Skin Treatments

What would you like to change about your skin?

We will tailor make a prescription facial to suit your individual skin needs & requirements.

Every facial treatment we do incorporates the dermasound machine. The dermasound facial treatment machine uses Ultra Sound which is a cutting edge technology that utilises low frequency sound waves in a three-stage system for safe mechanical exfoliation, molecular penetration and healing micro amp therapy to combat ageing skin, reduce wrinkles, clear acne, manage Rosacea, lighten hyperpigmentation, in addition to many other skin challenges.

Express Dermasound Facial (30min) \$85

Deluxe Dermasound Facial (60min) \$125

Facial upgrades can take your experience & results to a new level. These can include & are priced in addition to your deluxe Dermasound treatment

+ Chocolate Power Peel \$24.95

Combining 50% Lactic Acid & the natural extracts of cocoa, resveratrol & Acai Berry, a powerful antioxidant, this peel delivers superior refining, anti-aging & skin restorative benefits. It's unique formulation influences collagen production, improving skin hydration & elasticity.

+ Collagen Fleece Mask \$24.95

The supreme performance of the Collagen Fleece Mask restores moisture to very dry skin, prone to tightness, dehydration, flaking and discomfort.

+ Cellular Ampoule \$14.95

Designed to stimulate cellular function and trigger intense rejuvenation. Our individual professional only range of ampoules target aged, dehydrated, sun damaged, sensitive, Rosacea, pigmented, oily or acne skin. Your skin specialist will select the ampoule suitable for your skin solution.

Environ Cool Peel

We also incorporate and recommend the Environ Cool Peel system. These lactic acid peels are peels like you have never had before. A revolutionary medical grade peel with NO PAIN and no downtime. It safely & effectively removes dead skin cells while firming & plumping the skin. There is no damage to the skin and has no harsh chemicals, making it suitable for all ages and skin types. Amazing results against the effects of anti-aging, acne and pigmentation.

Skin needling 60 mins \$189

(also known as collagen induction therapy)

Do you want younger looking skin? Do you suffer from acne scarring? Then this treatment may be what you have been looking for! The objective of this treatment is to stimulate a natural reaction in your skin to produce it's own collagen & elastin. This treatment is incorporated in with the dermasound facial & is less intrusive than other resurfacing treatments but still delivers impressive results.

All skin treatments can be purchased as a package with our loyalty program-Prepay for any 5 of the same treatments & receive 6 treatments in total - see in studio for details.

We use and recommend
Dr Spiller Biomimetic Skin Care and Environ
