

Participation guidelines

UHPCP will participate in an initiative when:

- It requires multiple organisations to work collaboratively
- It involves collaborative work re-Social Determinants of Health
- The activity will result in system improvement
- It requires advocacy for consumers and community to enable their participation
- By invitation, or initiated by UHPCP.

Why will UHPCP participate?

- As an impetus for action/collaboration
- If it provides an opportunity to influence an innovative approach
- To enable organisations to look beyond their own 'space' in relation to a specific issue/challenge
- To utilise the specific skills of UHPCP staff
- To provide a strategic lens to a collaborative approach – a helicopter view
- To build capacity/to enable
- To engage necessary but reluctant organisations.

What role might UHPCP play?

- Lead agency
- Consortium member
- Initiator
- Funder/part-funder
- Provider of framework/structure
- Backbone organisation (as described in the Collective Impact Framework)
- Responsibility for specific component thus capacity building e.g. evaluation
- Capacity building
- And all within the framework of priorities and directions of the Strategic Plan
