What is Respite House?

Centacare NQ's Respite House is a purpose built home available to individuals with a disability to experience some time away from home in a suitable environment, while providing a break from the caring role for family and carers.

Situated in Railway Estate, the fully serviced dwelling is available for short-term support arrangements in a safe, positive and friendly environment. Support is provided by our experienced staff who will work with guests to achieve their goals.

We carefully match guests to ensure compatibility with carers to achieve the best possible outcome.

“*Centacare NQ cares about your wellbeing*”

Respite house can accommodate guests to give carers the opportunity to have a week long annual holiday, a weekend trip or a few hours break each week.

A waiting list may apply from time to time due to high demand.

How much does Respite House Cost?

Accommodation price varies according to the support needs of the guest and the day of the week the support is provided. A quote can be requested from the Centacare NQ Disabilities Team.
