

Transportme Passenger allows for tracking of your child's school bus on your mobile phone. You can set up notifications for when your child is close to their stop or track the bus on the map. For further information on bus routes please visit <http://www.stonestreetscoaches.com.au/schools/school-bus-routes/ipswich/> Please note that the bus routes and stops will only appear when the buses are in transit on the routes.

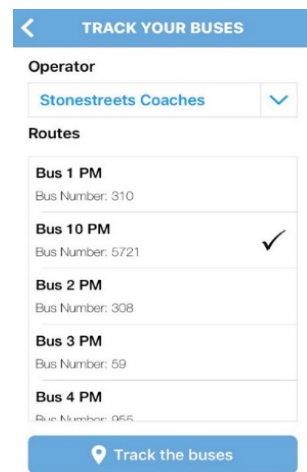

Go into the App Store and download Transportme Passenger

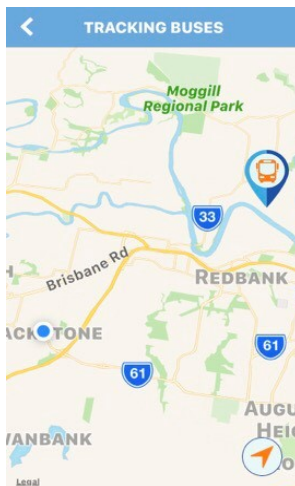

Select "Track Your Bus" or "Save a Stop and Get Notified"

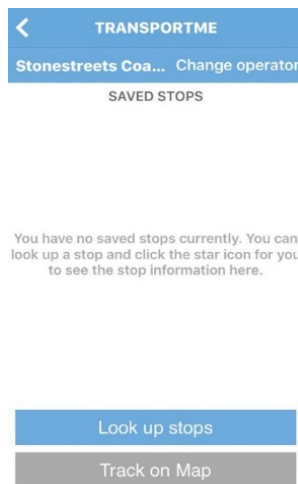

Select "Stonestreets Coaches" in Operator

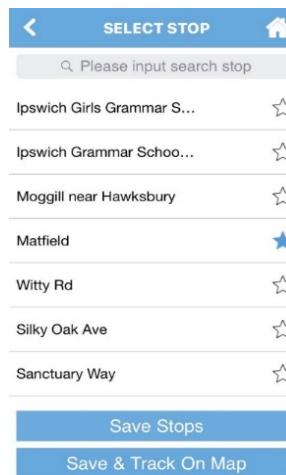

To track select which Bus Route and then at the bottom press "Track the buses"

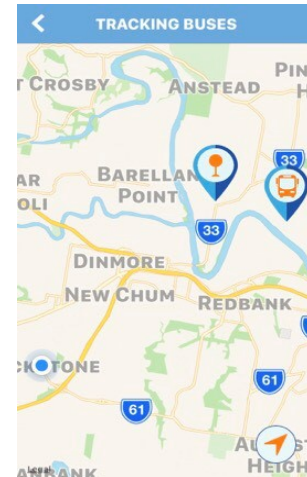

The map will show where the bus is and a blue dot where you are located

To save a stop and be notified when the bus is close to that stop, select "Save a Stop and Get Notified". Select "Look up stops". Select which bus route

Select which stop (stops are in order). Either Save Stop or Save and Track on Map

The map shows you where the bus and stop selected. The blue dot is where you are located.
