VIC L OF C AREA TRAINING INSTRUCTION No 156/1944
A F V WING FIELD AND BASE SECTIONS
L H Q E & M E SCHOOL

1 Authority LHQ memo 34848 of 11 Mar '44.

2 Location LHQ E & M E School (A F V ing),
MOOREBANK N S W

3 Objects of Courses To train tradesmen of the Corps of AEME responsible for the repair and maintenance of armoured equipment

4 Nature of Courses

Base Section (Duration 12 weeks)

B 2 Diesel Engines
B 3 Hull and Power Train (American Tanks)

Field Section

F 2 American tanks fitted with Diesel Engines (Duration 10 weeks)

F 3 English Infantry (Matilda) Tanks (Duration 9 weeks)

5 Scope of Courses Secondary ing (a) Because of the varying type and scope of work carried out in the four echelons of repair, and the varying equipment used by Armoured Formations, the Secondary ing will be established in two sections, a Field Section, and a Base ection

Field Section (b) F 2 American tanks fitted with diesel engines (10 weeks duration)
F 3 English Infantry (Matilda) tanks (9 weeks duration)

being designed for the training of personnel from 1st and 2nd echelons, these field courses will deal mainly with a limited dismantling of components, changing components, adjustments diagnoses of faults, and field inspections of complete tank units including armament and fire control instruments

Base Section (d) Provides courses of twelve weeks duration, of which eight weeks is spent under instruction in the School, and four weeks devoted to practical instruction in a base workshop.

B 2 Diesel engines
B 3 Hull and power train, American tanks

These courses are for 4th echelon (Base Workshop) personnel

During the eight weeks in the School, students will dismantle and reassemble the relevant equipment, followed by running, testing, fault finding and inspections

In the four weeks practical instruction in a Base Workshop, normal overhaul jobs will be carried out in relation to the specific course being attended and to provide experience in workshop practice and procedure.

6 Vacancies are allotted as follows :

	Vacancy	Type of Course	Date of Intake
DDME (for 2/4 Aust Base Wksp)	2	B 2	10 Apr '44
" (" " ")	3	B 2	24 Apr '44
" (for 1 Aust Veh. Pk Wksp)	1	F 3	1 May '44
" (for 2/4 Aust Base Wksp)	2	B 3	8 May '44

NOTE: The first eight (8) weeks of B2 and B3 Courses will be held at the LHQ EME School (AFV Wing) and the final four (4) weeks at 2/2 Aust Base Wksps, Rutherford or 2/4 Aust Base Wksps Bandiana. On completion of this final four (4) weeks training, trainees will be returned direct to Units

7. Nominal Roll (in duplicate), showing Number, Rank, Name, Unit, Name, Address and Relationship of Next of Kin and whether student will be travelling through MELBOURNE, will be endorsed "For attention "G" Branch" and forwarded to reach these HQs not later than 1000 hrs on the following dates :

Date of Intake		Nominal Roll Due
10 Apr '44		Thursday, 30 Mar '44
24 Apr '44	B 2	Monday, 10 Apr '44
1 May '44	F 3	" 17 Apr '44
8 May '44	B 3	" 24 Apr '44

Two copies of each student's personal history sheet must be completed in detail signed and forwarded with the Nominal-Roll

8 Rail Warrants (a) Each student required to travel through MELBOURNE to LIVERPOOL, NSW, will be issued with rail warrant for forward journey only to MELBOURNE by Unit.

(b) Warrant for forward journey only from MELBOURNE to LIVERPOOL, NSW, WILL BE ISSUED BY HQ, Vic L of C Area

(c) Each student who will be entraining en route will be issued with rail warrant for forward journey only from entraining station to LIVERPOOL by Unit

(d) All warrants will be endorsed "Charge LHQ ELE Sch 1 (quote Course)"

9 Travelling Each student travelling through or from MELBOURNE will report to RTO SPENCER ST STA for rail ticket at 1545 hrs on the following dates :

Date of Intake	Report to RTO MELB
10 Apr '44	Friday, 7 Apr '44
24 Apr '44	" 21 Apr '44
1 May '44	" 28 Apr '44
8 May '44	" 5 May '44

Students will then proceed to LIVERPOOL, NSW by train departing MELBOURNE at 1615hrs on the dates as set down for reporting to R T O.
Personnel must be prepared to use their own messing utensils when served with meals at Railway Refreshment Rooms

10 Reporting All Students will report to the Chief Instructor, AFV Wing, LHQ ELE School on the following dates :

Date of Intake	Date of Reporting
10 Apr '44	Saturday, 8 Apr '44
24 Apr '44	" 22 Apr '44
1 May '44	" 29 Apr '44
8 May '44	" 6 May '44

Accommodation and messing will be provided at the LHQ ELE School (AFV Wing) for the duration of each Course

11. Clothing and Equipment The following will be brought :

Clothing	Equipment
Service Dress	Messing utensils
Working Dress (2 suits)	
Boots pairs (2) in good repair	
Personal Necessities	

NOTE: It should be ensured by inspection before each student leaves his Unit that he is fully equipped and that all articles are in a serviceable condition

12. TEXT BOOKS Text Books and note books will be provided, as necessary, by the School.

13 Le ve General in accordance with GRO 598/43.

NOTE: It is requested that units arrange that the maximum amount of leave in accordance with GRO 598/43 and practicable in accordance with local conditions is taken by students prior to attending the Course

14 Records All basic documents including F 140, I 5033, B122 and A240 will be forwarded to the school under suitable arrangements or with the students concerned who will be in possession of AAB 83 and paybook, the latter entered and checked to date of last pay and bearing endorsement re taxation amount or exemption

15 Each Student should be issued with a copy of this Joining Instruction before proceeding to the School

No 45

SECURITY OF INFORMATION

A. LEAKAGE OF INFORMATION

1 Mail for Units Returning to Mainland Whilst making routine enquiries at DRO, FS NCO was informed by a member of that branch that, recently, a large number of enquiries had been received from relatives of soldiers in NEW GUINEA, who had had letters returned to them Natually, anxiety was aroused as to whether (i) the addressee was a casualty, or (ii) the unit was returning to AUSTRALIA

Enquiry was made at Base Post Office and Maj DRAPER stated that the policy of the Postal Service was to deliver all mail to addressee When units were awaiting return to AUSTRALIA, mails were forwarded to the port of disembarkation.

Action Arrangements were made at DRO for the next enquirers to be asked to leave the envelopes to facilitate enquiries First fruits of this action were to hand when four envelopes addressed to a member of 37/52 Aust Inf Bn were handed in Although from different writers, all had been so addressed to the next-of kin of the soldier Enquiries are proceeding into the reason for this apparent deviation from accepted procedure, with its attendant dangers to security (Weekly Report No 22 31 AUST FS SEC)

SECURITY OF PERSONNEL

B. SUBVERSIVE ACTION

2 Organisations

EUREKA YOUTH LEAGUE An extract from a letter recently sighted in censorship indicates that this organisation is still active in attempting to form contacts with members of units in operational areas The letter was written by a woman member of a suburban branch of the League (who had a namesake as an NCO member of the unit concerned) to the headquarters of the League, and included the names of some 84 members of one Infantry Bn. The names included the CO and many officers (including the IO), and although it was NOT definitely stated, it is felt that the list was furnished for the purposes of an approach being made by the League, and that the personnel named were NOT already members of the League

Comment The District Censor reports that, although the Communist Party has again been legalised since the formation of the League, the activities of the League have, if anything, increased in recent months

MORALE

3 Japanese Propaganda Extracts from overseas mails examined at the District Censor's Office indicate that the wireless propaganda broadcasts from Japanese short wave stations (particularly SINGAPORE) still hold a wide audience in this country The Japanese have adopted subtle tactics by interspersing between messages from PW to next-of kin in AUSTRALIA and ENGLAND, broadcasts of the news presented from their own angle, and messages, believed spurious, calculated to upset the morale of the PW's relatives in Allied countries. The following is a typical extract from one of many letters sighted in recent weeks sent from a woman in VICTORIA to an addressee in ENGLAND: " .. BETHA popped in this morning to tell me that a message came thro' from S'PORE last night from an U.S.S man called HYDE and in it he said 'ASTON also well'. I expect someone at home may have picked it up too & forwarded it on to Mrs. ASTON or she may have heard it herself Anyhow you can let her know in case she hasn't heard. BETHA listens in every night consequently one never sees her in the evenings". (FD 5984)

Comment Steps have already been taken by this HQ to counter this propaganda by talks given to the PWs' relatives by escapees from Japanese hands, and by officers of the Relatives Associations, pointing out the motive behind the Japanese broadcasts of the messages to relatives, and the manner in which propaganda is interpolated in these broadcasts.

D. SECURITY OF ALIEN UNITS

4. In connection with the reconstruction work in the op r cut at YALLOURN Power Station, following the recent bush fires, a det chment of 200 members of Ali n Employment Coys was sent o the area by this HQ Before the Alien Coys were d tailed for this work GS (Int) was approached for its approval, which w s granted, on th grounds that (a) although YALLOURN is a prohibited area, th troops would be engaged in the comp ratively narrow sphere within the open cut, and precautions w re taken to ensure that they did NOT roam into other p rts of the establishment, and (b) the members of these Coys wer more readily availabl and more physically suited to the work to be done, which was of heavy manual vari ty

The d tachment was accompanied by two (2) members of K Field Security Sec tion, who reported that, from all aspects, the work was carried out in a most satisfactory manner and to the entire satisfaction of the State Elec tricity Commission in r gard to th troops' conduct and willingness to work.

During th det chment's period of duty at YALLOURN, an effort was made by civilians to incite th army personn l to cease working by pointing out that they were being paid 6/6d p r da r as against the 4/ per hour paid to civilians Tim ly action by the CO of one of th units engaged, in pointing out to the troops the urgent n tional importance of the work in which they were eng ged, prevented any r action, and the propaganda was, consequently, without ffect (K FS SEC)

SECURITY OF MOVEMENT

5 The recent arrival of some 1000 Italian PW in MELBOURNE was attended by Field Security Pe sonnel from this HQ It is reported that, during the disembarkation at the pier civilian wharf labourers wer noticed in conversation with the prisoners, and it w s only after considerable pressure had been applied by the Commonwealth Po ce Officers that the wharf labourers desisted from their approaches to the prisoners Certain names were taken by the Police Officers, and it is understood that civil prosecutions may eventuate (Weekly Report No 42 31 AUST FS SEC)

SECURITY OF P W CAMPS

E. MURCHISON P W GROUP

6 On the morning of 26 ult 44, PWG 41636, Pte PEKa, Heinrich, escaped from MURCHISON P W Camp by stealing an army motor cycle from the camp A re liable report was received from the driver of an army ration truck that he was seen riding the motor cycle towards MURCHISON at 0915 hrs on 26 Feb 44, and a civilian has informed the Police that, on the same day, he gave a person answering PEKa's description lift on the Hume Highway from a point approximately 6 miles past EUROA to BENALLA. It is understood that many other reports have been received, and investigated by Security Service, but have been found unsubstantiated

It is considered highly probable that PEKa may have now reached NSW, and action has been taken by Security Service to forward full particulars to all States

F TATURA INTERNMENT GROUP

7 The selective searches of the quarters of Nazi leaders held in TATURA Internment Camp have been continued On 25 Feb 44, a surprise raid was made upon the office of the Camp Leader, No 1 Camp; at the request of the Camp Authorities, Commonwealth Secu ty Service, MELBOURNE, co-operated by supplying two officers to conduct the search. A thorough examination was made of all documents held in the Camp Leader's Office While NOT entirely successful in attaining their objectives, the searchers found a number of interesting papers, and impounded a large quantity of documents for examination by the Group IO Owing to the work involved in translation, NO reports on the contents have as yet been received.

G MYRTLEFORD PW CAMP

8. IO reports that a new system of parole for protected personnel has been introduced at this camp, whereby (subject to strict conditions) these personnel are permitted to move freely in and out of the camp without escort during daylight hours as a surety that the conditions of parole are observed, photographs of these prisoners have been supplied to the local

VDC and Police, with whom the IO has established liaison. (Int Rep No 78 MYRTLEFORD PW CAMP)

SECURITY CONTROLS

9 An officer from an AIF Infantry Bn recently engaged in operations in NEW GUINEA has made an enq ry at this HQ regarding souvenirs of enemy equipment captured by the members of his unit The officer stated that, at the outset of the campaign (in about November last) all members of the unit were officially informed that captured souvenirs were to be labelled with the number, name and unit of the finder, and forwarded to HQ, and that, after examin tion, those o NO Int lligence value would be returned to their owners through Bde HQ (It will be noted that the parcels were to be labelled with the name of the finder, and NOT the name of a person to whom the finder wished them to be sent) The officer pointed out that members of his unit had handed in at least 50 souvenirs, and that, although some four months had elapsed none have been returned. Consequently, he stated, complaints were being received from the members of the unit, whom, he felt, would NOT co operate in the same manner in the future, unless GS (Int) could assist by furnishing an official explanation It was explained to this officer that the large volume of souvenirs which would be collected during the course of a campaign would necessarily entail some del y in handling and examination, and that enquiries would be made through NG Force to ascertain if any would be available for return to the finders in the near future

No 46

SECURITY OF INFORMATION

A. LEAKAGE OF INFORMATION

1. Mails for Units Returning to Mainland

Reference is made in Security Report No 45 to the return to senders of letters addressed to soldiers in NEW GUINEA. Further enquiries in this matter show that, in several instances, the soldiers have been granted leave, and have left instructions at their units for mail to be forwarded to their home addresses.

It is suggested that, to obviate concern of relatives and friends at the return of letters with NO explanation, units be instructed to hold such letters until sufficient time has elapsed for the soldier to arrive in the Mainland, to enable him to return to his home before the arrival of the letters. (Weekly Report No 23 31 AUST FS SEC)

SECURITY OF PERSONNEL

B MORALE

2. The following extract from a letter from an Australian PW held in a German PW Camp is typical of many recently sighted in censorship: "The winter won't be too severe from all appearances. I had mothers parcel this week and yours last week, both sent in June. I keep on saying not to send any more but still they come so I pass on what I don't need. There must have been a reshuffle over our mail in Aussie as it has speeded up. I also hope some power gets to work re parcels from Mutual Stores, Myers etc. The games and books sent are a disgrace. marbles, contuck, blow football and books such as Donald Duck, Red Death to mention only a few. I know the people dont choose them so the stores unload their tripe. This is a wail throughout the camp, although we laugh it off. A lot of these arrived the other week and the boys brought the junk to my cubicle, and we had a grand laugh asking each other silly conundrums from books, how to play billiards was another. Do they think this is a C.T.A. Club."

Enquiries reveal that, while the selection of suitable articles for inclusion in PW parcels is made difficult by the many restrictions imposed by our and enemy censorship, and by the lack of suitable literature, the major problem experienced by MELBOURNE firms is the general inability of purchasers to understand the requirements of PW. Relatives in AUSTRALIA appear to find it difficult to understand that a man who, before the war, thrived on wild west stories, may desire some more serious and lasting literature after years of imprisonment, and in many cases would NOT accept the advice of experienced saleagirls in the selection of the contents of the parcels.

Action Taken. Referred to DPW & I, with a suggestion that advice be given to the PW's relatives through the various Relatives and Welfare Associations interested in PW.

SECURITY OF P W CAMPS

C MURCHISON P W GROUP

3. Escape of PWG 41656 PEKA Heinrich (See para 6, Security Report No 45, Vic L of C Area.

On 3 Mar 44, information was received that the above-named PW had been recaptured on 2 Mar 44, at HOLBROOK, N S W.

PEKA was interrogated by Security Service, MELBOURNE, and stated that ever since his capture in LIBYA he has had the idea in his mind to escape. About twelve months ago, he acquired map of Victoria, which he saw in a khaki coloured car at the MURCHISON PW Camp. He had made tracing of this map on some butter paper which he had obtained. It was his desire to get to SYDNEY, when he would decide his next move. During his travels northwards, he was given lifts in four or five vehicles, and, on approaching HOLBROOK, NSW, he was given a lift by a Policeman from HOLBROOK, to whom he offered the explanation that he was a Dutch sailor named Harry van ZILDERN, but, under further questioning, admitted that he was PEKA.

Under interrogation, PEKA was in NO way repentant about his escapade, stating that, before he escaped again, he would endeavour to get a greater amount of Australian money than the 6/ or 7/ which he had on this occasion He would NOT say, however, where he hoped to obtain this money

4. On 22 Feb 44, a search of Room 21, MURRINGILE, was made, with the following results: Discovery of wireless set certain parts missing; 2 daggers in sheaths; air hose made from tentage approx 17 ft in length; piece of 1 inch lead pipe, probably taken from building; 2 small sketch maps of Victoria (1 incomplete) The wireless set was sent to HQ, Vic L of C Area, for testing, and report on its efficiency, also information and description of missing parts (Int Rep No 78 MURCHISON PW CP)

D TATURA INTERNMENT GROUP

5 During a conversation with Intelligence Sgt on 23 Feb 44, Internee N 1316, WILCKE, W H, stated that the election of N 1096, BECKER, Helmut, as the new Camp Leader, was a foregone conclusion, and inferred that NO opposition was allowed. The election was held in the new Recreational Hall on 20 Feb 44, following the resignation of V 2011, SCHAUER, W as Camp Leader, and the attendance was only fair The retiring Camp Leader proposed BECKER, and this was carried unanimously, together with the location of S 3009, BOHLENS, O as Deputy Camp Leader.

In his speech, SCHAUER condemned all men who accepted release on parole and went to work for AUSTRALIA. He stated that they were traitors to the Reich. In a later speech, V 2127, Dr GRUBER stated that a man would be thought more of by his own country if he was under a headstone in preference to being released to assist AUSTRALIAN the war effort (Int Rep No 60 TATURA INT GP).

6 From correspondence recently received by various internees in the TATURA Group, it is noted that the batch of internees repatriated in July/August of last year have reached Germany safely, and have been sent to their homes It is of particular interest to note that, on arrival in Germany, they were all immediately sent to STUTTGART before being sent home It is known that STUTTGART is the headquarters of the Auslandsinstitut and the Foreign Organisation of the NSDAP, and it seems fairly obvious that these internees were all taken there for questioning regarding this country and the period of their internment (Int Rep No 61 TATURA INT GP)

E MYRTLEFORD PW CAMP

7 IO reports the following as additions to the list of those officers wishing to rejoin the Italian armed forces fighting against the Germans: Lt-Col TOCCO; Majors PIGNERI and SCANNAROTTI; PWIM Captains ROMANO and ANSALDO It is interesting to note that the first named is the Camp Leader in B Compound (Int Rep No 79 MYRTLEFORD PW CAMP)

8. During the week, the IO discussed escapee apprehension plans with the local Coy OC, 22 Bn VDC, who has volunteered to supplement garrison cordon with 44 VDC personnel. He has also made arrangements for a mobile patrol consisting of three cars and horsemen. A full plan is being prepared for approval of the Camp Commandant. (Int Rep No 79 MYRTLEFORD PW CAMP)

SECURITY OF PERSONNEL

A Morale

The following extract of a letter written by a member of of an A A Unit in Australia gives some idea of the reaction of tps in forward areas to the dehydrated rations supplied to them :

" What do you mean by torturing me like that telling me about that nice juicy steak. I nearly forget what it tastes like We have been living on tinned and dehydrated stuff for months now. Has fresh spuds for dinner today first time in weeks. We haven't had any fresh meat for about three weeks By jove, all this bosh they put over about dehydrated food being as good as fresh It makes me wild as it is only a detriment to our war effort as 75% of it is thrown away All that manpower used in growing, processing and transporting it up here wasted Don't think I'm exaggerating, because that is not the case I reckon they should give us chaps a double lot of ration tickets when we are on leave to recuperate a bit I'm that way now that if I eat their darned M & V for breakfast I feel sick for the rest of the day . "

SECURITY OF MATERIAL

B. Loss of Equipment

The loss of three portable wireless sets, usually known as "Walkie Talkie" sets, from 3 BOD, Wilson St, ALBURY, has been reported by members of the detachment of "K" FS Sec stationed in that area. All inquiries indicate that the sets have been stolen, since the possibility of a clerical error through careless checking was investigated without result Members of the SIB and CIB have carried out extensive inquiries, including a search of th personnel employed at the store, but so far without result.

Civil and army branches of Police, SIB, Provost and FS in Victoria and NSW have been advised of the loss and investigations are proceeding Any further security measures instituted at the store would interfere with rather than assist the working of th depot ("K" FS Sec)

SECURITY OF MOVEMENT

S Movement of internees to Loveday

On 7 Mar 44, the movement of 47 internees -- UK Italians, UK Germans and Local Internees -- took place from No 2 Camp Tatura to Loveday In condid r ation of the nature of the internee personnel involved -- some of the worst types --sp cial precautions were taken for th security of the actual movement The escort was accompanied by a representative of Commonwealth Security Service and an NCO of Aust Int Corps, who were r sponsible that no contact was made between internees and civilians and for the general security of the movement One instance was reported where a civilian attempted to contact one of the draft, but he was prevented and his particulars sent to Security Service for subsequent investigation. For the rest of the journey, NO contacts or attempts at contact were made and the security personnel accompanying the draft report that the move was accomplished without further incident.

SECURITY OF PW & INTERNMENT CAMPS

D MURCHISON PW GROUP

1. I O Murchison this week reports a demonstration on the part of Italian PW in "C" Compound. The root cause was apparently the desire of these PW to have their canteen hours changed. A dep tation from among their number waited on their M O, Lieut. PAURI, who subsequently himself went to the Italian camp leader and demanded that the hours be altered. This the camp leader refused to do, stating that the hours had been fixed by the Camp Commandant and he intended to stick to them. On the following day (6 Mar 44) the Camp Leader asked to be relieved of his position. The Camp Commandant refused to do this, and pointed out to Dr PAURI that he, as a protected person, had NO administrative function

in the camp PAURI was eventually convinced of the error of his ways and the Camp Commandant called a parade of PW for 1800 hrs, to inform them that PAURI had admitted himself in the wrong and that the Camp Commandant would not accede to the replacement of the present camp leader However, while the Camp Commandant was interviewing two representatives of the malcontent group, the remainder of the PW started to demonstrate and were dispersed by armed guards

Subsequently Dr PAURI was removed to another compound and the Camp Leader re affirmed in his position I O Murchison reports that the whole demonstration was organised by a very small minority and a very close watch is being kept on the activities of this group

2 At approximately 1815 hrs on 12 Mar 44 two German Officers, PWG 42045 Capt Gunther BIESING and PWG 42047 Capt. Werner KAUPISCH, effected their escape from Dhurringile PW (Officers) Camp It is believed the escape was made through the wire surrounding the camp, during a severe dust storm These two men are members of the German Air Force and, while they are at large, there is a possibility that they may make an attempt to enter an aerodrome to steal or damage aircraft Area Officers and Air Force HQ Southern Area have been advised and Police and Security Service are co-operating in the search for the two escapees
(Int Sec Murchison Report)

E TATURA INTERNMENT CAMPS

From No 2 Internment Camp, Tatura, comes this week a report of a letter written by one T GILHOOLEY, of 9 Clifton St, Prospect, S A to N 1634 STEPHENSEN P R, an internee of the Australia First Movement

The letter contains the following paragraph :

" . You know, of course, that John and Les are out now, and I suppose you'll also be free by the time this arrives I have heard that your camp goes back to Loveday this week "

The envelope is addressed : "P R STEPHENSEN, Australian Patriot "

The interest of this letter lies in the fact that GILHOOLEY was himself an internee until recently, but now appears to be in a position to obtain info regarding the movement of internees interstate, either by legal or underground means The movement referred to actually took place on 7 Mar 44 (vide para C) and the I O at Tatura points out in his report that, whereas the advice of movement reached the camp HQ on 5 Mar 44, GILHOOLEY in Adelaide apparently knew all about it on or before 29 Feb 44, the date of his letter This points to a serious leakage of information from some source

(Tatura Camp Report No 59)

F MYRTLEFORD PW CAMP

Int. Sec Myrtleford this week reports that one Cpl. HICKS, returning from guard duty at 106 AGH Bonegilla, brought back two copies of a newspaper entitled "CORRIERE DEL POPOLO", a Communist paper, printed in Italian and published in California. This had apparently been handed to the hospital staff for delivery to PW patients (several Italian PW are being treated there) The aim of the paper can be gauged from the heading ---" Published in defence of the rights of the Italian workers on the Pacific Coast" The identity of the donor is NOT known. (Myrtleford Camp report)

SECURITY REPORT OF VIC L OF C AREA

up to 1200 hrs 20 Mar 44

No 48

SECURITY OF INFORMATION

A Leakage of Information

(1) Review of censorship extracts over the past week has revealed the keen interest shown by returning members of the services as to the future destination and employment of their formations Speculation on this subject has also been rife among civilians and several cases of incautious chatter regarding the present movements and ultimate destination of the AIF divisions have been referred to Commonwealth Security Service for action

SECURITY OF PW CAMPS

B Murchison PW Group

(2) Int Sec MURCHISON reports another attempt at escape on 17 Mar 44. At 2100 hrs on that date a shot was fired by the sentry on No 13 post (in the main race) and was followed by two further shots The searchlight in the nearest tower was put into action and revealed four (4) German PW from "B" Compound in the main race just outside the wire leading into "C" Compound. The four PW --- PWG.41292 HARTLIEB G, PWG.41186 ENGELHARDT F, PWG.41963 WOLM K and PWGA. 88024 LANKNER K --- were carrying well filled packs They were taken to the guard room, searched and placed in the detention cells A count of the compound was carried out and it was confirmed that these four were the only ones missing. An inspection of the wire revealed that 4 strands of the man fence wire had been cut and also two strands on either side of the concertina wire ---apparently the PW had passed over the top of the concertina wire A further inspection of the wire enclosing "C" Compound showed that 2 strands of the outside fence had been cut, and just inside the wire a pair of bolt cutters, which had evidently been used to cut the wire, were found.

A search of their packs, each of which was over 30 lbs in weight, showed that these men were well stocked with food, and the map they carried of Victoria and the Riverina showed ALBURY and WAGGA WAGGA underlined in blue pencil. A subsequent search of the PW's clothing brought to light a considerable amount of money --- in all £18 in notes and 11/ in silver Some of the notes were found sewn in the top seam of the trousers the PW were wearing and inside the lining of one cap

The way in which the escape was attempted shows clearly the plan the men had in mind. Had they succeeding in getting into "C" Compound, there appears to be no doubt that their idea was to go through that compound and effect their escape by cutting the wire on the outside of that compound. The fact that a dance was in progress in the camp evidently influenced them in making the attempt on that particular night, as it is apparent that the PW considered the attention of the sentries might be distracted by the music from the hall.

It will be recalled that HARTLIEB has been previously involved in escape attempts from this camp (Murchison Intrep 81)

(3) MURCHISON PW CAMP has just regained the two German PW Officers reported missing in Security Report No.47 These two men, both Luftwaffe officers, were recaptured by civil police at TOCUMWAL, NSW, on 22 Mar 44, and returned to MURRINGILE Camp, whence they had escaped on 12 Mar 44. When recaptured, one had £5 6.6 in cash and the other 16/ They were apprehended when asking a civilian on the TOCUMWAL station to buy them tickets to SYDNEY, and failure to produce identity cards brought about their downfall.

C Tatura Internment Camps

(4) In Security Report No.44, para C (6), the receipt by Dr J H BECKER of a copy of "KHAKI & GREEN", the official AMF journal, was reported. The sender of this publication has now been identified as one ' Hock PRICE', the brother in law of Dr BECKER, at present serving with the RAAF This info has been referred to GS(Int) LHQ for forwarding to RAAF

D Myrtleford PW Camp

(5) Int Sec MYRTLEFORD, reports that the transfer of 53 officers and 11 O/Rs who have professed their loyalty to the King of Italy was effected during the week from "A" Compound to "B" Compound The officers comprised 2 Lt Cols, 4 Capts, 10 Lieuts and 37 2/Lieuts This movement has been ordered by the Camp Command ant to ease the tension between the Royalist and Fascist groups of officers, which, during the past month, caused num ro s incidents All Royalist officers transferred who have been spoken to express their gratitude for being removed to the more congenial atmosphere of "B" Compound No reaction has been noted from the remaining members of "A" Compound the appear to be quite indifferent to the movement

(Myrtleford Intrep 81)

SECURITY CONTROLS

E Security Education of Troops

(6) Considerable strides have been made in the arrangements for the security education of tps and VDC in the Albury, Seymour and Southern areas of the state Since the security films available from army sources have already been seen and re seen by approximately 70% of any audience of tps in this area, OC "K" FS Sec has estab shed liaison with RAAF, who have co-operated with the loan of all security films used by them. AES have also helped with the loan of a projecto and an operator for it It is intended to show security films to tps with lectures interspersed, so that every possible interest will be maintained in those attending the parades An itinerary has been arranged for the screening o these new films, and a start was made in the Albury area on 20 Mar 44.

In conjunction with AE3, the RAAF security film 'COMBAT COUNTER INTELLIGENCE' was recently shown to personnel of 3 Aust Water Tpt (Small Craft) RAE, following the completion of a series of lectures by members of "K" FS Sec, The showing of the film was preceded by a short talk by the JSO

("K" FS Sec Report 57)

(7) The finding of an Italian language Communist newspaper in the possession of a PW in 106 AGH Bonegilla was reported in Security Report No 47 (para F) This matter has now been followed up by the FS detachment in the ALBURY area, who have approached the adjt of 106 AGH, asking him to warn his staff to hand in to Orderly Room all articles of any description handed to them for d livery to PW in the hospital. The identity of the person who handed in the paper in question in the first place, has not, however, been established.

SECURITY OF INFORMATION

A LEAKAGE OF INFORMATION

1 Concern at the possible leakage of information throught the lifting of the necessity for franking mail has been voiced by the CO of a Sig Trg Centre, who quotes the case of one of his ORs having disclosed information as to Sig formations and unit locations in NG and Northern Australia Personnel at this continuous school are constantly moving out to operational areas and the CO felt that some check should be made on their mail Arrangements have now been made with OC MEBB Detachment 1 Aust Fd Censorship Coy to have a sub-section of his detachment stationed in the ALBURY area ("K" FS SEC Report)

SECURITY OF PERSONNEL

B SUBVERSIVE ACTION (ORGANISATIONS) -- E Y L

2 Evidence of the extreme interest being shown in the future movements and role of AIF formations by the EUREKA YOUTH LEAGUE (an offshoot of the Communist Party) and their plans for the dissemination of propaganda among these troops is shown in the following extract of an intercepted letter addressed to one of the organ isation's leaders from an anonymous source

" In relation to Jack C's proposal for a gratuity (flat rate), I hear that extra pay for men as they go into active service is a very popular demand in SYDNEY In the Red Army (where pay is so low because absolutely everything is free incl cigs, amusements), the pay is doubled on going into action and if force gets a Stalin Guard mention pay is doubled. Although this has no direct bearing on gratuity it also involves money and is a point that Jack might give consideration to for inclusion alongside other propaganda In this Burma advance and mention of Indian issue among the troops The 6th, 7th, & 9th & 17th who may go to BURMA are the most influential (as far as prestige goes) and I think we could build wide support among them. I mention this to indicate how we could build wide support and how we could really carry campaign. to forces as well as helping them if we carry out that adoption scheme put forward by Malcolm. Jack might bring this up on A S Cttee, for planned discussion -- how many factories should be able to adopt units etc and start prop straight away "

3 BOSA. Zacharia

A message was received by GS (Int) on 21 Mar 44 that an Italian named BOSA had made certain subversive sta ements when attending the area office at DANDENONG for enlistment, and had endeavoured to dissuade a fellow naturalised Italian from volunteering for the AIF This latter man was very indignant and reported the matter to the Area Officer Subsequent investi ation of BOSA revealed that he had already been charged under NSR with evasion of service and had been fined £5 ---- he was actually 22 years of age when finally called up. He was found to be a naturalised British Subject, having been named on his father's papers Inquiries were followed out to RRD Royal Park, where it was discovered that BOSA had gone AWL the night of his arrival there Reports from the camp staff and from the other naturalised Italian (who made the original report), show that BOSA made violent anti British statements during the time he was in RRD, that he refused to take the oath, claiming that he was not naturalised but an enemy alien and refused to put on an Australian uniform to be photographed.

Action is now being taken by Area MP to have this man found and it is then intended, in conjunction with CIB and Commonwealth Security Service, to investigate the possibility of having his naturalisation revoked and making him available for service in the CAC

SECURITY OF MOVEMENT

C.

4. The movement of 51 PW from MURCHISON to WILL OWNE via SEYMOUR was covered by members of the Seymour detachment of "E" -- oo, who report that this time the

security of the move was made more complete by the fact that the coach used to convey the PW and escort was placed next to the engine and enabled a greater degree of segregation to be achieved

("K" 18 Sec Report No 59)

SECURITY OF PW CAMPS

D TATURA INTERNMENT CAMPS

5 Intrep from TATURA this week reports the release of a further 28 internees to various jobs, some to CAC, others to work of national importance and still others to their home states for employment by Manpower

6 An Aliens Tribunal has been sitting at TATURA over the past week considering the cases of a number of internees who had not previously appealed against their detention, or who had been granted new appeals In all some 25 persons were interviewed by the Tribunal

(Tatura Report)

E. MYRTLEFORD PW CAMP

7 With further reference to report made in para D(5) of Security Report No 48, MYRTLEFORD Int Sec now advises that a further transfer has been made of 29 Royalist officers from "A" to "B" Compounds All these officers have made declarations of their loyalty to the King of Italy and had also made application to be transferred to "B" Compound. 20 Fascist sympathisers among the officers were transferred to "A" Compound from "B", together with 20 ORs, all known Blackshirts.

Int Sec reports that a very noticeable change in bearing has been brought about in "A" Compound by this change over, in that every officer on parade now wears his best uniform and there appears to be an air of great activity and renovation in the new completely Fascist compound. The Royalist group in "B", while not insisting on the wearing of best uniforms on parade, are loud in their gratitude for the transfer away from the former Fascist atmosphere

8 Following certain outward letters written to Italian addresses by Fascist officers of the above PW Camp, stating that the writers had learned by mysterious means of the 'shameful' conditions in SICILY since the Allied occupation, the writers were paraded to the Camp Commandant to make an explanation of their statements After the offenders had given vague and completely unsatisfactory explanations as to the source of their information, they were severely warned by the Commandant to curb their imagination in the future

Comment : This is a typical example of the propaganda methods adopted by Fascists in this camp to mislead their companions and relatives
