Missing 2nd April 1917

Boreland was in A. Co. He came from somewhere in N.S.W. He used to talk a good deal about horses. I had known him for about 16 months since he joined up. I saw him frequently in the Company. About 5'6" in height, medium build, fair, clean-shaven and about 21 - 22 years of age. As far as I know he was the only man of the name in the Company. We joined up together at Cootamundra and our numbers were very close to each other. On the 2nd April 1917 we took the village of Louvereal, near Doignies and Bapaume. We went over about 5.15 a.m.X I saw Boreland go into the shed when a shell fell among them and killed 5 or 6 of the men. I saw Boreland after he was killed - It was daylight and we held the village.

X There were 20 or 30 of our men in a shed in the village
