"Killed 7.6.17."

At Messines out in No Man's land He was wounded by what I thought a ~~shell~~ shot in the arm, I asked him to get back to the line but he said "I can't i'm paralyzed." I took off his equipment and went back and told the stretcher bearers to go for him. I had to go on. He was a great pal of mine, almost like brothers I did not know he was killed till I saw the book to-day.
