

# History of Catholic Education In Central Queensland

1863-1990

"Always Mindful" celebrates almost 140 years of Catholic schooling in Central Queensland under a succession of nine bishops and supported by hundreds of committed and dedicated religious and lay people determined to see Catholic education flourish.

*"A labour of love ..."* is how author, John Browning, describes the efforts of generations of people who have contributed so selflessly to Catholic education.

**Always Mindful**

**By John Browning**
