Since the last edition of footnotes, lots of activities have been happening in Western Australia. A new committee was elected in November with several members on the committee for the first time. December brought holiday cheer with parties occurring in the Monday, Friday Hills group and Saturday morning sessions. The Monday night party had our local band “The Last Five Coins” playing many of our well-known dance tunes in addition to some of our favorite recorded songs. All enjoyed a potluck supper. These activities provided a great beginning to the holiday season.

Monday night Christmas party 2020 with the Last Five Coins Musicians

January brought around a lot of hot weather and the annual Introduction to International Dance course and the Children’s Dance Course. Another Introduction course beginning in February is being offered for the first time in Midland. (See flyer). A radio interview on “Folking Around”, the local folk music program also occurred. Along with all of these activities the organization for the Marius Ursu workshop in March is in progress with wide spread promotional activities and workshop planning. More on these in future Footnotes articles.

Children’s dance class

We have also introduced a fee reduction for 3 months of \$5 per weekly class. Our latest Grapevine is available with news about PID as well as an additional travelogue by our members who have been out and about around the world. Please see our website. If you are traveling to Western Australia, come and join in the fun. We would love to meet you. We have our dance shoes on and are looking forward to 2020.
