

• Easier • Faster • Safer

Get an immediate ROI with simultaneous improvement in both productivity and safety.

Rotatruck® vs. Handtruck

Leverage Plus™

The smaller Rotacaster wheel at the front gives the Rotatruck greater leverage than traditional 2-wheelers, making it easier to pull back, park, lever and balance loads.

More leverage, less effort

32% less pull-back effort

55% less general handling effort

Easier pull-back effort
& no need to park at waypoints.

Parking and pulling back loads at waypoints increases strain on musculoskeletal structure.

Hands Free Balance™

The Rotatruck's compact, multi-directional wheel base fully supports loads without operator input. No need to park or pull back loads as frequently.

Just push, don't carry

0kg load to carry

The Rotatruck carries the load, not the operator.

Constant operator input to maintain load balance exerting strain and effort.

Magic Step Up™

The fixed orientation of the Rotacaster wheel allows you to step and lever loads instead of turning and reversing (over obstacles), with 78% less effort and 63% faster.

Lever, don't lift

78% less lifting effort

63% faster negotiating kerbs

Up kerbs or over obstructions without reversing.

Maximum effort required to reverse and pull load up a kerb.

Bread Crate Rotatruck

The Bread Crate Rotatruck is the easiest, quickest and safest way to handle multiple bread crates. Designed specifically for bread crates it reduces bending and minimises the effort required to pick up, transport and release the load.

12 Bread Crate Rotatruck

15 Bread Crate Rotatruck

PRODUCT CODES: 11-23BC

Load Capacity: 230kg
Dimensions: 1670 (2007) x 550 x 850 mm (15 crates)
Weight: 20 (22)kg

COMPONENTS

- Extended double loop handle
- Extended high-stress frame
- R3 (triple) Rotacaster 125mm front wheels
- 250mm puncture proof rear wheels
- Aluminium Crate Nose
- Secure 2x2 crate latching system

Self-Supporting Wheel Base

Self-supporting **multi-directional** Rotatrucks are based on a **highly manoeuvrable** four wheeled base that increases productivity.

Cast Aluminium Nose

Extra large **510x385mm extruded aluminium nose** to secure and support the load.

Special Crate Hooks

Special crate latching system for maximum stability, load security and transportation speed.

Options for 12 or 15 Bread Crates

Extended handle option for loads up to 15 bread crates available.

Puncture Proof Rear Wheel

Puncture proof **Microcell foam rear wheels** navigate with ease through rough surfaces.

For all Australian Bread Crates

Bread Crate Rotatrucks are suitable for **all types of Australian bread crates.**
