A.161 ALLOTMENT AND DEPENDANTS ALLOWANCE PAYABLE OUTSIDE AUSTRALIA

1. With the approval of the prescribed authority under War Financial (Military Forces) Regulations, a member may make an allotment to a person resident in any country outside Australia. Where the allottee resides in an enemy or enemy occupied country, the allotment may be dated back to 25th August, 1944, provided that this does not place the member's pay account in debit.

2. Where a member has made an allotment of not less than the standard rate, dependants allowance will be payable, in accordance with War Financial Regulations -

(a) Where the allotment is payable in a country forming part of the sterling area - to any person dependent on the member; or

(b) Where the allottee resides in a country other than a country included in the sterling area - to the wife or children of the member and not to any other dependant.

3. If the allottee resides in a country where it is not possible to effect payment of allotment and dependants allowance, either because of the conditions set out in National Security (Exchange Control) Regulations or for any other reason, the amount of such allotment and dependants allowance will be held in trust until payment becomes practicable. A member may cancel such an allotment at any time before payment is actually made to his allottee and, in that case, the accumulated amount of the allotment will be credited to his pay account. In such circumstances, no dependants allowance will be payable.

4. In this order, the words "sterling area" have the same meaning as in National Security (Exchange Control) Regulations, namely :-

"All parts of His Majesty's dominions (except Candda and Newfoundland), and includes all territories in respect of which a mandate on behalf of the League of Nations has been accepted by His Majesty and is being exercised by His Majesty's Government in the United Kingdom or in any dominion, all British protectorates and protected States, Egypt, the Anglo-Egyptian Sudan and every other country or area declared by the Treasurer, by order published in the Gazette, to be included in the sterling area, but does not include any country or area so declared not to be included in the sterling area."

5. The following areas have been included in the sterling area :

AUSTRALIAN MILITARY FORCES

ROUTINE ORDERS PART I

by

MAJ GEN A.H. RAMSAY

COMD 11 AUST DIV

HQ 11 Aust Div

9 Jun 45

GENERAL STAFF

G.167 CLASSIFICATION OF MESSAGES

With effect from 0001Z 15 Jun 45 all messages which are unclassified in accordance with para 44 of SRO 0219/44 and paragraph 11(b) of FSPB Part I Pam 4 Section 4, will now bear the word "UNCLASSIFIED" to be inserted at the beginning of the text immediately following the originators number. After the above date Signals will NOT accept messages which do NOT bear the present classifications in use or the classification "UNCLASSIFIED."

G.168 TRAINING EXERCISES - USE OF SECONDARY ROADS

Attention is directed to the damage caused to secondary roads in the ATHERTON TABLELANDS area by abnormal traffic during wet weather.

Instances have been reported of such roads being badly cut up by military vehicles during training exercises, which has resulted in the roads becoming impassable to normal civilian traffic. This causes serious financial loss to farmers, owing to the impossibility of transporting agricultural and dairy products to railhead or factory.

Although use of such roads by unit vehicles during training is in many cases unavoidable, units under command 11 Aust Div will refrain from using secondary roads for training purposes during wet weather and will also restrict the use of such roads for other purposes to an absolute minimum.

ADJUTANT AND QUARTERMASTER GENERAL'S STAFF

A.169 ROUTINE ORDERS

The following orders have been issued and will be noted for information, necessary action and filed for future reference -

SROs Nos 144-147 of 1 Jun 45

A.170 CONTROL OF UNIT TRUST ACCOUNTS

It has come under notice that units are using the UNIT TRUST ACCOUNT BOOK - WF 145 - as a CASH BOOK controlling the particular Trust Fund rather than a PASS BOOK for which it was instituted.

Attention is drawn to the provisions of GROs 319/43 and 111/45. Action should be taken to ensure that the provisions regarding "PUBLICATION OF ACCOUNTS" are strictly observed.

Instructions regarding BOOKS OF ACCOUNTS should be closely scrutinised and implemented forthwith particularly in regard to the CASH BOOK and JOURNAL.

Except in an emergency and in addition to cheque payments there should NOT be more than two transactions each day - one withdrawal and one deposit - for each account.

It is quite permissable for a number of withdrawals to be embraced by one TRUST ACCOUNT REQUISITION - WF 132 - provided full details are endorsed on the butt for audit purposes.

Extracts of Trust Accounts are required by LHQ every three months for reconciliation purposes and units will ensure the submission of same on due date to controlling Paymaster.

A.171 REVIEW OF PERSONNEL CLASSIFIED B1

All units will take action in the terms of para 3 of GRO 205/44, as amended, before 30 Jun 45.

A.172 LOSS OF MESS AND CANTEEN FUNDS

In view of the number of thefts of mess and canteen funds which have occurred over the last few months, all units will provide proper means for safecustody of such funds. Attention is drawn to the undesirable practice of holding large sums of money in unit messes and canteens and to the provisions of GROs 319/44 and 319/43.

A.173 VEHICLES NOT TO BE LEFT UNATTENDED

No driver or other person in charge of a military vehicle will leave it unattended except in the transport lines of his own unit.

For the purposes of this order a vehicle will be deemed to be unattended if it is out of sight of the person in charge of it.

A.174 ATHERTON GOLF CLUB HOUSE

Authority for the use of the ATHERTON GOLF CLUB HOUSE for social functions may be granted by HQ 11 Aust Div.

A.175 MEDICAL EXAMINATION - VICTORIAN RAILWAYS - PERSONNEL SERVING IN THE A.M.F.

Advice has been received from the Secretary, Victorian Railways, that his Department desires to appoint to the Permanent Staff certain employees of their Supernumerary Staff who are at present serving in the Military Forces.

Before appointment can be made, it is necessary that they pass a medical examination to determine their physical fitness and standard of vision, colour-sense and hearing.

Approval has been given for the examination to be carried out by Army Medical Officers.

The Victorian Railways has been requested to advise the soldiers concerned to report to the CO of their unit, who will arrange for the examination to be carried out at an appropriate medical unit.

The personnel concerned will be supplied by the Victorian Railways with Railways Form S127, and it is requested that the Medical Officer who conducts the examination records the result on this form, and the completed form be forwarded to this HQ.

Q.176 INVESTIGATING OFFICERS' REPORTS

A large number of investigations under GRO A348/44 submitted to this HQ do not comply with para 5A(e) of GRO A348/44, which was introduced by an amendment published in GROs on 20 Apr 45.

COs will ensure that para 5A of GRO A348/44 is complied with.

In most cases elaborate terms of reference will not be necessary. In every case, however, the terms of reference will include the direction required by para 5A(b) of GRO A348/44 in addition to any specific matters considered necessary.

Q.177 TOBACCO AND CIGARETTE RATIONING

Information has been received that as from 1 Jun 45, the weekly ration of Tobacco and Cigarettes will be as follows:

Males - 2½ ozs tobacco or 35 cigarettes

Females- 70 cigarettes - no tobacco

Q.178 MAINTENANCE OF MT

Inspections made during May of MT in twenty-six units, reveal that in many cases LRO Orders and Instructions are not being observed.

The attention of all Commanding Officers and Transport Officers is drawn to GRO 339/43. All ranks directly or indirectly responsible for MT should be conversant with the following -

D.M.E. Technical Instruction C19-22
D.W.E. Technical Instruction C13-7
M.C.O. Equipment Order No.32 (LV6/Tyres/2)

The most common faults found were -

Forms to be carried, (vide S.O.I.)	153 vehicles deficient
Tools, according to MVFS	141 " "
Lights, horns or switches	76 defective
Air cleaners, breathers	74 dirty
Batteries, insecure, corroded etc	74
Tyres, underinflation etc	73 incorrect
Body holding down bolts, loose	63 vehicles
Universal joints, insecure	59 vehicles

Of 240 vehicles inspected these figures represent a very high percentage. Commanding Officers can by thorough non-technical inspections and supervision of Drivers Routine Maintenance ensure that these and other defects are eliminated.

PREPARATION OF EMBARKATION ROLLS

1. The following is an extract from LEQ circular memo 78202 of 11 Jun 45:

"Considerable difficulty has been experienced by components of LEQ 2nd Echelon outside Australia in connection with the recording of troops arriving from the Mainland.

2. The principal cause of such difficulty is the inaccurate compilation of embarkation rolls.

3. Where personnel are attached to a unit for movement, they are frequently shown on embarkation rolls as being members of the unit to which they are attached. It is thus practically impossible to reconcile the figures shown on AAFs W3008 and W3009 subsequently received from units, with the figures at disembarkation.

4. Again, personnel shown on embarkation rolls are frequently not available for movement and other personnel are substituted without the necessary amendments being made to the embarkation rolls.

5. Frequently personnel shown on embarkation rolls are disembarked at various points en route without any reference to such disembarkation being made on the relevant embarkation rolls.

6. Embarkation rolls have been found to be so inaccurate that it has been necessary for LEQ 2nd Echelon personnel to check personnel actually disembarked against embarkation rolls and in respect of such check it has been noted that many units and drafts fail to disembark in the serial order shown on the rolls, which adds considerably to the difficulty of making an effective check."

2. It is essential that records in connection with the embarkation and disembarkation of every individual member be accurate and complete in the best interests of the members themselves and components of 2 Ech necessarily rely on units for this information.

3. Accordingly all comds will personally ensure that embarkation rolls prepared by their units are accurate in every respect and that their personnel are embarked and disembarked in the serial order appearing on the embarkation rolls.

AACS OFFICERS CLUB - ATHERTON

1. Advice has been received from AA Canteens Service that consideration is being given to closing the Officers Club ATHERTON in view of the recent falling off in patronage.

2. It will be appreciated that the difficulty of providing similar amenities, in the event of the Club being closed, will be considerable.

3. Accordingly it is suggested that this matter be brought to the notice of all officers in this area as it is a matter of direct concern to them.

4. Formal dress need NOT be worn at the Club on Wednesday nights in future.

GENERAL STAFF

G.212 CENSORSHIP AND SECURITY

Pending the issue of an amendment to GRO 371/44 the provisions of that GRO will continue to apply. To remove any doubt which may exist concerning censorship in the ATHERTON Area the following instructions will be promulgated to all ranks -

1. Franking

No soldier will despatch or attempt to despatch a communication other than a green envelope which has not been franked by a unit officer. All communications will be stamped with unit censor stamp.

2. Telegrams

No soldier will submit a telegram for despatch to any civil post office, or through any channel other than Army Postal Service. Such telegrams will be franked by an officer and stamped with a unit censor stamp.

3. Officers Mail

Officers up to and including the rank of Major will submit their correspondence for franking to an officer senior in rank. Where the senior officer of a unit or detached sub-unit is below the rank of Lt-Col, he will assume responsibilities regarding censorship as if he bore the rank of Lt-Col.

G.213 MARKING OF DESPATCHES

Units are failing to carry out the provisions of GRO 136/45 para 2 clause (b) in relation to correct method of addressing and franking despatches. Particular attention is directed to "Originator's Address" which is NOT appearing on many despatches.

Attention is also directed to certification of official despatches which only officers are authorised to frank.

A.214 ROUTINE ORDERS

The following orders have been issued and will be noted for information, necessary action and filed for future reference:-

GROs Nos 167 - 175 of 29 Jun 45

A.215 CONFIRMATION OF ACTING ARRANT OR NCO RANK

1. It has come under notice that units are permitting members to retain acting warrant or non-commissioned rank for longer than 3 months with consequent hardship to the members in some instances.

2. If a member has held acting/non-commissioned rank for a period of 3 months it must be assumed that he is qualified for equivalent substantive rank. A casualty return will accordingly be submitted to Holland Echelon Sec confirming such rank. In this regard it is to be noted that Formation approval is NOT required for confirmation of acting non-commissioned rank.

3. Similarly, if a member has held acting warrant rank for 3 months an application for confirmation will be submitted to this HQ forthwith.

4. This order will NOT apply to instructional staffs of LMQ schools.

A.216 PROVISION AND RELIEF OF STAFFS AT LMQ SCHOOLS (LMQ 75103 of 27 Jun 45)

The following procedure will apply to promotion of WO's and NCO's selected as instructors at LMQ Schools :-

(i) If any acting rank is held by the member at the time of his appointment as an instructor at an LMQ School action will be taken by the CO of the member's unit either to promote him to substantive rank, or terminate his acting rank before movement to the School.

(ii) The CI will where applicable, appoint the member to appropriate acting rank as from the date of commencement of duty at the School and will submit the necessary casualty returns.

(iii) Acting ranks of WO or NCO instructors at LMQ Schools will not be confirmed except in the case of "A" Class personnel over the age of 40 years or "B" Class personnel appointed under para 6 (b) of this instruction.

(iv) Notwithstanding the provisions of GRO 37/45, a member who is "A" Class but over the age of 40 years and who has had operational experience may be promoted to substantive rank in accordance with AI if the CI considers that such action is warranted.

(v) On the termination of their appointments WO and NCO instructors will before being marched out from a School, be reverted to their substantive ranks by the CI, who will ensure that the relinquishment of acting rank is entered in each member's paybook on the day that he relinquishes such acting rank.

A.217 ROAD DISCIPLINE

It has come under notice that, consequent on the reduction of military traffic in this area, the standard of road

A.217 ROAD DISCIPLINE (contd)

discipline has become unsatisfactory. There has been a noticeable increase in major and minor accidents and in complaints from civil authorities.

All units will take steps to bring this matter to the notice of Drivers and will impress on them the necessity for careful observance of civil and military traffic regulations at all times.

A.213 VEHICLES NOT TO BE LEFT UNATTENDED

1. No driver of a military vehicle will leave it unattended except as permitted by the provisions of this order.

2. The duty of a driver is to remain with his vehicle unless it is parked in the transport lines of his unit, subject to the following exceptions :-

(a) If in the course of duty a driver is away from his own unit overnight, the vehicle may be left in the transport lines of another unit, provided that a responsible officer of such unit has assumed responsibility for the vehicle while it remains in such unit lines.

(b) A vehicle may be left at the Provost Parking Areas specially provided in certain towns provided that its presence in such area is made known to a responsible officer or NCO of the AA Pro Corps, and such officer or NCO accepts responsibility for the custody of the vehicle, endorsing the G2 to that effect.

3. Parking areas in other towns, whether or not patrolled by Provost personnel, are NOT authorised areas for leaving vehicles and the driver of the vehicle remains responsible for it.

4. No officer, NCO or other person in charge of a vehicle will permit such vehicle to be parked otherwise than in accordance with this order.

5. 11 Aust Div RO A173,'45 dated 9 Jun 45 is cancelled.

Q.219 TRANSPORT RECORDS

Owing to present short supply of AAFs G2, units will reproduce proforma AAFs G2 where necessary, to ensure daily work tickets completed for every vehicle used.

AUSTRALIAN MILITARY FORCES
ROUTINE ORDERS PART I
by
BRIG A.E. ARTHUR
ADM COMD 11 AUST DIV

HQ 11 Aust Div
14 Jul 45

GENERAL STAFF

N I L

Lt.-Col
GS 11 AUST DIV

ADJUTANT AND QUARTERMASTER GENERAL'S STAFF

A.221 ROUTINE ORDERS

The following orders have been issued and will be noted for information, necessary action and filed for future reference:-

GROs Nos. 176-177 of 2 Jul 45
GROs Nos. 178-182 of 6 Jul 45

A.222 LOCAL LEAVE - TABLELANDS AREA

1. It has come under notice that units are releasing members on local or rest day leave without leave passes.

2. A soldier who is absent from his unit area must be in possession of a leave pass or a duty pass if on duty.

3. It will be appreciated that failure in this regard renders control of local towns by the Pro most difficult. Disciplinary action will be taken against members apprehended away from their units without proper authority.

A.223 PAYMENT OF SUBSISTENCE ALLOWANCE TO PERSONNEL PROCEEDING ON LEAVE

Attention is directed to the provisions of GRO105/45 and particularly to the following extract from para 2 thereof:-

"The subsistence allowance credit roll will be prepared and the entry in the member's paybook will be made prior to the member's departure from his unit on leave."

Action will be taken to ensure that this instruction is strictly complied with in future.

A.224 IDENTIFICATION OF PMF MEMBERS SERVING IN THE AMF

Instances have occurred recently in which PMF personnel serving in the AIF have passed through GDD's for discharge from the AMF without GDD staff being aware of their PMF identity and status, thus jeopardising their rights under PMF status for super-annuation benefits, pay in lieu of furlough, etc, on discharge.

2. To prevent the PMF status of such personnel being overlooked in the future, all units will ensure that, in respect of every member of the PMF under command, the member's PMF army number is inserted in page one of the soldier's Pay Book and on page four of the Record of Service Book. Such entries will be made in red ink immediately after the member's name.

Q.225 UNIT MAINTENANCE OF MT

1. During the month of June, 247 vehicles in 23 units were inspected with an average percentage efficiency of 81. This percentage is NOT satisfactory.

2. The most neglected items of drivers routine maintenance were:

(i) Batteries - 50% corroded or insecure in carriers
(ii) Body Hinges - 45% insecure or not lubricated
(iii) Tyres - 43% incorrect pressures
(iv) Body Bolts - 41% loose
(v) Lights, Horn, Switches - 37% defective.

3. Only 21 vehicles carried the correct forms as required by standing orders for Drivers and 77 had complete drivers maintenance Kits in accordance with M.V.F.S.

Attention is directed to the following publications:

GROs 339/43 and 386/44
DME Technical Instructions C19-22 and C13-7
MGO Equipment Order LV6/Tyres/2

4. A satisfactory standard of maintenance can be attained by:

Personal interest and supervision on the part of COs and OCs.

Thorough supervision of drivers' maintenance by Transport Officers and Transport NCOs.

Correct training of drivers in accordance with Mechanical Vehicle Training Pamphlet 3 .

Allowing drivers sufficient time for routine maintenance.

5. All units with MT on charge will take action to comply with the abovementioned orders and instructions. Future instances of neglect reported to this HQ with reference to para 2 (i) and (iii) and para 3 will be the subject of separate correspondence in which the CO or OC, if applicable, will be called upon to give a personal explanation.

Q.226 MONTHLY CENSUS RETURNS

Incorrect numbers of copies of above returns are still arriving at this HQ, and the following information is promulgated for the guidance of units -

Technical Stores	3	copies	of	AAF	E5-1(a)
Machine Tools & Wksp Appliances	3	"	"	"	E5-1(a) (Headed (Machine Tools (& Wksp (Appliances)
M T Vehicles	2	"	"	"	E5-9(a)
Small Craft	2	"	"	"	T128
Ammunition	1	"	"	"	E5-16(a)

Units are requested to ensure these returns are despatched in ample time to reach ADOS 11 Aust Div not later than 1400hrs on the 21st of each month with the exception of the Census Return of Small Craft which is required by the 12th of each month and the Census Return of Ammunition which is required by the 16th of each month.

Q.227 MOVEMENT BY AIR

1. Attention is drawn to GRO 155/44 which sets out the procedure to be adopted in movement by air.

2. Numerous cases have recently occurred where personnel, having authority for rail movement only, have applied to HQ 17 Aust L of C Sub Area CAIRNS for permission to travel by air.

This procedure is highly irregular and will cease forthwith except in cases of urgent compassionate grounds which develop after movement from the ATHERTON area.

3. Air movement will be authorised only in certain circumstances and must not be considered as normal means of travel.

4. GOC 11 Aust Div is the approving authority for air travel for personnel in this area, and all applications for movement by air will be submitted to this HQ for approval.

Q.228 FIXED SIGNAL SERVICE STORES

1. Fixed Signal Service Stores held in CSO Dumps are controlled and distributed by the SO-in-C, who is responsible for the accounting procedures to be adopted within Dumps, and by units to which such stores may be issued.

2. Fixed Signal Service Stores issued to units from CSO Dumps will not be accounted for in unit ordnance stores ledgers (AAF F 7).

3. The SO-in-C is preparing instructions on the accounting procedures to be adopted, and these will be promulgated shortly. At the same time the designation "Fixed Signal Service Stores" will be officially changed to "Signal Project Stores."

Diary (2) 13

SUBJECT: PREVENTION OF DAMAGE TO STORES AND EQUIPMENT IN TRANSIT

HQ 11 Aust Div

16 Jul 45

CIRCULAR Q2555

1. During recent troop movements it has been noted that considerable damage to equipment and consequent reduction in efficiency has been occasioned through incomplete appreciation by all ranks of transportation requirements.

2. Although nesessary precautions are legislated for in existing instructions, the following recommendations to reduce damage are made:

(a) Inadequate Packing
Care must be taken to ensure that crating and internal packing are adequate to withstand numerous handlings and that durability is not sacrificed for lightness. All crates should be securely wired.

(b) Inadequate Markings
Service markings are not always clearly and durably indicated, and units are omitting to clearly mark and declare fragile stores and dangerous cargoes. "Dangerous Cargo" must be declared even though carried inside a vehicle.

Packages containing special technical equipment should be clearly marked "Fragile" and these particular items must be brought to the notice of Movement Control.

(c) Careful Handling
Units will ensure that all Officers and personnel physically related to the handling of equipment in transit are properly trained, and aware of the necessity for careful handling.

(d) Stowage
Movement Control Groups and Docks service supervise stowage in order to minimise possibility of damage during voyage.

3. As it is considered that a large part of the damage referred to can be obviated by the presence of unit escorts who are able to assist Docks Service in identification of their particular cargo, arrangements will be made to embark the maximum number of escorts consistent with the particular circumstances.

3. In order to permit the despatch of postal articles at concession rates of postage, units will stamp all communications with the AMF Censor Stamp.

APPENDIX 'A' ISSUED WITH 11 AUST
DIV ROs dated. 21 JUL 45.

TRAVEL OF AMF PERSONNEL WHEN ON LEAVE

1. In accordance with GRO A598/1943, Part XVI, free leave travel is granted only between unit location and the member's "home town" as defined in para 3 (d) of that order, or to some other place no further distant.

2. Subject to the provisions of this instruction, however, a member while on leave is permitted to travel at his own expense anywhere within the mainland of Australia and Tasmania.

3. It will be appreciated that travel accommodation for civilians is restricted and that inter-state rail and air traffic is controlled by a priority system.

4. AMF personnel therefore travelling in accordance with para 2 above will be subject to the ordinary civilian travel priorities (MC Instruction No 2 of 16 Jan 45 refers) and will not be classed as "Defence personnel travelling on leave". Where travel is to a prescribed area a "permit of entry" must be obtained.

5. Except in the case of travel by rail from another State to Western Australia (or vice versa), a member while on leave may travel by any means available to civilians but not by those controlled by the Department of the Army. He will be responsible for arranging his own priorities and securing his own travel accommodation and for paying his own expenses.

6. (a) In the case of travel by rail from another State to Western Australia (or vice versa), owing to the exceptionally limited accommodation available on the Transcontinental line, the member will be required to arrange his movement with the HQ L of C Area concerned or Western Command as appropriate, and in the event of travel being approved will be required to -

(i) report to LTD for on movement as directed by the HQ L of C Area or Western Command;

(ii) travel by troop train on such parts of the journey as the HQ L of C Area or Western Command directs;

(iii) pay his own fare;

(iv) come under command of the appropriate COs from the time of reporting at the first LTD until marched out from the LTD at the conclusion of the journey.

(b) HQ L of C Areas or Western Command (as appropriate) will only arrange movement pursuant to para 6 (a) hereof from another State to Western Australia (or vice versa) for a member while on leave if satisfied -

(i) that the member has sufficient leave at credit to enable him to return in time after making allowance for such delay as may reasonably occur, and

(ii) that the reasons for the member making the journey are sufficiently strong to justify travel accommodation being made available on a Troop Train.

(c) The LTD to which the member reports for on movement pursuant to para 6 (a) hereof will be responsible -

(i) for ensuring that the member is in possession of a rail ticket entitling him to travel to or from Western Australia, and that the travel has been approved;

/2

6. (c) (ii) for raising a debit in the member's paybook for an amount calculated on the number of complete periods of 24 hours which it is estimated that the journey will take, at 3/- per period. The Paymaster at the LTD will ensure that the necessary advice of such debit is passed to the DFO controlling the member's account;

(iii) for indicating to the member that, he will not be entitled to subsistence allowance for the period during which he is travelling by troop train, but that he will be issued free of charge with rations and quarters whilst so travelling;

(iv) subject to subparas (i) (ii) and (iii) of this para having been complied with - for implementing the member's on-movement.

7. The fares charged by the Railway Systems concerned for travel pursuant to this instruction, by troop train to or from Western Australia will not include the charges normally raised for sleeping berths or meals.

8. Members will be warned that in all cases where they travel from the leave destination authorised in accordance with GRO A598/43 it will be their own responsibility to report back punctually on expiration of leave to the unit, LTD or Staging Camp by which they were released on leave. Failure to obtain the necessary travel accommodation is not an excuse for failing to report back by the due date nor is it a defence to a charge of absence without leave. However, if owing to lack of transport facilities, a member is unable to report back to his unit on due date after travelling to or from Western Australia, his papers will be endorsed accordingly by the HQ L of C Area or Western Command as appropriate at the commencement of the return journey and in such cases the member has not committed the offence of absence without leave.

Q.231 CAKE BAKING MATERIALS

1. It has been found that the scale of equivolents for Cake Baking Materials has been at variance with the actual consumption of the commodities issued to produce the required ration scale of issue of 3 ozs per man per week.

2. Consequently, it has been decided to cancel the present scale of issue and the following is to be substituted:-

For 100 personnel for 7 days

Margarine	2-2/3 lbs	to produce 19 lbs Cake Fruit Block
Flour	3-1/3 "	
Baking Powder	4/15 oz	
Sugar	2-2/3 lbs	
Fruit Dried Vine	8 "	
Egg Dried	2/3 "	

The above scale of issue is to become effective immediately.

Q.232 DIESEL FUEL (DISTILLATE) FOR HYGIENE COOKING AND DRYING PURPOSES

1. The consumption of diesel fuel (distillate) by units for use on improvised cooking and drying appliances and the burning of refuse is considered far in excess of actual requirements.

2. It is appreciated that during the present wet season the drying of clothes, cooking, and burning of refuse can NOT be carried out effectively using wood fuel alone.

3. Accordingly the issue of diesel fuel (distillate) for these purposes will continue but will be restricted to 200 gallons per 100 men per month.

4. This scale of issue will be reviewed as at 31 Aug 45 when it is anticipated the weather will have improved sufficiently permitting the substitution of wood fuel for diesel fuel (distillate).

Q.233 ISSUE OF FRESH COMMODITIES

1. The scale of issue (of 16 ozs potatoes and 4 ozs of onions per man per day) will be continued until advice to the contrary is received.

Q.234 AIRGRAPH SERVICES, DISCONTINUANCE OF

1. In consequence of the falling off in the airgraph traffic coupled with the increased aircraft accommodation now becoming available for the carriage of overseas mails, it has been decided to discontinue the airgraph services.

2. By arrangement with the British Authorities all countries participating in the airgraph scheme will discontinue the acceptance of airgraphs after 31 Jul 45.

3. Units will ensure that all personnel are advised accordingly and that unit postal orderlies are instructed to promptly return to the sender any airgraph letter lodged for transmission after 31 Jul 45.

4. All previous instructions issued regarding airgraphs are cancelled, including para 79 of Instructions for the Guidance of Postal Orderlies. Notification in Serial Amendment form will follow in due course.

AA Edn Service,
HQ 11 Aust Div
July 45

SUBJECT: MONTHLY REPORT

ADAS
HQ First Aust Army

In amplification of the attached schedule the following is submitted:

Section 1 - Personnel: Div HQ -

Lt P A McCaul-Smythe is A/Edn Offr 11 Aust Div. The following personnel remain temporarily attached HQ 11 Aust Div: Lt H H Innes, WOl S Jones, Sjt J Graham, Cpl V Alfirevich. Capt A J A Nelson, of AA Edn Service HQ Pool, is posted as attached to 11 Aust Div ex 5 Aust Div.

4 Aust Inf Bde: Vacancy exists for Sjt Lecturer to fill place of Sjt McLeod.

15 Aust Inf Bde: No change.

HQ School of Army Edn has arrived in this area.

3. The Edn Centre of 11 Div HQ is being used increasingly as a quiet room for study. Units are being encouraged to establish their own study huts and some have done so. The 2/2 Commando Sqn has given a very high priority to an Education Hut in its building programme. The hut is filled to capacity each night with students doing correspondence courses.

5. Lectures: The total number of lectures given is satisfactory . The figures quoted do not include CAB discussions.

Lectures on the AEF Census were organized on a compulsory basis throughout the division. Officers and ORs were interested and more than usually appreciative. "Follow-ups" to these lectures took the form of circular information sheets and informative articles in the news sheets "Coconut" and "Sandgroper".

4. AA A/Edn Offr 15 Bde reports as follows: "During the month many units in the area have been regularly contacted including the forward coys and pls of forward battalions. On July 10th Edn Offr left one forward coy about half an hour before a small party of Japs attacked the coy area with knee mortars, LMG and rifles. Much time has been taken up contacting the forward posts. Travelling is all by foot and necessarily slow."

5. Lecture subjects during the month include "The Menacing Rise of Japan", "The Solomons" "Chinese Nationalism" "Migration Problems" "Our Export Prospects" "Nationalization of Industry".

6. Discussions: Regular weekly CAB sessions are now being held in about 90% of the units attached to 11 Div. Discussions are, from the observation of this officer, of good standard and, in some instances, they are being given in a rational and carefully planned sequence.

Army Edn Offr 4 Aust Inf Bde reports as follows: "CAB discussions are proceeding satisfactorily on an organized basis. They are a definite part of each unit's Training Syllabus and are given weekly by Platoon Commanders to Platoon Groups."

Groups doing discussion courses are not numerous but there are some good groups.

7. Drama: One playreading group is functioning. An interested officer at Div H is forming another. Some interest is being shown in the sets of plays available. Several members have borrowed copies and are sounding the possibilities of forming groups in their units.

8. Libraries: Four boxes of "Penguins" were received during the month. Seventy of these volumes have been handed over to the AEF for dropping to isolated outposts, the rest allocated to the libraries at Div H and the Brigades.

A change over of about 400 books between 4 Aust Inf Bde and Div H; libraries has been effected. Borrowings have increased since. Many Edn offr 13 Bde reports that more expendable books are needed urgently. This applies generally, but information as per First Aust Army ED 37/3/1254 of 21 Jul re the book position has been passed on to ADS and DUCs in the monthly circular.

9. Correspondence Courses: There has been an increased interest in correspondence work as a result of the recent lectures on the AEF census.

10. Music: This month amplifier trouble has caused us some worry. This is not confined to the AEF amplifier, as RAAF and Red Cross sets are also suffering. If each Bde had his own amplifier many more recitals could be given. In view of the approaching move, it is not proposed to send the amplifier to workshop for overhaul.

The choir met four times during the month. Ghost music (vocal four part) would be welcome. The Musician's Notebook is still proving popular; copies are attached.

11. Craftwork: Leather is the principal craft. As might be expected, all classes are doing well. Members are enrolled on a roster system.

12. Classes: Class activity is well organized and highly satisfactory in 4 Aust Inf Bde, where the art class continues to flourish, and there are six classes in elementary subjects, one with an enrolment of about 40 and the other five with less than 10 each. Class activity at Division has decreased under present circumstances.

13. General: There is a healthy interest in Educational work throughout the Division. The high standard of discussion work is most gratifying. Capt Nelson has suggested that it is essential at this juncture to maintain adequate research and discussion libraries both at H and in the units, to foster self-help correspondence groups, to conduct a general census of correspondence activities, to develop the present embryo interest in the drama, to catch the illiterate and semi-illiterate position, to extend the range of classes, to introduce a new Div monthly report proforma, to capitalise the work of the School of Army Education by consolidating the Unit position and to extend the present range of craft activities.

The popularity and circulation of the news sheets "Carnut" and "Sandgroper" has increased. "Carnut" is posted daily in the battleroom of 11 Div H. It is at present being edited very competently by Sgt Jones.
