122

REMARKS.

SCABIES REPORT FOR WEEK ENDING 1st May 1918.

1. I have inspected the unit for Scabies.

2. Number of Cases Eight

3. Blankets etc., last disinfected 27/2/18

4. Men bathed during Week 26/4/18

5. Clean underclothing last issued 26/4/18

REMARKS. There is a unduly large amount of scabies. These are being treated here but the result is unsatisfactory. There is also unduly large amount of septic skin condition due to want of regular bathing.

In the Field. R.M.O. 1st. Aus. Inf. Battalion.

APPENDIX/7 54.

5th Bn. A.I.F.

Scabies report week ending 1/5/18

1. Have inspected unit for scabies — no

2. Number of cases — 75

3. Blankets etc, last disinfected — 5 weeks ago

4. Men bathed during week — 4 weeks ago

5. Clean clothes last issued — 2 days ago.

Remarks:- Owing to frequent moves & being in line baths & clothes have not been available. The order forbidding the evacuation of scabies cases (unless complicated) is causing this disease to become far more prevalent in the battalion than it has ever been before. I should say at least 15% of the men are suffering from scabies

APPENDIX 17

INSTRUCTIONS TO VOTERS.

Electors absent from Queensland, Australia on service with His Majesty's Forces are entitled to vote at the above election to be held on 16th of March 1918 by nominating a person in Queensland for that purpose.

All members of the Forces absent from Q[illegible]sland as above who have attained the age of 21 years are entitled to vote.

Electors should carefully read the nomination form and the directions and should then fill up the form which **must** be signed by the Elector in the presence of an officer commissioned or non-commissioned or soldier of the Forces with which such Elector is serving or in the presence of any other person appointed in that behalf by the Governor in Council.

Care should be taken that the name of the person nominated shall not be seen by the witness.

When the form has been filled up signed and witnessed it should be placed in the accompanying envelope and posted.

N.B. Nomination papers should be forwarded at once, and any not in the hands of the Assistant Returning Officer in London, by 13th March, 1918, will almost certainly be too late to be cabled to Queensland in time for the Election.

	Influenza (new type)	10.

REMARKS

During this week there has not been nearly as many men as last week with the symptoms of the new Influenza. Its infection was demonstrated to merely one officer getting it after another living in the same house but in different rooms – not one else lived in the house. House has since been disinfected by Sanitary Section.

G.B.Hamilton Capt.
