Operations executive joins Ingham's

Sydney, (2 November 2015): Ingham's Executive Chairman Mick McMahon announced the appointment of Quinton Hildebrand to the position of Operations Excellence Director today.

Hildebrand, who was formerly CEO of Mackay Sugar, brings his extensive knowledge of agriculture from South Africa, Europe and Australia to Ingham's. He has a Bachelor of Science (Agricultural Economics) and an MBA from the Edinburgh Business School.

Mr McMahon said that Hildebrand's breadth of commercial experience across farming and grower relations, manufacturing operations, sales and marketing and leading organisations will be a great asset to Ingham's.

"Ingham's newly formed operations excellence team will report to Quinton and will be one of the key mechanisms through which we will drive commercial improvements across the business operations," he concluded.
