FINE FOODS

## Beverage Service

### You've organised the food... now what about the beverages?

We are licensed to sell packaged liquor products and strive to provide a total stress free service for our clients.

#### What we offer - quality and service.

Our primary service is to arrange for the supply of liquor and other beverages for your event. We have an extensive range of wines, beers and spirits available to us through our close association with several major Australian wine wholesalers.

We will deliver your order to the function venue, supply the ice and prepare the beverages ready for serving when your guests arrive.

We will also arrange for experienced bar staff to serve you and your guests. All of our recommended bar staff have an RSA certificate.
