

•Easier •Faster •Safer

Get an immediate ROI with simultaneous improvement in both productivity and safety.

Rotatruck® vs. Handtruck

Leverage Plus™

The smaller Rotacaster wheel at the front gives the Rotatruck greater leverage than traditional 2-wheelers, making it easier to pull back, park, lever and balance loads.

More leverage, less effort

32% less pull-back effort

55% less general handling effort

Easier pull-back effort
& no need to park at waypoints.

Parking and pulling back loads at waypoints increases strain on musculoskeletal structure.

Hands Free Balance™

The Rotatruck's compact, multi-directional wheel base fully supports loads without operator input. No need to park or pull back loads as frequently.

Just push, don't carry

0kg load to carry

The Rotatruck carries the load, not the operator.

Constant operator input to maintain load balance exerting strain and effort.

Magic Step Up™

The fixed orientation of the Rotacaster wheel allows you to step and lever loads instead of turning and reversing (over obstacles), with 78% less effort and 63% faster.

Lever, don't lift

78% less lifting effort

63% faster negotiating kerbs

Up kerbs or over obstructions without reversing.

Maximum effort required to reverse and pull load up a kerb.

Water Bottle Rotatruck™

The Water Bottle Rotatruck is the easiest, quickest and safest way to handle large and heavy water bottles or other items. Its ergonomic design minimises repetitive pull back and user effort and makes handling easier, quicker and safer.

Self-Supporting Wheel Base

Self-supporting **multi-directional** Rotatrucks are based on a **highly manoeuvrable** four wheeled base that increases productivity.

Different Tray Options

Different tray variations are available to carry **up to 6** water big dispenser **water bottles**

Rubber Stops

Rubber stops help **hold bottles in place** and are adjustable to accommodate various bottle sizes

Foldable Trays

All **trays** can be **folded up** for use as a standard Rotatruck and for taller loads.

Puncture Proof Rear Wheel

Puncture proof **Microcell foam rear wheels** navigate with ease through rough surfaces.

PRODUCT CODE:
11-8002 (for up to 5 bottles)
11-8001 (for up to 6 bottles)

- Load Capacity: 230kg
- Weight: 22kg

COMPONENTS

- extended aluminium hi-strength frame
- Double loop handle
- 2x 125mm R3 Rotacaster™ wheels front wheels
- 250mm puncture proof foam filled rear wheels
- 355x305mm cast magnesium nose
- 2x Triple (R3) 125mm Rotacaster front wheels
