

Triumph®

PAPER CUTTERS

"SCS" (Safety Cutting System) package: front safety light beams; transparent safety cover on rear table; main switch and safety lock with key; electronically controlled, true two-hand operation; 24 volt controls (low voltage); patented IDEAL safety drive; automatic blade return from every position; automatic clamp return from every position; disc brake for instant blade stop; blade and cutting stick can be changed without removing covers; blade changing device covers cutting edge of blade; blade depth adjustment from outside of machine | high storage capacity, programmable back gauge control module with 10 button keypad and LED display stores 99 programs (up to 99 steps each) and frequently used measurements | up to 9 repeat cuts can be integrated into a program in a single step | digital measurement readout in cm or inches (accurate to 1/10 mm or 1/100 inch) | control module features repeat cut, eject (with and without program mode), and memory functions as well as a delete and insert mode for modifying program steps | automatic measuring correction in case of back gauge displacement | "set" function key for reference measurement | self-diagnostic system with error indication on display | integrated calculator | push buttons for fast back gauge movement (forward and reverse) | electric blade and back gauge drive | HSS Solingen steel blade | precision swing-cut blade movement | solid steel blade carrier and adjustable blade guides | hydraulic clamp drive | clamp pressure is fully adjustable between 550 and 4,400 psi | false clamp and foot pedal for pre-clamping | spindle-guided back gauge with narrow separations and plastic gliders | electronic hand wheel with variable speed control for manual back gauge setting | bright, LED optical cutting line | durable stainless steel work surface, front and rear | air jets on front and rear tables allow easy movement of paper | all-metal construction | optional side tables with stainless steel surface extend work area

Dimensions (D x W x H): 59 1/2 x 51 3/8 x 52 1/2 inches (82 3/4 W with side tables), Shipping weight: 1,686 lbs. (1,772 with side tables).

The back gauge control module has a digital display and keypad for programming.

Optional side tables extend the working surface. Safety light beams are standard.

Air jets on front and rear tables allow easy movement of paper.

Cutting width	28"
Cutting height	3"
Narrow cut	3/4"*
Cutting length behind blade	28 7/8"
Table length in front of blade	20 7/8"
Motor	2 hp
Power supply	220 V, 3 phase
* 3 1/2" with false clamp
