well turned out Guard on the Camp Area. Further leave trip to MIYAJIMA now famous for its temple, cherry blossom, tame deer and beer.	
	13/4/46.		Transport work busy in many directions. Big job for day was unloading troops from "PACHAUD VICTORY" and taking them to their new units in KURE. Captain PROCTOR, Platoon O.C. handled this troop movement. Late in evening Platoon was warned to prepare an advance party of twenty Drivers and ten vehicles to go to TOKIO. Later the whole Platoon will go to TOKIO for about two months. Advance party to leave in few days. Report on week's transportation. Total Mileage - 4006 Petrol used - 918 Gals Oil used 291 pints. Tonnage Carried 1679 Tons Personnel Carried 2526. Rations 330 Tons Length of Trip 3.2 miles. Punctures 48. Vehicles off for repairs 16.	
	14/4/46		All spare vehicles busy on Wharf, those going to TOKIO taken into Work Shop and thoroughly cleaned and prepared for journey. Platoon busy packing gear and checking W.E. Prior to this important move. Captain B. Proctor our O.C. is to take up the first A.S.C. party. Men given day leave and the opportunity to see some of the wonders of JAPAN. Men settled in their new Quarters and morale is high. Troops find it hard not to fraternize. The Japanese people are most co-operative.

PERSONAL INSTRUCTION FROM COMMANDER-in-CHIEF,
BCOF to ALL RANKS OF BCOF CONCERNING FRATERNISATION.

1. Fraternisation is one of the most difficult problems with which we shall be faced. I consider that it is quite impracticable to issue stringent orders defining what is to be done in an infinite variety of possible contingencies.

2. My policy regarding fraternisation can best be stated in the following terms:-

Every member of the BCOF must bear in mind that he is present in Japan in a dual capacity.

You are not only a sailor, a soldier or an airman. You are also a representative of the British Commonwealth of Nations and all that that stands for in the world.

In dealing with the Japanese you are dealing with a conquered enemy who has, by making war against us, caused deep suffering and loss in many thousands of homes through out the British Empire.

Your relations with this defeated enemy must be guided largely by your own individual good judgement and your sence of discipline.

You must be formal and correct.

You must not enter their homes or take part in their family life.

Your unofficial dealings with the Japanese must be kept to a minimum.

You must obey strictly all instructions regarding establishments or areas which are placed out of bounds to personnel forming part of BCOF.

Above all, you must remember the dual capacity in which you come to Japan and, beyond that, the fact that the eyes of the Japanese and of our Allies and indeed, of the world will be watching you. Much depends on your conduct and on your bearing.

Be sure that they remain formal and that thay are in keeping with the dignity and courtesy which are part of our common heritage and tradition.

HYGIENE AND MOSQUITO CONTROL

I. HYGIENE. i It must be apparent to all that the hygiene of this area leaves a lot ot be desired for the following reasons:-

(a) Bombed out buildings used as rubbsih tips.
(b) Leaking taps
(c) Japs urinateing and defecating all over the area
(d) Dug Outs, air raid shelters full of rubbish and other matter.
(e) Blocked drains
(f) Stagnant water.

ii. With the advent of hot weather the above constitutes a serious menace to the health of the troops.

iii. The following action will be taken forthwith by the CSM in the case of HQ, and by Pl officers in the case of Pls.

(a) An immediate inspection of respective areas.
(b) Compilation of a list of all hygiene matters requiring attention.
(c) Detailing a responsible NCO whose task it will be to collect labour from the CSM on 2 May 46 and start to correct the lack of hygiene.
(d) In the case of dug-outs or air raid shelters, they will be cleaned out and where possible sealed off.
(e) All drains will be cleaned out and made free running.

2. MOSQUITO CONTROL

iv. All static water tanks NOT required for fire fighting will be emptied.

v. Water in containers and resevoirs will be treated with a mixture of sump oil and kerosene unless malariol is available.

vi. Fire buckets will be similarly treated.

vii. Tins and other water receptacles in bombed out buildings will be emptied and/or treated as above.

viii. Air raid shelters and dug-outs will be inspected and if necessary treated.

ix. Holes and pools to be filled in.

3. COLLECTIVE ACTION

x. The Pl officers will ensure that the above matters are attended to. They will render a certificate to this HQ when the action above has been completed.

xi. The CSM will supply labour and generally supervise the work and will render a certificate to this HQ that action has been completed.

xii. It is better to get the job done well now than wait for some outbreak of disease that will be hard to control.

xiii. All Officers and NCOs will assist by investigation and supervision and will endeavour to stop Japs from fouling the areas.

The pro-forma should include general remarks..suchas:-

During the month 5 trips of 15 personnel each were sent to HIROSHIMA.. 2 trips of 18 were sent to ETA JIMA.

v. The above pro-forma is NOT insisted upon so long as the Pls can supply at any time on demand the information requested.

vi. Lieut D.A.JONES is appointed Recreation Officer for the Coy and will commence a survey of possibilities.

vii. Suggestions for immediate action are;

(A) Boat trips around the harbour.
(B) Trips by rail within the BCOF prefecture
(C) Trips by rail outisde the BCOF prefecture(necessitating BCOF permission)
(D) Trips by MT to spots NOT already visited.
(E) Trips by MT & Rail to spots suggested by the men.

viii. Consistent with the work the Coy has to perform, it is desired that the fullest advantage be taken of any opportunities to get the men away on pleasant trips and sight seeing tours.

ix. Lieut JONES will, in future, handle all requests for MT to be used on recreational trips and he will submit his recommendations to the Coy Comd for approval. The main reason for this is to conserve tpt and to ensure its economical use to the best advantage.

In dealing with the Japanese you are dealing with a conquered enemy who has, by making War against us, caused deep suffering and loss in many thousands of homes throughout the British Empire.

AUSTRALIAN WAR MEMORIAL AWM2022.5.488

C in C's [illegible] (Cont'd)

Your relations with the defeated enemy must be guided largely by your own individual good judgement and your sense of discipline.

You must be formal and correct.

You must not enter their homes or take part in their family life.

Your unofficial dealings with the Japanese must be kept to a minimum.

You must obey strictly all instructions regarding establishments or areas which are placed out of bounds to personnel forming part of the BCOF.

Above all, you must remember the dual capacity in which you come to Japan and, beyond that, the fact that the eyes of the Japanese and of our Allies and, indeed, of the world will be watching you. Much depends on your conduct and on your bearing.

Be sure that they remain formal and that they are in keeping with the dignity and courtesy which are part of our common heritage and tradition.

TELEGRAMS PRIVATE (Con't)

NLT'S are ordinarily delivered on the morning of the day following the day of booking at the Cable Office. NLT's are available to almost all Empire Countries.

The charge for a DLT/NLT is normally one third of the charge for a full rate telegram of the same length, subject to a minimum charge equal to the charge for 25 words at such reduced rate.

3. E.M.E. are provided specially for H.M.S. forces. Either the sender or the addressee must be a member of the Forces. The charges for full address, three standard texts, and name of sender is equivalent of two shillings and six pence.

4. For details of telegraph charges and inspection of the EFM phrase code enquire at the APO.

5. All telegrams and messages to India will be directed by 8 Base Post Office to BRINDIV APO, till a Postal detachment is established in 8 Base Postal Unit.

160. FOOD FROM LOCAL SOURCES

It is the policy of the Occupation forces to make provision for all its own requirements of food and not to acquire any food whatsoever from local sources.
Local procurement of food depletes the food resources available to the inhabitants of Japan.

Members of the British Commonwealth Occupation Force therefore will NOT purchase or otherwise obtain, receive possess or consume any foodstuffs of any description from local sources.

All infringements of this order will be dealt with severely.
