Moominpappa at Sea motivates students to reflect on their own personal and social freedoms and to explore how they express themselves in relation to others and the environment.

Follow the courageous Moomin family as they set sail to a mysterious island where Moominpappa plans to discover the secret of the ocean – and where nothing will go to plan. Someone freezing cold and dangerous has followed the Moomins to the island and one night, during a wild storm, the island itself will come to life! As the Moomins face their adventures with bravery and humour, Moominpappa discovers a new understanding of his place in the world.

Marionette: Marionette making is a workshop designed to open children's minds to how they can construct puppets that move on stage!
