*Plain paper: Declared yield value in accordance with ISO/IEC 24711. Values obtained by continuous printing.
4"x6" photos: Declared yield value in accordance with ISO/IEC 29102. Values obtained by continuous printing.

Declared yield value determined based on Canon standard method referring to ISO standards. The figure above is an average value, measured when printing continuously using the ink immediately after it is unsealed, until the ink is out. Ink yield may vary depending on photos/documents printed, applications software used, print mode and type of paper used. This should be used as a guide only and does not take into account ink that might be used for head cleaning or head refreshing to maintain printer performance.
