RAF OBJECTIVES

The objectives of the Regional Arts Fund are to support and promote participation in, and access to, arts and culture in regional and remote Australia by:

- encouraging and supporting sustainable economic, social and cultural development in regional communities;
- developing partnerships and networks which leverage financial and/or in-kind support for specific projects and encourage ongoing collaboration;
- developing audiences and broadening community engagement with the arts; and
- increasing employment and professional development opportunities for, and raising the profile of, regional and remote artists.

RAF PROJECT FUND CRITERIA

Applications will be assessed against the following criteria:

Community Category

The degree to which projects:

- meet the RAF objectives (stated above);
- involve the community in the creative process, direction and management;
- demonstrate strong project planning and effective use of resources; and
- engage professional artists for appropriate artistic outcomes.

Individual Category

The degree to which projects:

- meet the RAF objectives (stated above);
- demonstrate strong project planning and effective use of resources; and
- engage professional artists for appropriate artistic outcomes.

Applicants are encouraged to engage with and employ regional based Western Australian artists as a priority, or explain why a non-regional based Western Australian is more appropriate for the project.

BUDGET CRITERIA

Applications should provide an appropriately detailed and realistic budget to demonstrate how the project will effectively use resources.

- Applicants are required to contribute or source a minimum of 25% cash or in-kind from other funding sources. The fund will not cover the total cost of the project; it will only cover up to 75% of the total cost.
- Project expenses should be clearly explained. It is important that applicants reflect eligible costs, provide notes on where efficiencies have been gained and a justification if costs are high.
- The project should be done in a cost-effective way and show value for money.
- Artists and arts workers must be paid appropriately for their industry. You can find details on the RAA Recommended Rates [here](#).
- Projects may include an administration fee of up to 15% of the grant request.
- Budgets should show a diversity of funding, including both in-kind and cash support from a variety of funding sources.
- This funding will not replace project funding that is historically or commonly supported by Local Governments, rather it is designed to add to Local Government support for a greater investment in the community.
- It is acknowledged that applications from very remote communities will often incur higher expenses. Applicants in communities above the 26th parallel or categorised as MMM7 may be eligible to apply for a higher amount. The Project Officer must be contacted to discuss this prior to application submission.

Applicants requesting higher values of the grant are expected to meet the criteria to a higher degree.

Recording GST: Applicants who are registered for GST must exclude GST from their budgets.

Applicants who are not registered for GST must include GST in their budgets.

It is essential that applicants speak to an [Project Officer](#) at Regional Arts WA prior to applying. You can contact us on regional free call 1800 811 883 or via email info@regionalartswa.org.au.

The purpose of this contact is to provide guidance on eligibility and:

- Assist applicants to identify the appropriate category for their application.
- Ensure you fully understand the expectations and obligations of the fund.
- Provide advice regarding strategic and program development, preparation of budgets and any other aspect of your application.

Please note: If you do not make initial contact, we cannot guarantee that the Project Officer will have time available to give feedback on your project. Applicants should make the most of this opportunity by allowing plenty of time for discussion and feedback before applications close.

Apply Online via SmartyGrants

All applications are to be submitted online using the SmartyGrants system. You can log in or register with SmartyGrants via the link on the Regional Arts WA website or here:

<https://cawa.smartygrants.com.au>

Applicants who require support to access the online application process should contact Regional Arts WA call regional freecall 1800 811 883, 08 9200 6200 or email info@regionalartswa.org.au. ASSESSING YOUR APPLICATION

On submission your final application will be processed by the Regional Arts WA team to ensure eligibility. It will then be sent to the Investment Panel; all Panel members are active in their own communities in arts and cultural activities and have experience across a range of artforms. The Panel meets approximately six weeks after the closing date to assess the applications.

The Investment Panel will:

- Verify the eligibility of your application.
- Assess grants requesting under \$10,000 and over \$10,000 separately.
- Assess the merit of your application against the criteria of the program.
- Consider the artistic merit of the application and the community and partnership support demonstrated.
- Discuss the merits of your application in relation to other applications being considered.
- Determine the most appropriate allocation of funds giving consideration to regional spread, art form and target beneficiary diversity.

The Australian Government Minister for the Arts may issue a 'Program Strategy Statement' indicating the Government's strategic focus for regional arts in achieving the Regional Arts Fund objectives. Regional Arts WA, and therefore the Investment Panel, will be required to comply with the Minister's statement for all programs delivered using funding from the Regional Arts Fund.

The Panel recommendations are forwarded to Regional Arts Australia who then provides them to the Federal Minister for the Arts for announcement. As part of the Funding Agreement with the Department of Communications and the Arts, it is not until the approved projects are announced by the Federal Minister that Regional Arts WA is able to notify applicants of the assessment outcomes.

It is a priority for Regional Arts WA to communicate the assessment outcomes to all applicants as soon as they are announced and we are in contact with applicants at the earliest time possible.

REGIONAL ARTS FUND

The Australian Government's Regional Arts Fund supports sustainable cultural development in regional and remote Australia and meets the strategic priorities of supporting participation in, and access to, the arts and encouraging greater private sector support for the arts.
