NOTICES

VACANCY ASSISTANT ARCHIVIST - UKLM

A vacancy exists for an assistant archivist on the staff of the United Kingdom Liaison Mission in Japan.

Applications will be considered from WOs or Senior NCOs with clerical experience at a military HQ or in civilian life, who wish to take up such an appointment on demobilization. Only United Kingdom nationals are eligible to apply.

Details of the position and the salary offered are as follows:

(a) The duties approximate to those of a chief clerk in a Military Central Registry; no typing will be involved.

(b) The contract is temporary only, but might in certain circumstances lead to permanency.

(c) Salary is dependent on the rank and qualification of the applicants, and will be [illegible] £20 - £30 per month, free of UK Income Tax. Advances of pay will be made in local currency, the balance being paid in sterling in UK or elsewhere in the sterling area, accomodation and rations free, but there will be no accomodation for dependents.

(d) On termination of contract which is likely to be of 6 months duration, H. M. Government will be prepared to pay the costs of repatriates.

Applications will be submitted through the usual channels to "A" Branch HQ BCOF.

The following towns are OUT OF BOUNDS until further notice,- owing to outbreak of CHOLERA:-
AGA, YOSHIURA, HATSUKAICHI, TAKEHARA and HIRO.
Personnel moving to abovementioned towns will NOT remain longer than is necessary in the performance of their duties.

337. LEAVE IN JAPAN - TOKYO

During the early part of August several complaints were received by 34 Aust Inf Bde in regard to the operation of the TOKYO leave scheme. The complaints referred to conditions during the latter part of July. Improvements have since been carried out and it will be appreciated if further comments are forwarded to this HQ. The provision of a club for ORs in TOKYO is being taken up and all possible steps are being taken to get one established.

338. DANGEROUS AREA

Approximately 10 gallons Lewisite vesicant spilled into sea at OKUNO SHIMA. All personnel are warned that this gas will float on foam or water and is highly dangerous for three weeks.

"Q" REPORT FOR SEPTEMBER, 1946

1. MOVEMENTS

During last week of September approximately 700 personnel returned from duty in TOKYO. Transport arrangements were satisfactory.

2. CLOTHING and NECESSITIES

Generally the position is good with the exception of maintenance stocks of KD Clothing. Requirements received totalled 96 Trousers KD and NIL Shirts KD. Some big improvements will have to be made before second term personnel return to Australia on leave.

3. EQUIPMENT

(a) Transport:- Additions for the month were 1 Car DS and 2 Trucks CAS 4 x 4, 3-ton.

(b) Technical Equipment:- 1 Trailer Fire Pump and fittings was received, otherwise no change from previous month.

4. RATIONS

Number drawn for September 30,421 including those drawn for attached 1 Aust Armd Car Sqn. This department has caused the least concern of any, but there was a shortage of fresh vegetables particularly at the latter end of the month. This position has since been releived by the arrival of fresh shipments.

TRANSPORT ACTIVITIES FOR SEP 1946

Main item was move to TOKYO and allocation of vehicles, 8 jeeps and trailers and one staff car made up the TOKYO allocation, the remaining 4 jeeps and all GMCs remained at FUKUYAMA. Movement was carried out satisfactorily.

The main faults in TOKYO was the demand on the limited transport available, this left little or no time for maintenance so that vehicles had to be grounded and replaced by RASC in order to carry out the necessary maintenance. The number of punctures was alarming and the supply of patch units was practically nil.

There were two accidents, concerning jeeps, investigation held showed that in the first case the driver was absolved and the second is still proceeding, but I think it will have the same results.

Owing to the fact that the Bn was in TOKYO a lot of work was carried out on the vehicles left behind, such as complete cleaning, scraping, derusting, and repainting of the whole of the body, chassis wheel rims etc, which had been badly needed.

At present there are 4 jeeps and 2 GMCs in workshops. This made the transport situation difficult, but the receipt of 3 new 3 ton 4x4s offset this.

A number of drivers have now attended the Bde MT school and have shown some promising results, it is intended if possible to have all unit MT drivers attend eventually. Several new drivers have been tested and taken into transport Pl to replace those who are not up to standard, and so far seem to be keen and doing a good job.

The addition of water craft has been an added responsibility but craft are being conditioned, crews selected, Japanese marine mechanics selected etc, and everything is proceeding satisfactorily as is with the rest of the transport.

SUBJECT: MONTHLY MEDICAL REPORT - SEPTEMBER '46.

RMO 65 Aust Inf Bn
13 Oct'46.

Through September 65 Aust Inf Bn was in camp in TOKYO with a rear party at FUKUYAMA. In EBISU, evacuation was to EMBISU CAMP HOSPITAL. Bn medical personnel ran a PAC for the whole camp.

Soon after the arrival in TOKYO a great drop in the incidence of skin diseases was evident. This was in marked contrast to the conditions in August when a sick parade was reminiscent of one in the tropics.

Probable as a result of troops being in an urban area there was a marked increase in minor eye injuries caused by foreign bodies.

The rate of sexual intercourse was high. PAC attendances averaged 60 per night for the whole period. Veneral diseases did not increase markedly.

Routine inspections in the mouth revealed a fair number of cases of low grade Vincents (mouth) disease which had not been reported although on questioning, troops appeared to be fairly well acquainted with the disease symptoms. This emphasizes the need for mouth examination as part of the routine skin and VD inspections.

Hygiene in EBISU Bn area was satisfactory. Chiefly requiring attention in this respect were Japanese food handlers who by arrangement with RMO were to be examined Pathologically and Radiologically.

The rear party in FUKUYAMA was catered for by FUKUYAMA detachment of 20 Field Ambulance.

SUBJECT: REPORT ON YMCA ACTIVITIES FOR THE MONTH ENDING 30 SEPT'46.

Int Sect
65 Aust Inf Bn

On the 1st Sept'46 Cpl Egan arrived in TOKYO with 65 Aust Inf Bn After an interview with the CO it was decided not to run a recreation hut, but to set up an office from which equipment could be distributed, but the main function was to be travel buraeu and to arrange tours for the men of 65 Aust Inf Bn.

Cpl Egan contacted Capt Dawson (New Zealand) from the Leave and Transit Centre, and who offerred full co-operation and gave a quota of 30 on tours of TOKYO each Tuesday, 10 to KAMIKURA each Wednesday and 20 to NIKKO each Thursday over night to Friday night. This arrangement was most satisfactory and the trips proved most popular with the men of the Bn.

6 Special Service Coy (American) were contacted and this important portion of the American Army gave YMCA every help by allowing the Bn men the use of the MEIJI Swimming Pool, one of the best of its kind in the world. The eight tennis courts were available for use by men of the Bn at any time. They have excellent soft-ball and foot-ball fields which the Bn made use of for Rugby. The men were welcome to all facilities available in the Palatial Hotel. The YMCA representative had the pleasure of spending a week-end there as the guest of the OC 6 Special Service Coy. On American on the staff were most decidedly friendly to the Australians and as a result of the contact made by the YMCA many Australians were able to spend many liesure hours.

It is difficult to assess the value of the American Red Cross, soon after arrival Cpl Egan visited this centre and all the facilities available were thrown open to the Bn men. Their HQ at the "BANKERS CLUB" was a "mecca" for many a tired "digger". Here hot coffee, fruit juice and iced tea with biscuits, wafers and dough-nuts were available in the Cyrstal room from 1000 hrs to 2200 hrs. Always in attendance was a first class jazz band. Billiards, ping-pong and barber shop and shoe-shine are just a few of the additional free services provided by this wonderful prganisation.

The following are a few of the trips the YMCA sent men on.
Sunday and Wednesday to KAMIKURA and number of men unlimited.
Mondays trips around TOKYO, 10 men.
Tuesdays Movie Studio tours, 15 men.
Wednesdays UENU Park Zoo and Imperial Museum, 10 men.
Thursdays SHINJUKU Gardens and Shrine, 10 men.

Every day passes were collected from them by the YMCA for admission to the War Crimes Trials. On any trips which lasted all day, lunch was provided by the American Red Cross. Red Cross girls accompanied all tours as well as experienced guides. These are just a few of the services made available by thos organisation and the YMCA feels deeply grateful fortheir help and co-operation.

An unsuccessful attempt was made to run an OR's dance in TOKYO with the Australians girls resident in the city. Although a considerable amount of time and work was put into the scheme by the YMCA staff, it was found necessary to abandon the idea,

Tribute must be paid to the officers and in particular to the Coy Commanders of the 65 Bn for their co-operation and assistance in making the trips the success they were.

Apart from this the normal YMCA service was provided.
Writing material was provided and was available at all times.
2000 tinsof boot-polish.
200 tins of powder.
1 case of washing soap.
10 dozen packets of cards.
The above mentioned were distributed during the month.

The need for a permanent Welfare representative in TOKYO from the BCOF is very acute as a great deal of time is wasted by each unit, making contacts on arrival in TOKYO.

Unit 65 Aust Inf Bn *Date and Time.—From* 010900I Oct '46 *To* 310900I Oct '46

Place.	Date.	Hour.	Summary of Events and Information.	Remarks and references to Appendices, Diaries, &c.
	Oct 30	0830	Normal Bn activities. Fine weather continued.	
		1900	Japanese concert held in Vasey Theatre followed by pictures.	
			-	
	Oct 31	0830	Normal Bn activities.	
		0900	CO departed form ONOMICHI by jeep.	
		1200	121 reinforcements, who cameby Kanimbla, arrived at ONOMICHI.	
		2030	7 Reinforcement officers marched into Bn HQ.	
			The return to FUKUYAMA has seen some big changes in the disposition of this Bn. The YMCA establishment in FUKUYAMA, makes leave much more pleasant. Although the Bn was split up, it stillhad a good representation in the victorious 34 Bde Athletic Team. Lt Ness did an excellent job training this team. Inter-battalion sports show 65 Bn leading easily in every field.

ROUTINE ORDERS PART 1
BY
MAJOR C B PARBURY
COMMAND DETACHMENT 65 AUSTRALIAN INFANTRY BATTALION
2 OCTOBER 1946

---

359. EX PRISONERS OF WAR (34 Aust Bde RO 424)

Coys will submit a return to this HQ NOT later than 10 Oct 46 showing number, rank, name, places imprisoned and dates all personnel on strength who were at any time Prisoners of War in Japanese hands.

360. RECREATIONAL LEAVE TO ENGLAND (34 Aust Bde AG3682)

(1) Several applications for recreational leave to ENGLAND have been received by this HQ recently from personnel volunteering for further service in JAPAN.

(2) A recent application for such leave was refferred to AHQ MELBOURNE and approved as a special case under the following conditions :-

(a) No expense incurred to be a charge against the Australian Government. No claim for all or part of the passage money would be allowed. Cost of passage to UK ranges from £75 (stg) to £127 (stg).

(b) 28 days leave was granted and the average time of passage to and from Australia allowed as travelling time not to be debited against leave. Travelling time additional to this allowance to be debited against leave but not beyond the total credits in AAB 83.

(3) Personnel desirous of taking leave under these conditions should make applications to this HQ as soon as possible. Coys are advised, however, that special cases only will be considered.

(4) No information has yet been received about recreational leave outside Australia to places other than England.

374. LEAVE IN JAPAN - TOKYO

The following information will be brought to the notic of personnel proceeding to TOKYO on leave:-

(a) A suitable building for an ORs club has been procured a it is hoped to get this club operating in November.

(b) The TOKYO leave hostel is now accommodating 90 personnel on leave. Unfortunately it has not been possible to give any midday meals at EMPIRE HOUSE, but an attractive cut lunch is being provided. When the club opens men will be able to get their midday meal at the club.

(c) A procurement demand has been submitted for the use of buses to be supplied by a Japanese Bus Company for the use of leave personnel. This will solve the present shortage of transport.

(d) A picture theatre has been procured in TOKYO and it is hoped to have it functioning on 12 Oct 46.

(e) A special issue of 50 cigarettes is being made to each person free during his stay in TOKYO.

Unit are reminded that grant of leave in TOKYO does not effect members entitlement to six days leave annually in a BCOF hostel.

Every possible effort is being made to provide good living conditions and amenities for personnel proceeding on leave to TOKYO.

377. CONTROLLED STORES

All personnel proceeding on home leave will hand in to the R Q Store all controlled stores (Watches, binoculars, compasses, revolvers etc, in their possession, before proceeding on leave.

378. BCOF PERSONNEL TRAVELLING TO USA

(a) As a result of various enquiries from units, the conditions under which BCOF personnel may travel to USA on leave or on termination of their services in JAPAN have been investigated are set out in the following paragraphs.

(b) Individuals concerned will require a passport. British Nationals should apply to the British Consul General TOKYO and Australians to the Australian Political Liaison Officer TOKYO in the first instance.

(c) Application should then be made to the YOKOHAMA Branch of the Diplomatic Section GHQ, SCAP, at the American Consulate Building, care of HQ 8 Army, APO 343, for detailed information concerning visa requirements.

(d) In general, applicants for a temporary visitors visa are required to present a passport valid for not less than [illegible] days beyond the period of intended stay in the US, evidence that passage has been arranged and evidence that their support in the US is assured. Enquiries with regard to arrangements for passage should be addressed to the US War Shipping Administration in either KOBE or YOKOHAMA. The The GI Section HQ 8 Army will assist in this regard, on request.

(e) No dollar credits are available from BCOF sources for individuals proceeding to the US.

(f) The approval of HQ BCOF will be necessary prior to individual applicants approaching the authorities mentioned above. Applications should be submitted through normal channels giving full details and must be approved by the appropriate Component Comd, who will refer them to the Home HQ or not as he deems necessary.

(g) The foregoing conditions are not applicable to BCOF personnel ordered to the US on duty.

379. VD SUSPECTS

(a) Inquiries have been made concerning the proper steps to be taken in cases where Japanese women are suspected of carrying VD.

(b) In these cases the RMO should be informed as soon as possible, or in his absence, the senior member of the RMP staff in the vicinity.

(c) Steps can then be taken to have these women medically examined by local authorities."

380. SECOND SECURITY LOAN

(a) The Second "Security Loan" of 90,000,000 pounds will open for subscription on 15 October 1946 and close not later than 15th November 1946

(b) Arrangements have been made for paymasters and unit pay representatives to accept applications for Commonwealth Government Inscribed Stock or Treasury Bonds from members of the AMF who desire to invest their savings in the loan or who desire to allot portion of their future daily rates of pay for investment in the Loan.

Particulars of Loan

(c) Loan applications may be made for an amount of 10 pounds or a multiple of 10 pounds.

(d) Treasury bonds are payable to bearer and are issued at par for 10 pounds, 50 pounds, 100, 500 pounds and 1,000 pounds.

(e) Inscribed stock may be purchased at par for amounts of 100 pounds or multiples of 10 pounds above 100 pounds.

(f) Interest is payable at 3¼ % per annum if invested for 12 years and 2 % per annum if invested for 3 years, and will be credited half yearly to a member's Savings bank or current account, if desired.

(g) Interest will be subject Commonwealth taxation but not t any income tax under the law of a State. During the per of uniform taxation, a rebate of 2/- in the pound on interest will be allowed to cover freedom from State taxation.

(h) Any bank nominated by a member will, if requested, hold the bonds in safe custody.

(j) Persons interested may contact Bn HQ for further information regarding Loan applications.

381. INCIDENCE AND PREVENTION OF VEHICLE ACCIDENTS

(a) Recent inspections of workshops and motor transport records in commands and districts have revealed that, even though the number of army vehicles on the road has been reduced, the percentage of motor accidents involving army vehicles has greatly increased during the last six months.

(b) These inspections also reveal that, although most of the serious accidents have been reported, many minor accidents, in the aggregate necessitating a large number of man hours for repairs, have not been reported. In addition, it is known that, in some cases, disciplinary action has not been taken where accidents have occurred as the result of negligent driving or speeding.

/(c)

AUSTRALIAN WAR MEMORIAL RCDIG1021973

(c) This high accident rate, combined with the general shortage of personnel, has placed so great a strain on repair facilities that it is barely possible to keep essential vehicles on the road.

(d) It is known that comprehensive instructions exist in all formations and units to govern the use and maintenance of vehicles. It can only be assumed that responsible HQs are not adequately supervising the carrying out of these instructions.

(e) It is the duty of every officer to report breaches of road discipline and careless driving, regardless of the formation or unit to which the vehicle or driver belongs.

(f) Attention is directed to the provisions of MBI 51/1946 concerning "Maximum Speed of Vehicles".

(g) Officers concerned are responsible that existing regulations and instructions are enforced and will therefore ensure:-

(i) that each driver receives adequate instruction in the civil traffic regulations applicable in the area in which the unit is operating before he is detailed for duty in that area;

(ii) that, before any driver is detailed to drive in an area where heavy road traffic can reasonably be anticipated, he has had adequate training for driving under such conditions, including experience under capable supervision;

(iii) That the closest surveillance is maintained at all times on the conduct of all drivers of motor transport, on speeds and on the general manner in which vehicles are used and that disciplinary action is taken against a driver exceeding the speed limit or driving in a dangerous manner or whilst under the influence of liquor;

(iv) that all accidents, even if of a minor nature, are reported in accordance with para 13 of "Standing Orders for Drivers of Mechanical Vehicles - 1945". Officers commanding workshops and light aid detachments will ensure that, when repair is necessitated through unfair wear, damage or lack of unit maintenance in any way, a report is submitted in accordance with GRO 207/1945.

(h) From the date of issue of this instruction, offences against orders for the use and maintenance of mechanical vehicles will be considered "unusually prevalent" and will be treated as such by formation commanders, commanding officers and Courts-martial (vide AMR & O 558(3)).

(j) Para (h) above will not be cancelled until AHQ is satisfied that the vehicle accident figure is within reasonable bounds.

(k) GRO Q.98/1944 is cancelled.

BRITISH COMMONWEALTH OCCUPATION FORCE

Subject: TRAINING POLICY 65 AUST INF BN

HQ 65 Aust Inf Bn
Ref: 36/13
10 Oct '46

GENERAL

1. This paper sets out the training policy which will take effect for the months of October and November 1946.

2. The Commanding Officer directs that Coy Comds follow closely the principles laid down in this memo.

TRAINING

3. To offset the increasing incidence of black-market activity and minor crimes within the Battalion, it is essential that the maximum amount of time be devoted to training and to organized sport.

4. It is intended that the programme should follow the routine at present in force, viz training during the forenoon and organized sport in the afternoon. This does NOT preclude coy comds from continuing training during the afternoon period if circumstances demand it.

TYPE OF TRAINING

5. Coy Comds will devote their activities primarily to ensuring that all ranks reach a standard of weapon training equivalent to a 100% pass in all Ts.O.E.T. in all weapons.

6. It is proposed that rifle coys and specialist platoons of HQ coy conduct range practices on the field firing range culminating in field firing exercises during the latter period of October and during November. Training as set out in para 5 will be directed to this end.

7. Close order drill, training in guards and sentries and rifle drill will be maintained on the highest possible standard.

MOVE OF SUB UNITS

8. Quarters on ETA JIMA are available to this Battalion for the month of October only, when another Battalion will assume duties in that area. A subsequent allotment may be given to the Battalion at a later date.

RELIEF OF SUB UNITS

10. With effect from 1 November 46, the following relief of sub units may be anticipated:-

(a) A Coy relieve D Coy at HIRO.

(b) D Coy plus sufficient HQ Coy personnel to build strength to 200 all ranks, relieve J Coy 2/1 Gd Regt of duties at Point Camp.

(c) B and C Coys remain ONOMICHI.

11. During period 21 - 28 October, Nos 2 and 4 Platoons will carry out Field Firing Practices. Prior to this date these platoons will be relieved of duties at Point Camp and replaced by No 3 platoon with possibly one platoon from D Coy under comd. Further details will be issued in this connection.

12. It is anticipated that B and C Coys will replace A and D Coys during the month of December.

DISCIPLINE

13. Coy and det comds will ensure that the highest possible standard of discipline, dress and bearing of troops is maintained. In particular all ranks will be instructed in the importance that attaches to the paying of compliments, not only to officers of their own unit, but to all officers of the Force.

This applies particularly to those sub units quartered in areas controlled by other units of the Bde Group.

14. The outward and visible signs of discipline and dress of our troops are the criteria /by which this unit is judged by comds of sister units.

VENEREAL DISEASE

15. The Battalion's tour of duty in TOKYO has produced an alarming increase in the incidence of VD. Coy Comds will take all possible steps to check this danger and the provisions of Bn memo 25/4 of 5 Jul 46, will be observed punctiliously.

TO THE OFFICERS, WARRANT OFFICERS
NCOs and MEN OF 65 BATTALION

I want to congratulate you all on the splendid achievements of this past year. Today is the first anniversary of our formation and it has been most pleasing and satisfying to me to see the high standard of training and sense of duty you have attained. I have received congratulatory messages and remarks of admiration from all sides on your conduct and bearing during our recent tour of duty in TOKYO.

It was doubly gratifying that this Battalion was selected for the TOKYO guard at this time for I know many of you will leave the army in the near future with the pleasure of having reached the end of that road which looked so black to us in the early days of 1942.

You have all seen the destruction and devastation of TOKYO and other parts of this country. With these sights in mind I trust that you will resolve to do all you can by word and deed to prevent the horror of war ever approaching the shores of our own country.

Unfortunately among us we have some who have allowed self interest and self gratification to warp their judgement and sense of moral values. It is hoped that the salutary lessons learned will stand those who have succumbed to temptation in good stead on their return to AUSTRALIA and civilian life.

I will close by wishing the Battalion many happy returns of the day and may the 12 October 1947 find our achievements even greater.

1. Subtended is text of letter received from HQ 34 Bde relative to above subject:-

"Several applications for recreational leave to ENGLAND have been received by this HQ recently from personnel volunteering for further service in JAPAN.

(b) A recent application for such leave was referred to AHQ MELBOURNE and approved as a special case under the following conditions:-

(i) No expense incurred to be charged against the AUSTRALIAN GOVERNMENT. No claim for all or part of the passage money would be allowed. Cost of passage to UK ranges from 75 Pounds (Stg) to 127 Pounds (Stg).

(ii) 28 days leave was granted and the average time of passage to and from AUSTRALIA allowed as travelling time not to be debited against leave. Travelling time additional to this allowance to be debited against leave but not beyond the total credits in AAB 83.

(c) Personnel desirous of taking leave under these conditions should make applications to this HQ as soon as possible. Units are advised, however, that special cases only will be considered.

(d) No information has yet been received about recreational leave outside AUSTRALIA to places other than ENGLAND."

2. Those personnel desirous of taking leave, both to ENGLAND and other countries will submit fresh applications to Bn HQ at the earliest opportunity, setting out fully their reasons for wishing such leave and circumstances that warrant the application being treated as a special case.

3. Coy Comds, will where necessary, assist in the wording of the application, including record of service etc.

1. ACCOMODATION.

A Kpart of the unit HQ and the Administrative Section moved from Fukuyama to Onomichi during October. The buildings being used, though not ideal are proving satisfactory. Potential fire risk is considerable and all possible precautions have been taken.

2. CLOTHING AND NECESSITIES.

Satisfactory with the exception of a few sizes of SD which are unobtainable. Some "old pattern" SD is still being issued. With the introduction of Winter Dress on and from Nov 9 the ever present problem of maintenance of KD's will cease to be a problem, at least for the time being.

Transporxt Activities for Oct 46

1. In the first week of this month the jeeps, except one, and the car, returned from Tokyo. These vehicles were immediately cleaned and inspected by the LAD Det attatched to this unit. Two jeeps were immediately evacuated to LAD. at HIRO for repairs.

2. The average milage in Tokyo, for the months duration was very high, consequently the jeeps were in a bad state and required consiierable amount of work to them by the LAD.

3. The following week the CO's car and the last jeep returned, but the jeep was evacuated to workshops upon arrival. An inquiry was carried out upon the accident in which the Jeep was involved before leaving Tokyo. The car was inspected by LAD. and A number of repairs carried out. This car was issued prior tothe unit moving to Tokyo. It was found to be in very bad condition, the milage being 73,000 miles

4. The coys, upon arrival from Tokyo were detattched to ONOMICHI, ETA JIMA, and HIRO, and the necessary vehicles were detattched with t them, One accident took place at ONOMICHI to a jeep, which was later evacuated to workshops.

4. This left the unit rather short of transport, but this was off set by a further issue of 3,new 3 ton 4x4, which have now been run in Two of these have been detatched to the field firing range for an indefinite period. This makes a total of 11 vehicles detatched to the various coys.

5. One 2½ ton GMC was slightly damaged in a collision with a 20 Fd Amb jeep, on the bn road, but was quickly repaired and on the road again.

WATER CRAFT

1. In the month of Sep 46 we took receipt of the "River Yarra" from the ONOMICHI shipyards, for use by the CO. Lately there has been considerable trouble from the engine, so the boat was returned to the shipyards where a new engine assembly is being fitted. The first of the four craft that are being fitted out in the shipyards has returned, and found to be satasfactory.

2. Things are now proceeding satasfactorily for transport and water craft.

On the 1st of October Cpl M.J. Egan arrived back in Fukuyama from Tokyo.

He learned that the old Police Station in Fukuyama had been procured as a YMCA Center. On the 5th he moved all his gear to Fukuyama City and took up residence in the building, which was badly in need of renovating.

There was much work to be done also with the Bn. Therefore PTE Jack Mantle moved with 2 Billiard Tables and 1 Table Tennis Table to Onomichi where he set up a rather attractive center. In this work he had the complete support and co-operation of all officers. Special mention must be made of Lt. Hearne of C Coy for the work he put in by securing furniture in order that the men would have a good writing and reading room.

As at 31st of October the work in Fukuyama was progressing satisfactorily and good service was being maintained in Onomichi.

SUBJECT: MEDICAL REPORT FOR MONTH OF OCTOBER

1. In the first week of October "A" and "D" coys moved to ETA JIMA and HIRO respectively, outside medical administration of this unit, being dependant on local arrangements for R.A.P. and P.A.C. facilities. "B" and "C" coys moved to school barracks at ONOMICHI where an R.A.P and P.A.C. were set up.
The A.D.S. detachment of 20 Fd Amb remained in FUKUYAMA under control of R.M.O. throughout October, moving to ONOMICHI on 31 Oct. The move was by barge, new site being old "D" coy barracks.

2. In FUKUYAMA-ONOMICHI area a progressive fall in V.D. rate occured throughout each week in October and in week ending 1 Nov only one case Occured.

3. Medical examination of a leave draft for Australia was completed by 31 October.

4. Typhus refresher innoculations were given to all personnel on 23 October.

5. On 25 October R.A.P.and P.A.C. were sent with two R.A.P. orderlies with the detachment moving to the field firing range at HACHIHOMMATSU area, meanwhile "D" coy had arrived at CAMP POINT the day previous and was without medical orderlies as a result of a breakdown in local arrangement. Two R.A.P. orderlies were sent to the coy on 28 October.

6. On 31 OCTOBER "B" coy moved to CAMP POINT area and 121 reinforcements arrived in ONOMICHI. These men were examined physically and questioned individually on V.D. matters. The impression was gained that as a result of an indoctrination course of lectures given to them during the trip up, they would exercise more restraint and caution in the avoidance of V.D. than has been displayed hitherto in Japan. Many of the reinforcements were not dentally fit and have not been dentally examined for some months.

7. HYGEINE
Foodhandlers in both FUKUYAMA and ONOMICHI were examined physically and by arrangements with local authorities, bactiriologically. Flies instead of decreasing in October as had been anticipated, increased alarmingly in FUKUYAMA and ONOMICHI, although no evidence of fly-breeding could be found in camp area. Despite this no diahorrea occured.
