

Quality Aircraft parts

CJ Aerospace is proud to announce we have been awarded:
as an Authorised distributor for PMA Products.

For more than 15 years PMA Products, Inc. has been the reliable, affordable alternative for the highest quality FAA/PMA approved aircraft parts for Piper, Beech, Cessna, Embraer, and Pratt & Whitney.

In 2006 PMA Products received a Leadership award from MARPA, the Modification and Replacement Parts Association. PMA Products is proud to serve the aviation community with over 200 FAA/PMA approved parts.

These are just some of the FAA/PMA replacements for Pratt and Whitney PT6A series engines.

Why pay high OEM prices?

When you can have a quality product priced well below the OEM. The quality of their parts meets, and in most cases exceeds that of the original part.
